Lost Trails Bonnie R. Paulson, 2025-08-01 She refuses to believe in love He s never wanted anything so bad Hannah can t believe she s lost so much in her short life First losing her parents then her sister in law who she was close to and then finally her brother broke any dreams Hannah had of ever finding happiness Watching as each member of the Montana Trails found happy ever after at first made her want to find it too She looked She tried But no matter what she did man after man passed her by over the years Maybe they sensed she didn t really believe in love No matter Hannah is convinced there s no one out there for her So she decides to make plans for her future that don t involve a man or anyone else Until Zander enters the picture What Hannah doesn t know is that Zander knows Nate the oldest Montana Trail cousin A regular at the local watering hold on the east side of Montana multiple drunken nights and an affinity for listening earned Zander the rare opportunity to hear about the Trails and the intrepid Hannah The stories of her persistence with regards to searching for Nate impressed Zander Tales of the large Montana Trails family warmed something inside his heart He knows Hannah and the family are meant to be his He has to take a chance to meet Nate s littlest sister A woman like that She is worth more than any ranch any land any gold He puts everything on the line to claim her even her trust Will he be able to win her heart Or will they continue to live life without any chance of finding what they re searching for Are they destined to be lost forever

Lost Trails, Lost Cities Colonel P. H. Fawcett, 2016-08-09 A chronicle of adventure and discovery in the green deadly world of the jungle This extraordinary first hand account of seven explorations into the heart of the lost world of the Amazon Basin and its mountain ramparts has been made available for publication after more than a quarter of a century s silence On his eighth and final expedition Colonel P H Fawcett vanished into the jungle wilderness to this day his fate is unknown Before he began his last trip he set down the story of the expeditions he had completed and his son Brian Fawcett here presents it together with a summary of the attempts to solve the mystery of his father s disappearance Colonel Fawcett was an explorer in the great tradition He believed that somewhere in the unmapped heart of South America were the ruins of cities whose discovery would confirm many Indian legends that had come down from the days of the conquistadores Trained in the exacting techniques of exploration survey he accepted an opportunity to determine the boundary line between Bolivia and Peru and in 1906 set out on the first of his expeditions It and the ones that followed over the next fifteen years have become classics of exploration Colonel Fawcett combined the discipline of a scientist engineer with the imaginative daring of a man not afraid to gamble his life on a bold conjecture In 1921 he set down the narrative of his first seven trips When he failed to return from the eighth publication was delayed until it became certain that he would never be able to complete his manuscript But the reader will find here a wholly engrossing story of a great search written with modesty and great skill the work of a brave and mature man who possessed both a purpose and a dream The result is a book which will remain a classic in its field

Montana Robbins, Chuck, 2014-05-12 Montana is one of the great birding states, from sandhill cranes to prairie chickens and sage grouse. From 100,000 snow geese at a time on Freezeout Lake to western bluebirds, glossy ibis, white-tailed kites, crested caracaras, Iceland gulls, Carolina wrens, curve-billed thrashers, and hundreds of other song birds, Montana is the best place for both great birding and wildlife viewing. Many of the birding hot spots also have a wide variety of wildlife, including elk, antelope, moose, and grizzly and black bears. Chuck Robbins has spent 20 years traveling the state birding and wildlife watching. Chuck has divided the state into six regions: Glacier Country, Southwest Montana, Central Montana, Yellowstone Country, Missouri River Country, and Southeast Montana. Chuck describes each of the birding locations, the key birds, the best seasons for birding, and the area description along with driving directions and GPS coordinates. There are six regional maps showing the birding locations in each region, along with over 70 maps of individual locations. More than 100 outstanding color photos of key birds are included. Montana is the fourth largest state with less than 1 million residents, offering great uncrowded birding opportunities. With two national parks, Glacier and Yellowstone, thirteen national wildlife refuges, hundreds of wildlife management areas, as well as state parks and 40 Montana Important Bird Areas (IBAs), Montana is a must place for incredible bird and wildlife watching.
