Luna Caliente:

Latin American Mystery Writers Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention The body of Latin American mystery writing is especially vast and diverse Because it is part of Latin American popular culture it also reflects many of the social and cultural concerns of that region This reference provides an overview of mystery fiction of Latin America While many of the authors profiled have received critical attention others have been relatively neglected Included are alphabetically arranged entries on 54 writers most of whom are from Argentina Mexico and Cuba Every effort has been made to include balanced coverage of the few female mystery writers Each entry is written by an expert contributor and includes a brief biography a critical discussion of the writer's works and primary and secondary bibliographies The volume closes with a general bibliography of anthologies and criticism

Argentina Noir Cynthia Schmidt-Cruz, 2019-02-14 An engaging and insightful guide to Argentine crime fiction since 2000 Argentina Noir offers a guide to Argentine crime fiction with a focus on works published since the year 2000 It argues that the novela negra or crime novel has become the favored genre for many writers to address the social malaise brought about by changes linked to globalization and market driven economic policies Cynthia Schmidt Cruz presents close readings and original interpretations of eleven novels all set in or around Buenos Aires and explores the ways these texts adapt major motifs figures and literary techniques in Hispanic crime fiction in order to give voice to wide ranging social critiques Schmidt Cruz addresses such topics as organized crime and institutional complicity corruption during the presidency of Carlos Menem 1989 1999 terrorist attacks on Jewish institutions in Buenos Aires and the mysterious death of Alberto Nisman and the winners and the losers of neoliberal structural changes With a solid underpinning in sociological studies and criticism of the genre and its historical context Argentina Noir reveals how these novels are renovating the genre to engage pressing issues confronting not only Argentina but also countries throughout Latin America and around the globe This is a very significant contribution to the field It is a full and illustrative as well as authoritative guide to crime fiction and the novela negra in Argentina in the twenty first century with a particular focus on the literature's social and political thematic Philip Swanson author of *The New Novel in Latin America Politics and Popular Culture after the Boom*

of invention and covers the advent of the postmodern generation of the 1990s in Brazil the Generation of the Crack in Mexico and the McOndo generation in other parts of Latin America An alphabetical guide offers biographies of authors coverage of major topics and brief introductions to individual novels It also addresses such areas as women s writing Afro Latin American writing and magic realism The guide s final section includes an annotated bibliography of introductory studies on the Latin American and Caribbean novel national literary traditions and the work of individual authors From early attempts to synthesize postcolonial concerns with modernist aesthetics to the current focus on urban violence and globalization The Columbia Guide to the Latin American Novel Since 1945 presents a comprehensive accessible portrait of a thoroughly diverse and complex branch of world literature

Contemporary Hispanic Crime Fiction G. Close, 2016-04-30 This study examines representations of the cityscape and of a so called new urban violence in both detective centered and detectiveless crime fiction produced in Spanish America and Spain during recent decades It documents the emergence and permutations of this production as an index not only of local perceptions of contemporary urban experience and of a contemporary urban ecology of fear but also as a transnational index of the globalization of literary forms and markets It centers on the inscription of urban space in novels set in the metropolitan centers of the Hispanic World Mexico City Bogota Buenos Aires and Barcelona

The Image of the River in Latin/o American Literature Jeanie Murphy, Elizabeth G. Rivero, 2017-12-20 Although fictional and often fantastic representations of nature have been a distinguishing feature of Latin American literature for centuries ecocriticism understood as the study of literature as it relates to depictions of the natural world environmental issues and the ways in which human beings interact and identify with their natural surroundings did not emerge as a field of scholarly interest in the region until the end of the twentieth century This volume employs an ecocritical lens in order to explore and question the use of the river imagery in Latino and Latin American literature from the colonial period to our modern world creating a space in which to examine both its literal and figurative meanings associated as much with processes of a personal nature as with those of the collective experience in the region The slow meandering streams of nostalgia the raging currents of conflict or the stagnant waters of social decay are just a few of the ways in which the river has become an important symbol and inspiration to many of the region s writers This book offers a diverse collection of writings that through a trans historical and trans geographical perspective allows us from the vantage point of the twenty first century to reflect on the rich and dynamic image of the river and by extension on the vital context of Latin o America its people and societies

Ecological Crisis and Cultural Representation in Latin America Mark Anderson, Zélia M. Bora, 2016-10-04 Worldwide environmental crisis has become increasingly visible over the last few decades as the full scope of anthropogenic climate change manifests itself and large scale natural resource extraction has expanded into formerly remote areas that seemed beyond the reach of industrialization Scientists and popular culture alike have turned to the term Anthropocene to capture the global scale of environmental and even geological transformations that humans have carried out

over the last two centuries The chapters in Ecological Crisis and Cultural Representation in Latin America examine the dynamics and interplay between local cultures and the expansion of global capitalism in Latin America emphasizing the role of art in bearing witness to and generating awareness of environmental and social crises but also its possibilities for formulating solutions They take particular care to draw out the ways in which local environmental crises in Latin American nations are witnessed and imagined as part of a global system focusing on the problems of time scale and complexity as key terms in conceiving the dimensions of crisis At the same time they question the notion of the Anthropocene as a species wide human historical project making visible the colonality of natural resource extraction in Latin America and its dire effects for local people cultures and environments Taking an ecocritical approach to Latin American cultural production including literature film performance and digital artwork the chapters in this volume develop a notion of ecological crisis that captures not only its documentary sense in the representation of environmental destruction the degradation of the oikos but also the crisis in the modern worldview logos that the acknowledgment of crisis provokes In this sense crisis is also the promise of a turning point of the possibilities for change Latin American representations of ecological crisis thus create the conditions for projects that decolonize environments developing new sustainable ways of conceiving of and relating to our world or returning to old ones

Landmarks in Modern Latin American Fiction (Routledge Revivals)

Philip Swanson, 2015-08-11 In the 1960s there occurred amongst Latin American writers a sudden explosion of literary activity known as the Boom It marked an increase in the production and availability of innovative and experimental novels But the Boom of the 1960s should not be taken as the only flowering of Latin American fiction for such novels dubbed new novels were being written in the 1940s and 1950s as well as in the 1970s and 1980s In this edited collection first published in 1990 Philip Swanson charts the development of Latin American fiction throughout the twentieth century He assesses the impact of the new novel on Latin American literature and follows its growth Nine key texts are analysed by contributors including works by the big four of the Boom Fuentes Cort zar Garcia M rquez and Vargas Llosa This book will be of interest to critics and teachers of Latin American literature and will be useful too as supplementary reading for students of Spanish and Hispanic Studies It will also serve as a helpful introduction to those new to Latin American fiction

Destape Natalia Milanesio, 2019-10-01 Under dictatorship in Argentina sex and sexuality were regulated to the point where sex education explicit images and even suggestive material were prohibited With the return to democracy in 1983 Argentines experienced new freedoms including sexual freedoms The explosion of the availability and ubiquity of sexual material became known as the destape and it uncovered sexuality in provocative ways This was a mass media phenomenon but it went beyond this It was in effect a deeper process of change in sexual ideologies and practices By exploring the boom of sex therapy and sexology the fight for the implementation of sex education in schools the expansion of family planning services and of organizations dedicated to sexual health care and the centrality of discussions on sexuality in feminist and gay organizations Milanesio shows that the destape was a profound transformation of the way Argentines talked understood and experienced sexuality a change in manners morals and personal freedoms
