Vincenzo Scamozzi

Luoghi E Architetture Perdute:

Luoghi e architetture perdute Cesare De Seta,1986 *Architettura e città durante il fascismo* Giuseppe Pagano,2008

Il senso dei luoghi Vito Teti,2023-01-30T00:00:00+01:00 Contro ogni apparenza i luoghi abbandonati non muoiono mai Si solidificano nella dimensione della memoria di coloro che vi abitavano fino a costituire un irriducibile elemento di identità Vivono di una loro fisicità di una loro corporosa e materiale consistenza Si alimentano di uno spessore doppio e riflesso Pretendono non la fissità ma al contrario il movimento il percorso fisico e mentale di una loro continua riconquista In questo libro scritto con la sapienza fine e distillata dell'antropologo con la tenacia del testimone e con la passione dello scrittore Vito Teti porta ad evidenza e ricompone per intero tutti i suoi percorsi di vita L'oggetto ma sarebbe più proprio dire il soggetto sono i paesi abbandonati di Calabria ripercorsi col passo lento e misurato della riappropriazione in ogni loro più densa e nascosta sfumatura case capanne e grotte alberi sabbie e pietre acqua nuvole e vento Ma si sbaglierebbe a chiudere questo libro entro una dimensione angustamente geografica I paesi abbandonati osserva Predrag Matvejevi nella postfazione a questo volume diventato di culto e giunto alla sua quarta edizione sono un luogo assai più vasto della regione a cui questo libro dedicato Sono il luogo di una poetica una poetica dell'abbandono e della riappropriazione che ha l'effetto di una potente memoria di ogni luogo comune Vige a proposito dei paesi abbandonati uno strano sentimento superficiale e compassionevole Questi luoghi si pensa in genere non hanno senso non hanno più senso se mai ne hanno avuto uno E invece c'è un senso in questi luoghi Un senso per sentirli Un senso per capirli Un senso per percorrerli che quello doppio del partire e del tornare

Who's who in Italy ,1988 **Tendenze nell'architettura degli anni '90** Mario Pisani,1989 **La Città Altra.**

Storia E Immagine Della Diversità Urbana: Luoghi E Paesaggi Dei Privilegi E Del Benessere, Dell'isolamento, Del Disagio, Della Multiculturalità. Ediz. Italiana E Inglese Francesca Capano,Maria Ines Pascariello,Massimo

Visone,2018-10 This volume proposes a rich corpus of papers about the Other City a subject only few times dealt with but worthy of all our attention it imposes itself on the scene of international modern and contemporary historiography for its undeniable topicality Throughout history the city has always had to deal with social otherness i.e. with class privileges and consequently with discrimination and marginalization of minorities of the less well off of foreigners in short with the differences in status culture religion So that the urban fabric has ended up structuring itself also in function of those inequalities as well as of the strategic places for the exercise of power of the political military or social control of the spaces for imprisonment for the sanitary isolation or for the temporary remedy to the catastrophes From the first portraits of cities made and diffused at the beginning of the fifteenth century for political exaltation purposes or for religious propaganda and for devotional purposes which often through increasingly refined graphic techniques distort or even deny the true urban image we reach at the dawn of contemporary history the new meaning given by scientific topography and new methods of representation these latter aimed at revealing the structure and the urban landscape in their objectivity often unexpected for

who had known the city through the filter of regime iconography The representation of the urban image still shows the contradictions of a community that sometimes includes and even exalts the diversities other times rejects them showing the unease of a difficult integration *Paesaggio* Guido Ferrara, Giulio G. Rizzo, Mariella Zoppi, 2007 Una raccolta di saggi come questa vuole essere soprattutto la testimonianza di un percorso disciplinare un cammino simile peraltro a quello compiuto in altre università italiane e tuttavia unico nella sua evoluzione e particolare come ogni esperienza lo Dieci anni di lavoro scientifico e didattico sul paesaggio meritavano una riflessione e noi l'abbiamo fatta nell'unico modo che conosciamo scrivendo Non c'è dunque né potrebbe esserci nessuna volontà celebrativa solo un modo fra i tanti di compiere una sorta di autoanalisi di comprendere più approfonditamente noi stessi e di far meglio conoscere agli altri la nostra vicenda quello che abbiamo prodotto come l'abbiamo fatto e quali risultati sono stati conseguiti al fine di poterlo confrontare e mettere a disposizione di quanti si occupano della stessa area disciplinare o di problematiche ad essa vicine **Gli archivi di architettura nel XXI secolo. I luoghi delle idee e delle testimonianze** Laura Farroni, Marta Faienza, 2024-06-12 Avviare una conoscenza approfondita del complesso mondo degli archivi di architettura delle loro declinazioni e del loro ruolo culturale lo scopo della raccolta dei saggi contenuti nel volume Esito di due seminari Gli archivi di architettura nel XXI secolo I luoghi delle idee e delle testimonianze che si sono svolti tra maggio e giugno 2021 e febbraio e giugno 2022 presso l'Università degli Studi Roma Tre Dipartimento di Architettura a cura di L. Farroni M. Beccu e M. Faienza ma ampliato nei testi e arricchito da ulteriori interventi il volume permette di comprendere quali siano alcune delle maggiori istituzioni dedicate alla conservazione e alla catalogazione dei progetti di architettura ed affronta diverse tematiche dal punto di vista degli archivisti e da quello degli architetti Inoltre approfondisce con struttura rigorosamente scientifica esperienze specifiche sperimentazioni d'uso di tecnologie digitali ricerche su singoli architetti ed il patrimonio culturale grafico a volte conservato in luoghi diversi Il quadro che emerge la rete esistente tra diversi fondi lo stato della loro digitalizzazione l'interpretazione e descrizione del patrimonio grafico e le forme possibili di comunicazione Il volume si offre come un primo prodotto di una ricerca volta a delineare uno stato dell'arte del lavoro svolto per gli archivi e negli archivi a sottolineare l'importanza della memoria conservata per la conoscenza delle vicende relative alla trasformazione delle culture del territorio e del costruito Dovrebbe inoltre far emergere la vastità delle risorse esistenti delle catalogazioni possibili e della ricchezza e potenzialità contenute nelle raccolte documentarie DOI 10.13134/979.12.5977.319.7 *Bibliographic Guide to Art and Architecture* New York Public Library. Art and Architecture Division, 1975 **L'idea dell'architettura universale** Vincenzo Scamozzi, 1838
