The Decisive Network Nadya Bair, 2020-07-07 Since its founding in 1947 the legendary Magnum Photos agency has been telling its own story about photographers who were witnesses to history and artists on the hunt for decisive moments Based on unprecedented archival research The Decisive Network unravels Magnum's mythologies to offer a new history of what it meant to shoot edit and sell news images after World War II Nadya Bair shows that between the 1940s and 1960s Magnum expanded the human interest story to global dimensions while bringing the aesthetic of news pictures into new markets Working with a vast range of editorial and corporate clients Magnum made photojournalism integral to postwar visual culture But its photographers could not have done this alone By unpacking the collaborative nature of photojournalism this book shows how picture editors sales agents spouses and publishers helped Magnum photographers succeed in their assignments and achieve fame Bair concludes in the late 1960s and early 1970s when changing market conditions led Magnum to consolidate its brand In that moment Magnum's photojournalists became artists and their assignments oeuvres Bridging art history media studies cultural history and the history of communication The Decisive Network transforms our understanding of the photographic profession and the global circulation of images in the predigital world Books for College Libraries Melvin John Voigt, Joseph H. **Acting Out** John Rohrbach, 2020-06-30 Cabinet cards were America's main format for photographic portraiture throughout the last quarter of the nineteenth century. Standardized at 6 x 4 inches, they were just large enough to reveal extensive detail, leading to the incorporation of elaborate poses, backdrops, and props. Inexpensive and sold by the dozen, they transformed getting one's portrait made from a formal event taken up once or twice in a lifetime into a commonplace practice shared with friends. The cards reinforced middle-class Americans' sense of family. They allowed people to show off their material achievements and comforts, and the best cards projected an informal immediacy that encouraged viewers to feel emotionally connected with those portrayed. The experience even led sitters to act out before the camera. By making photographs an easygoing fact of life, the cards forecast the snapshot and today's ubiquitous photo sharing. Organized by senior curator John Rohrbach, *Acting Out* is the first ever in-depth examination of the cabinet card phenomena. Full-color plates include over 100 cards at full size, providing a highly entertaining collection of these early versions of the selfie and ultimately demonstrating how cabinet cards made photography modern. Published in association with the Amon Carter Museum of American Art. Tentative exhibition dates postponed due to COVID-19. Amon Carter Museum of American Art, August 2020. Los Angeles County Museum of Art, LACMA, 2021.

Ken Koltun-Fromm traces how American Jewish thinkers capture Jewish authenticity and lingering fears of inauthenticity in and through visual discourse and opens up the subtle connections between visual expectations, cultural knowledge, racial belonging, embodied identity, and the ways images and texts work together.
