Cuban Communism/8th Editi Irving Louis Horowitz, 1995-01-01 Forty six essays presented by avowedly anti Castro editors and gathered mostly from US journals and books of the past couple decades are organized into five sections devoted to the history economy society military and polity of Cuba Some of the specific topics treated include Cuban and Soviet relations

decentralization local government and participation economic policies and strategies for the 1990s the politics of sports political and military relations and forecasting institutional changes after Castro In addition two appendices present a chronology of the Cuban revolution from 1959 to 1998 and biographical essays on 19 revolutionary leaders Annotation copyrighted by Book News Inc Portland OR      **José Lezama Lima's Joyful Vision** Gustavo Pellón, 2014-08-27 Cuba s Jos Lezama Lima became the most controversial figure in the flowering of the Latin American novel with the 1966 publication of *Paradiso* Hailed as a seminal writer of breathtaking originality by Julio Cortázar Octavio Paz and Mario Vargas Llosa Lezama was also attacked by the Castro regime and others for his stylistic obscurity erotic descriptions and violation of literary norms Indeed his experimental fiction written on the very boundaries of the novelistic genre resists classification Jos Lezama Lima s *Joyful Vision* a much needed critical study of *Paradiso* Oppiano Licario and Lezama s essays is thus an exploration in reading one that highlights and preserves the essential and persistent contradictions in Lezama s theory and practice of literature Gustavo Pellón focuses his study on Lezama s search for equilibrium clarifying such oppositions in Lezama s writings as the mystical quest for illumination through obscurity the calculated cultivation of naïveté the Proust like fascination with yet ultimate condemnation of homosexuality and a modernist even postmodernist narrative style that conveys a mystical essentially medieval worldview Above all Pellón shares his wonder at Lezama who in an age of pessimism maintained his joyful vision of art and existence      Major 20th-century Writers Bryan Ryan, 1991 VOL 1 A D VOL 2 E K VOL 3 L Q VOL 4 R Z INDEXES      Cuban Communism Irving Louis Horowitz, Forty six essays presented by avowedly anti Castro editors and gathered mostly from US journals and books of the past couple decades are organized into five sections devoted to the history economy society military and polity of Cuba Some of the specific topics treated include Cuban and Soviet relations decentralization local government and participation economic policies and strategies for the 1990s the politics of sports political and military relations and forecasting institutional changes after Castro In addition two appendices present a chronology of the Cuban revolution from 1959 to 1998 and biographical essays on 19 revolutionary leaders Annotation copyrighted by Book News Inc Portland OR      **Readers and Writers in Cuba** Pamela María Smorkaloff, 1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informal company      The Great Latin American Novel Carlos Fuentes, 2016-11-09 One of the late Carlos Fuentes s final projects this compendium of his criticism traces the evolution of the Latin American novel from the discovery of America to the present day Combining historical perspective with personal and often opinionated interpretation Fuentes gives us a tour from Machado de Assis to Borges and beyond A landmark analysis as well as a scintillating and often wry commentary on a great author s peers and influences this book is as much a contribution to Latin American literature as it is a chronicle of that literature s greatest achievements      Island People Joshua Jelly-Schapiro, 2016-11-22 A masterwork of travel literature and of history voyaging from Cuba to Jamaica Puerto Rico to Trinidad Haiti to Barbados and islands in between Joshua Jelly Schapiro offers a kaleidoscopic portrait of each society its

culture and politics connecting this region's common heritage to its fierce grip on the world's imagination. From the moment Columbus gazed out from the Santa Mar's deck in 1492 at what he mistook for an island off Asia, the Caribbean has been subjected to the misunderstandings and fantasies of outsiders. Running roughshod over the place they have viewed these islands and their inhabitants as exotic allure to be consumed or conquered. The Caribbean stood at the center of the transatlantic slave trade for more than three hundred years with societies shaped by mass migrations and forced labor. But its people, scattered across a vast archipelago and separated by the languages of their colonizers, have nonetheless together helped make the modern world its politics, religion, economics, music, and culture. Jelly Schapiro gives a sweeping account of how these islands' inhabitants have searched and fought for better lives. With wit and erudition, he chronicles this place where globalization began and introduces us to its forty million people who continue to decisively shape our world.

**Magic Realism, World Cinema, and the Avant-Garde** Felicity Gee, 2021-04-19. This book follows the hybrid and contradictory history of magic realism through the writings of three key figures: art historian Franz Roh, novelist Alejo Carpentier, and cultural critic Fredric Jameson, drawing links between their political, aesthetic, and philosophical ideas on art's relationship to reality. Magic realism is vast in scope, spanning almost a century and is often confused with neighbouring styles of literature or art, most notably surrealism. The fascinating conditions of modernist Europe are complex and contradictory, a spirit that magic realism has taken on as it travels far and wide. The filmmakers and writers in this book acknowledge the importance of feeling, atmosphere, and mood to subtly provoke and resist global capitalism. There is the history of magic realist cinema. The book explores this history through the modernist avant-garde in search of a new theory of cinematic magic realism. It uncovers a resistant geopolitical form of world cinema, moving from Europe through Latin America and the former Soviet Union to Thailand, that emerges from these ideas. This book is invaluable to any reader interested in world modernism's relation to contemporary cinema and geopolitics. Its sustained analysis of film as a sensory, intermedial medium is of interest to scholars working across the visual arts, literature, critical theory, and film philosophy.

**Encyclopedia of World Writers, 1800 to the Present** Marie Diamond,2020-07-01 In recent years schools have started introducing more inclusive syllabi emphasizing the works and ideas of previously overlooked or underrepresented writers Readers of all ages can now explore the rich contributions of writers from around the world These writers have various backgrounds and unlike most writers from the U S or the United Kingdom information on them in English can be difficult to find Encyclopedia of World Writers 1800 to the Present covers the most important writers outside of the U S Britain and Ireland since 1800 More than 330 insightful A to Z entries profile novelists poets dramatists and short story writers whose works are anthologized in textbooks or assigned in high school English classes Entries range in length from 200 to 1 000 words each and include a biographical sketch synopses of major works and a brief bibliography Dozens of entries are new to this edition and many existing entries have been updated and significantly expanded with new Critical Analysis sections Coverage includes Chinua Achebe Margaret Atwood Roberto Bola o Albert Camus Khalid Hosseini Victor Hugo Mohammad Iqbal Franz Kafka Stieg Larsson Mario Vargas Llosa Naghib Mahfouz Gabriel Garc a M rquez Kenzaburo Oe Marcel Proust Leo Tolstoy Emile Zola and more Cuba: From Railroad to Riches Pasquale De Marco,2025-04-16 Cuba From Railroad to Riches takes readers on a comprehensive journey through the history of Cuban railroads from their humble beginnings in the mid 19th century to their current state of modernization and expansion This book explores the impact of railroads on Cuban society economy and environment and examines the challenges and opportunities facing Cuban railroads in the 21st century Cuba s railroad history is closely intertwined with the island s sugar industry In the 19th century sugar was Cuba s most important export crop and railroads were essential for transporting sugar from plantations to ports The construction of railroads also helped to open up new areas of Cuba for agriculture leading to a boom in the sugar industry and a corresponding increase in railroad traffic Railroads also played a significant role in Cuba s struggle for independence from Spain During the Cuban War of Independence 1895 1898 Cuban rebels used railroads to transport troops and supplies and to disrupt Spanish military operations The war ultimately led to Cuba s independence in 1898 and the new Cuban government made railroads a top priority In the early 20th century Cuba experienced a period of rapid economic growth and railroad expansion New railroads were built to connect major cities and towns and the existing rail network was upgraded with modern locomotives and rolling stock Railroads also played a key role in the development of Cuba s tourist industry as they made it easier for visitors to travel to the island s many attractions However the Cuban Revolution of 1959 brought an end to the island s economic prosperity and railroad expansion The new Cuban government nationalized the railroads and began to focus on developing other forms of transportation such as roads and highways As a result the Cuban railroad network fell

into disrepair and by the end of the 20th century many lines were closed or abandoned Today Cuba is experiencing a revival of its railroad system The government has committed to investing in rail infrastructure and new lines are being built to connect major cities and towns The government is also working to modernize the existing rail network and to introduce new technologies such as high speed rail If you like this book write a review on google books

**Readers and Writers in Cuba** Pamela Maria Smorkaloff,2021-04-14 This study examines the evolution of Cuban literature and culture from its origins in the 19th century to the present The early sections analyze the relationship between literary production and universities the printing press the abolitionist movement and the exile community from 1810 through the post war years Subsequent sections trace literary life from the 1920s to 1958 focusing on the links between writers readers and the institutions that supported literary endeavors in the Cuban Republic The remaining chapters address Cuban literary culture from 1959 through the 1990s This first thorough study of Cuban print culture after the 1959 revolution fills a large gap in Latin American studies with original research in archives and journals Analysis of the relationship between literature and contemporary Cuban society is grounded in the earliest Cuban vernacular literature born in the Spanish colony and redefined in the process of nation building in the first half of the 20th century The book also surveys Cuban literary production in the current period of transition confronting issues of globalization fragmentation and Cuba s adjustment to a post Cold War world

*Archival Dissonance in the U.S. Cuban Post-Exile Novel* Gregory Helmick,2016-01-14 *Archival Dissonance in the U S Cuban Post Exile Novel* documents a body of emergent US Cuban literature published in Spanish and English beyond the scope and historicity of exile Focusing on the work of Roberto G Fern ndez Ana Men ndez and Antonio Ben tez Rojo the book proposes that rather than reinforce US Cuban exile ethnic identity developed between 1960 and the 1980s or demonstrate a tendency toward cultural assimilation Americanization over three generations of writers the discussed historical novels incorporate Caribbean and Latin American archival sources and interpretive frameworks in order to develop a critical and investigative approach to the politics of Cuban exile historiography Published before the recent apertura between the US and Cuban governments these post exile novels anticipate themes of displacement migration and social marginalization as common rather than exceptional features of modern and historical life as well as such other current and historical topics as gender construction and performance figurations of race the commoditization of culture and urban poverty The post exile historical novel points to a future for US Cuban narrative and historiography in part by investigating and featuring dissonances hidden or unacknowledged in previous Cuban exile historical fiction The literature studied in this book further reinforces a view of two way migration between Cuba and the United States as a normal phenomenon predating 1959 and at the same time as a likely shape of things to come
