

An abstract painting with a dominant red color palette. The composition features broad, expressive brushstrokes in shades of red, orange, and yellow, creating a sense of movement and depth. A dark, almost black, horizontal band runs across the middle, providing a stark contrast to the vibrant colors above and below it. The overall effect is one of dynamic energy and emotional intensity.

Major Modern Essayists:

Major Modern Essayists Gilbert H. Muller, Alan F. Crooks, 1994 One Hundred Major Modern Writers Robert Atwan, William Vesterman, 1984 *Creative in Struggle* Twilla R. Welch, 2007-09 *Creative in Struggle* is the true and frank account of the author's experience of teaching Karen students in a refugee camp on the Thai Burma border. It presents actual events but does not reduce them down to a mere chronology. Instead it charts a challenging reflection on the frailties of being a helper, the weaknesses of being a Westerner, and a realization of the lived meaning of spiritual freedom even when they are painful to admit. Interspersed between the author's chapters are essays written by the students themselves. The essays tell their stories in their words of what it means to be an oppressed and targeted, tortured and hunted, silenced and displaced person. Although the story is an intensely personal one, through the articulation of the inner psyche, the reader is moved from a safe and distant place of the observer into one which at times feels incredibly close, utterly naked and frighteningly vulnerable. The reader is compelled to consider the implications of freedom of oppression and of personal responsibility. *Creative in Struggle* brings to the forefront of our minds and to the center of our hearts one unavoidable and self-evident truth: that their freedom and ours are indeed inextricably linked. The Essays Rudolfo Anaya, 2015-11-24 Fifty-two essays exploring identity, literature, immigration, and politics by the American Book Award winner, one of the godfathers of Chicano literature. Best known for his novel *Bless Me Ultima*, which established him as one of the founders of Chicano literature, Rudolfo Anaya displays his gift for storytelling and deep connection to the land and its history in *The Essays*. These intimate and contemplative essays explore censorship, immigration, urban development, the Southwest as a region, and personal identity. In *Aztlán: A Homeland Without Boundaries*, he discusses the reimagining of the modern Chicano community through ancient myth and legend. In *The Spirit of Place*, he explores the historical connection between literature and the earth. Some essays are autobiographical, some argumentative, all are passionate and a must-read for Anaya fans and readers who crave a view of contemporary America through fresh eyes. **The Essay in American Literature** Adaline May Conway, 1914

George Orwell the Essayist Peter Marks, 2015-04-03 George Orwell is acclaimed as one of English literature's great essayists. Yet while many are considered classics, as a body of work, his essays have been neglected. Peter Marks provides the first sustained study of Orwell the essayist, giving these compelling pieces the critical attention they merit. Orwell employed the essay as a tool to entertain, illuminate, and provoke readers across an array of topics. Marks situates the essays in their original contexts, exploring how journals influenced the type of essay Orwell wrote. Acknowledging this periodical culture helps explain the tactics Orwell employed, the topics he chose, and the audiences he addressed. Orwell's first and last published works were essays providing evidence of the development of his cultural and political views over two decades. Essays helped him fashion his distinctive literary voice, and Mark traces how their afterlife contributes to Orwell's posthumous reputation. Arguing the essays are central to Orwell's enduring literary, political, and cultural value, Marks shows

how we understand the complexities subtleties and contradictions of Orwell better when we understand his essays De versu heroico Statiano ad Vergilianum relato, dissertatio quam ... Edoardo San Giovanni,1914

classical conception of higher education with imperious demands for relevance and ideological correctness Since then campus unrest on the part of students has given way to a radicalized faculty characterized by contempt for high culture fetishization of pop culture and increasing absorption by feminism and identity politics While this development has not gone unchallenged most have dismissed opponents of traditional scholarship as intellectual nihilists and anarchists In contrast Eugene Goodheart's *Culture and the Radical Conscience* recognizes the moral and cultural roots of radical and utopian tradition while deploring its tendency toward intolerance and narrowness Goodheart defends the study of serious literature for its interplay of aesthetic response alertness to political theme and historical awareness Eugene Goodheart is Edytha Macy Gross Professor of Humanities at Brandeis University His books include *Modernism and the Critical Spirit* available from Transaction *The Skeptic Disposition Desire and Its Discontents* *The Reign of Ideology* and *Does Literary Studies Have a Future*
