Wilford, 2012-11-19 In an era where church attendance has reached an all time low recent polling has shown that Americans are becoming less formally religious and more promiscuous in their religious commitments Within both mainline and evangelical Christianity in America it is common to hear of secularizing pressures and increasing competition from nonreligious sources Yet there is a kind of religious institution that has enjoyed great popularity over the past thirty years the evangelical megachurch Evangelical megachurches not only continue to grow in number but also in cultural political and economic influence To appreciate their appeal is to understand not only how they are innovating but more crucially where their innovation is taking place In this groundbreaking and interdisciplinary study Justin G Wilford argues that the success of the megachurch is hinged upon its use of space its location on the postsuburban fringe of large cities its fragmented dispersed structure and its focus on individualized spaces of intimacy such as small group meetings in homes which help to interpret suburban life as religiously meaningful and create a sense of belonging Based on original fieldwork at Rick Warren s Saddleback Church one of the largest and most influential megachurches in America Sacred Subdivisions explains how evangelical megachurches thrive by transforming mundane secular spaces into arenas of religious significance      *Repairing*

*the Missional Breach* Kevin Blackwell, 2024-04-02 Making disciples is the primary calling of the church however in the past decades of American evangelicalism there has been a breach of Christ's Great Commission as found in Matt 28:19-20 Much of this failure can be attributed to the doctrine and practice within three modern church movements The book offers a history and critique of modern American evangelical church movements including the Church Growth Emergent Church and Missional Church movements Each of these movements did not result in disciple making multiplication In this book you will find an analysis of disciple making in these movements as compared to the methods and model of Jesus Informed by these critiques formative ministry adjustments are presented as a faithful path for future missional approaches **Preaching to a Postmodern World** Graham M. Johnston, 2001-07-01 While growing churches dot our urban centers and country landscapes church goers and students today are actually less likely to maintain a Christian worldview than in the past In fact the majority of society does not even believe in objective truth A minister out of touch with this culture is like an uninformed missionary trying to teach in a foreign country To communicate God's Word effectively in the twenty first century teachers need to know how to connect with and confront an audience of postmodern listeners In *Preaching to a Postmodern World* Johnston shows pastors seminary students professors lay teachers and church leaders can reach the present age without selling out to it The book discusses how to distinguish between modernism and postmodernism understand postmodern worldviews change the style of preaching without compromising the substance take advantage of new opportunities provided by the cultural shift show an inattentive society the relevance of God's truth The author's keen insights into contemporary pop and media culture also help equip speakers to address today's listeners with clarity and relevance [The Great Commission The Solution . . . \(Study Guide\)](#) Raymond F. Culpepper, 2009 [Making Disciples in a World Parish](#) Paul W. Chilcote, 2011-04-01 In this collection of inspirational and challenging essays Methodists from around the globe reflect on the practice of disciple making in their own contexts From their own perspectives they address questions like What are the challenges you face What biblical images shape your missional practice What examples of Christian authenticity inspire your communities What gifts related to mission and evangelism do you offer the global community of faith Churches on every continent have their own stories of struggle and faithfulness Indeed each distinct community within any given region has a voice of its own that deserves to be heard The voices included in this volume belong to women and men alike Likewise they resound with the accents of Africa and Asia Latin and North America Europe and Oceania Each voice is distinct but all articulate a vision of faith made effective through love In a world characterized variously by poverty and violence as well as prosperity and peace the church must reclaim its central mission to make disciples of Jesus Christ In their effort to articulate a vision of mission and evangelism the contributors to this volume bear witness to the fact that we can no longer do this work in isolation from one another To be the ambassadors of the gospel we need each other and we need to pay attention to the voices that sound different from our own This volume takes a large step in that vital direction **A Strategy For Reaching**

**Reaching People Under 40 while Keeping People over 60** Edward H Hammett, 2007-02-01 Many established churches are facing a number of challenges in today s increasingly secular culture Such a shift in many communities creates a challenge of church growth and church health when it seems that satisfying the needs of one group creates barriers to reaching another group So many are asking How do you keep people over sixty years of age who often hold church culture values while at the same time reach people under forty who often hold postmodern values If a church is interested in growing this situation becomes a major challenge Reaching People under 40 while Keeping People over 60 looks at the church as it seeks to function in a new world It looks at the differences in the generations and at postmodernism not just a generational difference but a global change Most importantly Reaching People under 40 while Keeping People over 60 looks at what a church can do in this new age to help the church survive and thrive Foreword by Bill Easum A TCP Leadership Series title

**Fresh Takes on the Big**

Questions James Ferguson, 2024-09-12 This book takes a fresh look at a wide range of life's big questions and provides a resource as readers search for answers individually or together in group discussion. The goal is to explore how Christian faith relates to aspects of modern science, the problems of suffering and evil, and issues such as gender and sexuality, war and peacemaking, immigration, artificial intelligence, and life after death. It also considers historical evidence for the resurrection of Jesus and the biblical promises of a time when God will restore and renew the world and all that lives within it.

**Herding Cats** Rusty George, Jeff Krajewski, 2001      *The Great Commission Connection* Raymond F. Culpepper, Editor, 2011      *American Book Publishing Record*, 2005      **CULTURE SHIFT** Gary Nicolosi, 2024-11-14 These are difficult times for churches. Less than half the population in the United States and Canada are now members of any church, and the percentage of people who call themselves Christian or even believe in God is rapidly declining. And yet churches still have the potential to grow into vibrant life-giving communities that engage the culture, attract new members, do good works, and share the good news of God's amazing love in Jesus. **CULTURE SHIFT** surveys the history of a changing culture to explain the conditions which the Church confronts and the challenges it must address. It details three major culture shifts that are impacting the church and then offers a framework for an effective missional response. The heart of the book consists of seven workshops that will be especially helpful to vestries, parish councils, evangelism, and church growth committees, or even in a parish forum. Any of the workshops may be used without copyright permission. These workshops include: Ministry in an Emerging World, Building a Missionally Effective Church, Change and Paradigms, Marketing the Church, Worship Planning, Building a Better Stewardship Campaign, Diagnostic Tools for Strategic Ministry Planning. With his extensive experience in ministering to urban, suburban, and rural churches, large and small, Gary Nicolosi is convinced any church can grow if the leadership and members desire to grow and are willing to pay the price.
