The Wives of Western Philosophy Jennifer Forestal, Menaka Philips, 2020-12-16 The Wives of Western Philosophy

Tradition, Interpretation, and Science John S. Nelson, 1986-12-15 This book reassesses the academic field of political theory and brings into sharp relief its problems and opportunities Here for the first time diverse theorists coordinate their arguments through a common focus This focus is the writing of John G. Gunnell Gunnell attacks a set of myths said to plague almost every recent theory about politics the myth of the given the myth of science myths of theory the myth of tradition and the myth of the political He argues that these all alienate political theory from substantive inquiry and actual practice Contributors include Richard E. Flathman Russell L. Hanson George Kateb Paul F. Kress J. Donald Moon John S. Nelson J. G. A. Pocock Herbert G. Reid Ira L. Strauber Nathan Tarcov and Sheldon S. Wolin They respond on behalf of projects in the new history of political theory epic theory phenomenology traditional theory and political deconstruction These discussions also address the theories of Hans-Georg Gadamer Jürgen Habermas Karl Marx Leo Strauss Alain Touraine and Ludwig Wittgenstein At the conclusion of the volume Gunnell reconsiders his arguments in light of the respondent's remarks His challenges thus provide a series of confrontations both exciting and provocative among major theorists The result is a

lively debate about what political theory is how it relates to political history and practice and how it involves epistemology The authors probe a broad range of questions about practices of politics and traditions of discourse and they identify priorities for the future of the field *The Journal of Education* Thomas Williams Bicknell, Albert Edward Winship, Anson Wood Belding, 1929 **Library of Congress Information Bulletin**, 1996 [Exploring Cultural Landscape of India: Text and Context](#) Kamalpreet Kaur, Meenu Aggarwal Gupta, 2025-05-15 A thought provoking collection that delves into the multifaceted dimensions of Indian culture history and identity offering rich academic insights into both historical and contemporary issues From the study of Rasa in the intricate beauty of Krishna paintings to the evolving concept of nationalism in the works of Rabindranath Tagore and the complexities of translation in medical research each chapter is a journey into the cultural fabric of India With a focus on both the past and the present this volume invites readers to reconsider the cultural and intellectual legacy of India and the shifting perspectives on its place in the world This book is ideal for scholars history enthusiasts and anyone curious about the intricate threads that weave together the rich tapestry of Indian identity **Collected Works (12+ illustrated edition) of Karl Marx: Capital, The Communist Manifesto, Critique of Hegel's Philosophy of Right** Karl Marx, 2021-01-08 Karl Heinrich Marx was a German philosopher economist historian sociologist political theorist journalist and socialist revolutionary It is hard to think of many who have had as much influence in the creation of the modern world In addition to his overtly philosophical early work his later writings have many points of contact with contemporary philosophical debates especially in the philosophy of history and the social sciences and in moral and political philosophy Historical materialism Marx's theory of history is centered around the idea that forms of society rise and fall as they further and then impede the development of human productive power Marx's economic analysis of capitalism is based on his version of the labour theory of value and includes the analysis of capitalist profit as the extraction of surplus value from the exploited proletariat Marx sees the historical process as proceeding through a necessary series of modes of production characterized by class struggle culminating in communism Content Critique of Hegel's Philosophy of Right 1843 On the Jewish Question 1843 The Holy Family 1845 Theses on Feuerbach 1845 The Poverty of Philosophy 1847 Wage Labour and Capital 1847 Manifesto of the Communist Party 1848 The Class Struggles in France 1850 Address of the Central Committee to the Communist League The Eighteenth Brumaire of Louis Napoleon 1852 A Contribution to the Critique of Political Economy 1859 Marx's Inaugural Address Capital
