The Second Mountain David Brooks,2019-04-16 1 NEW YORK TIMES BESTSELLER Everybody tells you to live for a cause larger than yourself but how exactly do you do it The author of The Road to Character explores what it takes to lead a meaningful life in a self centered world Deeply moving frequently eloquent and extraordinarily incisive The Washington Post Every so often you meet people who radiate joy who seem to know why they were put on this earth who glow with a kind of inner light Life for these people has often followed what we might think of as a two mountain shape They get out of school they start a career and they begin climbing the mountain they thought they were meant to climb Their goals on this first mountain are the ones our culture endorses to be a success to make your mark to experience personal happiness But when they get to the top of that mountain something happens They look around and find the view unsatisfying They realize This wasn t my mountain after all There s another bigger mountain out there that is actually my mountain And so they embark on a new journey On the second mountain life moves from self centered to other centered They want the things that are truly worth wanting not the things other people tell them to want They embrace a life of interdependence not independence They surrender to a life of commitment In The Second Mountain David Brooks explores the four commitments that define a life of meaning and purpose to a spouse and family to a vocation to a philosophy or faith and to a community Our personal fulfillment depends on how well we choose and execute these commitments Brooks looks at a range of people who have lived joyous committed lives and who have embraced the necessity and beauty of dependence He gathers their wisdom on how to choose a partner how to pick a vocation how to live out a philosophy and how we can begin to integrate our commitments into one overriding purpose In short this book is meant to help us all lead more meaningful lives But it s also a provocative social commentary We live in a society Brooks argues that celebrates freedom that tells us to be true to

ourselves at the expense of surrendering to a cause rooting ourselves in a neighborhood binding ourselves to others by social solidarity and love We have taken individualism to the extreme and in the process we have torn the social fabric in a thousand different ways The path to repair is through making deeper commitments In *The Second Mountain* Brooks shows what can happen when we put commitment making at the center of our lives *The Sports Motivation Master Plan* Lee Ness, 2015-01-29 To reach the top in sport takes something special but as well as talent you also need the right approach the right mindset the right plan Lee Ness Sports Motivation Master Plan helps you create your own route map to success From picking your dream and learning from the greats through getting motivated and dealing with obstacles the Master Plan is there for you no matter what your sport If you want to be the best in your sport no matter what it is then you need the Sports Motivation Master Plan What people are saying about The Sports Motivation master Plan The Sports Motivation Master Plan by Lee Ness is a book I wish I had been able to get my hands on as a developing athlete Through the book Lee provides advice on a wide variety of topics that will be useful to developing athletes their parents and their coaches Right from the beginning Lee provides a framework for selecting a sporting goal and then discusses how to achieve this goal The book looks in depth at how to get the best out of yourself through a range of physical and mental techniques including an in depth discussion of The Zone and how to get there how to turn weaknesses into strengths and mind games Essential reading for anyone that wants to reach their sporting potential Craig Pickering Olympic Sprinter Lee Ness book The Sports Motivation Master Plan fills the gap between coach and parent helping young athletes and their parents understand what they need to do to reach the top of their sport In a way it s a route map to success If you are interested in performing at the highest level I highly recommend The Sports Motivation Master Plan Jimson Lee SpeedEndurance.com Lee draws on his experiences and with chapters such as motivation sacrifice self evaluation and turning your weaknesses into strengths the book is effectively an action plan for success Jason Henderson Athletics Weekly [Revolutionary Mothering](#) Alexis Pauline Gumbs, China Martens, Mai'a Williams, 2016-04-01 Inspired by the legacy of radical and queer black feminists of the 1970s and 80s Revolutionary Mothering places marginalized mothers of color at the center of a world of necessary transformation The challenges we face as movements working for racial economic reproductive gender and food justice as well as anti violence anti imperialist and queer liberation are the same challenges that many mothers face every day Oppressed mothers create a generous space for life in the face of life threatening limits activate a powerful vision of the future while navigating tangible concerns in the present move beyond individual narratives of choice toward collective solutions live for more than ourselves and remain accountable to a future that we cannot always see Revolutionary Mothering is a movement shifting anthology committed to birthing new worlds full of faith and hope for what we can raise up together Contributors include June Jordan Malkia A Cyril Esteli Juarez Cynthia Dewi Oka Fabiola Sandoval Sumayyah Talibah Victoria Law Tara Villalba Lola Mondragon Christy NaMee Eriksen Norma Angelica Marrun Vivian Chin Rachel Broadwater Autumn Brown Layne Russell Noemi
