Making A Place For Pleasure In Early Childhood Education:

Making a Place for Pleasure in Early Childhood Education Joseph J. Tobin, 2008-10-01 Kindergarten kissing games four year olds playing doctor a teacher holding a crying child on his lap as he comforts her Interactions like these spontaneous and pleasurable are no longer encouraged in American early childhood classrooms and in some cases they are forbidden The quality of the lives of our children and their teachers is thereby diminished contend the contributors to this timely book In response to much publicized incidents of child abuse by caretakers a moral panic has swept over early childhood education In this book experienced teachers of young children and teacher education experts issue a plea for sanity for restoring a sense of balance to preschool nursery school and kindergarten classrooms. The contributors to this book explore how caretakers of preschool children and other adults have overreacted to fears about child abuse Drawing on feminist gueer and poststructural theories the authors argue for the restoration of pleasure as a goal of early childhood education Years Education: Policy and practice in early education and care Rod Parker-Rees, Jenny Willan, 2006 This collection of papers provides a useful resource for scholars who need to ground their own study in a wider historical and global discourses concerning the education of children under eight Handbook of Research on the Education of Young Children Bernard Spodek, Olivia N. Saracho, 2014-01-27 The Handbook of Research on the Education of Young Children Second Edition is an essential reference on research in early childhood education not only in the United States but throughout the world It provides a comprehensive overview of important contemporary issues and the information necessary to make judgments about these issues The field has changed significantly since the publication of the first edition of this Handbook in 1993 creating a need for an update The Handbook of Research on the Education of Young Children Second Edition is thus focused on research conducted over the past decade or so The volume is organized in four parts Early Childhood Education and Child Development New in this edition moral development the development of creativity Early Childhood Educational Curriculum New in this edition movement or dance education the education of linguistically and culturally diverse children Foundations of Early Childhood Educational Policy New in this edition childhood poverty the education of bilingual children Research and Evaluation Strategies for Early Childhood Education New in this edition doing historical research in early childhood education postmodern and feminist orientations The Handbook of Research on the Education of Young Children Second Edition makes the expanding knowledge base related to early childhood education readily available and accessible It is a valuable tool for all who work and study in the field **Negotiating Adult-Child Relationships in Early Childhood** Research Deborah Albon, Rachel Rosen, 2013-08-15 Negotiating Adult Child Relationships in Early Childhood Research presents a substantive critique of technicist and neoliberal approaches to ethics through an exploration of the complicated and often messy situations faced in negotiating relationships in research with children Despite growing acknowledgement of their centrality relationships between adult researchers and very young participants have been neglected and under

theorised and in response this book offers a comprehensive conceptualisation of adult child research relationships through examination of questions including How do power and inequity impact on adult child research relationships What does it mean for relationships when researchers intervene in the field How do bodies matter in research relationships What does an emphasis on relationships with young children mean for the research process Drawing on data from their own research the authors contend that relationships are part of a wider web of social relations and space time configurations. They propose and develop a relational ethics of answerability and social justice inspired by the work of Bakhtin and in addition explore the way material bodies come to matter the ambiguity of consent in educator research and the risks and possibilities of research relationships Chapters include innovative formulations of reciprocity sensing practices and political ethical responsibility This book contributes to current debates about research with young children offering an incisive and thorough exploration of the importance of relationships to the research process Relevant for international audiences this book is essential reading for early childhood students and educators researchers and lecturers with an interest in research with children for Social Justice in Early Childhood Shirley A. Kessler, Beth Blue Swadener, 2019-09-10 Bringing together scholarship and examples from practice this book explores ways in which early childhood curriculum including classroom practices and community contexts can more actively engage with a range of social justice issues democratic principles and anti oppressive practices Featuring a stellar list of expert contributors the chapters in this volume present a cross section of contemporary issues in childhood education The text highlights the voices of children teachers and families as they reflect on everyday experiences related to issues of social justice inclusion and oppression as well as ways young children and their teachers engage in activism Chapters explore curriculum and programs that address justice issues particularly educating for democracy and culminate in a focus on the future offering examples of resistance and visions of hope and possibility Designed for practitioners graduate students and researchers in early childhood this book challenges readers to explore the ways in which early childhood education is and can be engaging with social justice and democratic practices Gender and Childhood Sexuality in Primary School Deevia Bhana, 2016-10-12 This book is an ethnography of teachers and children in grades 1 and 2 and presents arguments about why we should take gender and childhood sexuality seriously in the early years of South African primary schooling Taking issue with dominant discourses which assumes children's lack of agency the book questions the epistemological foundations of childhood discourses that produce innocence It examines the paradox between teachers dominant narratives of childhood innocence and children's own conceptualisation of gender and sexuality inside the classroom with peers in heterosexual games in the playground and through boyfriend girlfriend relationships It examines the nuances and finely situated experiences which draw attention to hegemonic masculinity and femininity where boys and girls challenge and contest relations of power The book focuses on the early makings of gender and sexual harassment and shows how violent gender relations are manifest even amongst very young boys and girls Attention is given to the interconnections

with race class structural inequalities as well as the actions of boys and girls as navigate gender and sexuality at school The book argues that the early years of primary schooling are a key site for the production and reproduction of gender and sexuality Gender reform strategies are vital in this sector of schooling Multiple Intelligences Reconsidered Joe L. Kincheloe, 2004 Twenty years after the publication of Howard Gardner's Frames of Mind The Theory of Multiple Intelligences Joe L Kincheloe and the contributing authors of Multiple Intelligences Reconsidered critique and rethink the theory in new frames of reference Initially drawn to multiple intelligences MI theory because of its self proclaimed challenge to the psychology establishment the authors delineate their disillusionment with its evolution over the last two decades The critiques provided here open exciting new doors to innovation in educational psychology and pedagogy and move the fields in the direction initially promised by MI theory Each intelligence presented by Gardner is examined and critiqued while larger concepts in the theory are identified and assessed **Exploring Wellbeing in the Early Years** Julia Manning-Morton, 2013-09-16 Children's experiences and well being in their earliest years underpin and highly influence their future development and learning Drawing on research with parents children and a range of professionals in the early childhood field this book considers how well being is interpreted in the early childhood field It includes snapshots of what our youngest children think about their well being and examines external environmental contexts that impact on well being The book raises a number of important issues and clarifies priorities that need to be kept at the forefront of practice and provision such as the fundamental importance of prioritizing children and families socio cultural contexts addressing inequalities and developing a listening culture Importantly there is also focus on appropriate pedagogical approaches and aspects of practice that support children's well being in early childhood settings such as adult child relationships quality interactions physical play and creative expression The book also highlights the inseparability of adults and children's well being and therefore the need to consider contexts that enhance the potential for parents and practitioners to experience well being For all students and practitioners who want to put young children's well being at the forefront of their practice this is a fascinating thought provoking and illuminating read Contributors Deborah Albon Mary Dickins Melian Mansfield Penny Holland Micky LeVoquer Penny Mukherji Jasmine Pasch Linda Pound Judy Stevenson This book is a timely reminder that young children have a right to be listened to Wellbeing as a concept is redefined using the voices of children parents and practitioners Important questions are raised about the cost to individuals and society if this is not taken seriously Dilys Wilson Senior Lecturer in Early Childhood Studies at Middlesex University UK This text brings together research literature theoretical understanding and practical application The book captures the essence of early childhood and provides a dialogue and debate of holistically challenging well being for all This is a book to be treasured Dr Lesley Curtis Headteacher Head of Centre Everton Nursery School and Family Centre This book is an essential discussion and authoritative account of the explorations and research outcomes of the LMU NCB project Talking about well being in early childhood The book

The Bloomsbury Handbook of Gender and Sexuality in Early Childhood Jessica

Prioletta, Adam Davies, Kylie Smith, 2025-06-12 Gender and sexuality are often problematically considered to be irrelevant to very young children This Handbook surveys challenges and advances the theories research approaches and practices around gender and sexuality in the early years and foregrounds early childhood as a crucial site for constructions and deconstructions around gender and sexuality The Handbook features chapters by leading academics practitioners and policy makers based in Australia Canada India Indonesia South Africa the UK and the USA It covers a range of key critical theories methods and practices including engagements with post developmentalism feminist Black feminist queer and trans theories intersections with indigeneity race and class ethnography action research care ethics and sexual health The Handbook illuminates the importance of attending to gender and sexuality in the early childhood across various sites including in the classroom at home in policy and more Love's Return Gail M. Boldt, Paula M. Salvio, 2012-11-12 The idea that teachers love children is often taken for granted in education Rarely is the idea of love itself examined Bringing together the work of educators curriculum theorists and clinical psychoanalysts and drawing upon autobiographical and narrative case studies this groundbreaking collection examines the collision of love and learning including the ways in which such intersections are provoked repressed and denied Contributors turn to psychoanalysis to explore questions of love in all of its varying permutations ambivalence sexuality hatred desire projection and loss in order to demonstrate how the social ramifications of such work is critical to the ways teachers are currently being prepared for life in the classroom International Handbook of Education for Spirituality, Care and Wellbeing Marian de Souza, LESLIE J. FRANCIS, James O'Higgins-Norman, Daniel G. Scott, 2009-10-13 Acknowledging and understanding spiritual formation is vital in contemporary education This book explores the dynamic relationship between education and wellbeing It examines the theory underpinning the practice of education in different societies where spirituality and care are believed to be at the heart of all educational experiences The book recognizes that regardless of the context or type of educational experience education is a caring activity in which the development of the whole person body mind and spirit is a central aim for teachers and educators in both formal and informal learning The chapters in this handbook present and discuss topics that focus on spirituality as an integral part of human experience and consequently essential to educational programs which aim to address personal and communal identity foster resilience empathy and compassion and promote meaning and connectedness Bodies as Sites of Cultural Reflection in Early Childhood Education Rachael S. Burke, Judith Duncan, 2014-10-30 Taking the body as a locus for discussion Rachael S Burke and Judith Duncan argue not only that implicit cultural practices shape most of the interactions taking place in early childhood curricula and pedagogy but that many of these practices often go unnoticed or unrecognized as being pedagogy Current scholars inspired by Foucault acknowledge that the body is socially and culturally produced and historically situated it is simultaneously a part of nature and society as well as a representation of the way that nature and society can be conceived Every natural symbol originating from the body contains and conveys a social meaning and every culture selects

its own meaning from the myriad of potential body symbolisms Bodies as Sites of Cultural Reflection in Early Childhood Education uses empirical examples from qualitative fieldwork conducted in New Zealand and Japan to explore these theories and discuss the ways in which children s bodies represent a central focus in teachers pedagogical discussions and create contexts for the embodiment of children's experiences in the early years Promoting Positive Development in Early Childhood Karen VanderVen, 2008-09-08 This new volume in the Search Institute Series on Developmentally Attentive Community and Society represents a milestone in Search Institute's signature work on the Developmental Assets that children and adolescents need in their lives to succeed Through the research behind this book Karen VanderVen links this strength based community based approach to human development to early childhood development and practice In doing so she advances a lo term vision of understanding child and adolescent development not merely as a series of discrete stages but as a trajectory of development in which experiences in each phase of development link to reinforce or redirect experiences in other aspects of life To be sure VanderVen explores with both breadth and depth a parti larly critical time in child development the early childhood years ages 3 5 The latest research in numerous elds has only increased our understanding of how important it is for communities to attend to children's developmental expe ences in these crucial years Positive development in early childhood leads young people on a path to a healthy adulthood and a lack of positive dev opment in early childhood has a blunting effect that extends into elementary and secondary schooling years

International Handbook of Children, Media and Culture Kirsten Drotner, Sonia Livingstone, 2008-02-19 This essential volume brings together the work of internationally renowned researchers each experts in their field in order to capture the diversity of children and young people s media cultures around the world Why are the media such a crucial part of children's daily lives Are they becoming more important more influential and in what ways Or does a historical perspective reveal how past media have long framed children's cultural horizons or perhaps how families however constituted have long shaped the ways children relate to media In addressing such questions the contributors present detailed empirical cases to uncover how children weave together diverse forms and technologies to create a rich symbolic tapestry which in turn shapes their social relationships At the same time many concerns even public panics arise regarding children's engagement with media leading the contributors also to inquire into the risky or problematic aspects of today's highly mediated world Deliberately selected to represent as many parts of the globe as possible and with a commitment to recognizing both the similarities and differences in children and young people's lives from China to Denmark from Canada to India from Japan to Iceland from the authors offer a rich contextualization of children's engagement with their particular media and communication environment while also pursuing cross cutting themes in terms of comparative and global trends Each chapter provides a clear orientation for new readers to the main debates and core issues addressed combined with a depth of analysis and argumentation to stimulate the thinking of advanced students and established scholars Since children and young

people are a focus of study across different disciplines the volume is thoroughly multi disciplinary Yet since children and young people are all too easily neglected by these same disciplines this volume hopes to accord their interests and concerns they surely merit Erotic Attunement Cristina L. H. Traina, 2011-06-15 Heightened awareness of the problem of sexual abuse has led to deep anxiety over adults touching children in nearly any context This book probes the disquieting issue of how we can draw a clear line between natural affection towards children and perverse exploitation of them Childhood: Learners, Curriculum and Contexts Glenda Mac Naughton, 2003-12-16 This should be essential reading for anyone involved in the training and professional development of early years practitioners It is an impressive analysis of the historical and contemporary big ideas that have influenced societies and practitioners views of children and the nature of the curriculum There are powerful sections on parents and communities I particularly liked the stimulating ideas galleries with their statements from researchers policy makers and practitioners around the world Nursery World October 2004 This key textbook introduces students and practitioners to a wide range of different approaches to early childhood It provides practical strategies for developing and implementing early learning experiences that promote excellence and equity for children The book presents the latest research and thinking about good practice discusses how various philosophies and beliefs influence decisions in early childhood education and identifies the key thinkers behind each approach By examining different perspectives the book helps early childhood practitioners to navigate their way through competing views make informed choices and be critically reflective in their work In an accessible lively and user friendly way it explores issues such as What constitutes an appropriate early childhood curriculum How best to study and assess children Involving parents and children in early childhood learning The book features a range of pedagogical devices to inspire early childhood workers to reflect critically on their work and the ideas underpinning it including Boxed definitions of key terms Ideas summary charts and ideas galleries Clarification exercises Case studies Further reading lists This essential textbook is ideal for students undertaking early childhood qualifications at degree level Masters courses in early childhood education and for practitioners who work with children from birth to eight in early childhood settings We're Not Robots Enid Elliot, 2012-02-01 This fascinating book presents the stories of infant toddler caregivers and their work to illustrate the complexity of balancing relationships with babies families coworkers and self yet remaining emotionally present and mindfully engaged Enid Elliot explores the inevitable tensions of working within these various relationships and demonstrates how proficient caregivers can develop strategies for achieving this delicate balance In the process she raises provocative questions about how we care for babies and how to provide education and support for their caregivers
