Making Faith Sense:

Making Faith-sense Robert L. Kinast, 1999 Making faith sense is a new term for an ancient practice It is what the early Christians called mystical or wisdom theology understanding life in the light of God's participation recorded in the Gospels recognizing the signs of God's presence in everyday events and shaping one's life accordingly In *Making Faith Sense* Robert Kinast shows all who seek to unify their life experience around their belief in God how to follow that ancient practice Drawing upon the award winning process he has used with students for the ministry Father Kinast explains how to make sense of family work and cultural experience from the perspective of Christian faith Each chapter contains numerous real life examples and practical guidelines that can be used privately or with a group *Making Faith Sense* begins with a discussion of wisdom theology and its revival in modern times highlighting the turn to experience that characterizes feminist liberation and inculturated theologies The methods for making faith sense embrace three main components experience reflection and action The first section describes what is meant by experience the value of narrating it how to analyze it and what to pay attention to so that experience will reveal its theological meaning The second section explains the role of reflection its similarity to prayer techniques for connecting experience to theological tradition and the most useful theological resources for making faith sense The third section affirms the importance of putting reflection into practice of ensuring that action flows from reflection of planning and evaluating the effect of one's practice and of using practice as the starting point for continuing the process of making faith sense Examples from work family and cultural life are used throughout to provide illustrations of these general points A concluding chapter summarizes the reemergence of practical theology since the 1980s as an effort of church communities to make faith sense of their collective lives Chapters are What Is Faith Sense How to Make Faith Sense Getting Started How to Make Faith Sense The Heart of the Matter and Enacting Faith Sense The Culmination of the Process Robert L Kinast PhD is a pastoral theologian specializing in the field of theological reflection Through the publications and services of the Center for Theological Reflection Indian Rocks Beach Florida he contributes to the ministry training programs of many denominations in the United States and Canada Father Kinast is the author of the Vatican II Act II series and *Let Ministry Teach* published by Liturgical Press

Making Faith Magnetic Daniel Strange, 2021-10-01 How to talk about Jesus in a way that connects with modern culture As followers of Jesus we know that the good news is deeply attractive But we often fear that to those on the outside it comes across as irrelevant or even repellent Sometimes the Christian worldview feels so out of step with everything else going on that we don't know how to share our faith However author Daniel Strange wants to show you that the connections are there in fact the longings that our culture cannot help but express are the very ones that Jesus fulfils Building on the

work of theologian J H Bavinck Dan reveals five recurring themes that our culture can't stop talking about or as he puts it the five permanent itches that in our work rest and play we have to vigorously scratch From TV to books to social media these are the questions we can't stop asking and the tensions we can't stop wrestling with and Jesus speaks powerfully into each one This book will help you to spot these connections in our culture excite you about how Jesus makes sense of humankind's deepest questions and longings apply them to your own life first and then equip you to speak of him to others in a way that is truly magnetic Dan Strange has written another terrific down to earth book to help believers engage in fruitful conversations with friends about faith Dr Timothy Keller who has also written the foreword to this book **Faith Your Seventh-Sense**

HUMPHREY O. AKPARAH,2014-04-28 Faith Your Seventh Sense We are at our best and we are happiest when we totally engage our Seventh Sense toward the realization of the goals and dreams that we have set for ourselves It gives purpose and assurance to our efforts and peace of mind to our souls It makes life worthwhile worth living wonderful and fulfilled Your FAITH is your Seventh Sense Faith is a powerful sense ability and motivational word combined It is a tested truth and contains principles by which any one may succeed in any endeavor depending on your own definition of success Faith is a success button It is such an amazing gift that so many people neglect out of ignorance Faith is the compass of the soul Faith is the lifeline of all humans without it fear doubt anxiety unbelief sickness and failure are the alternatives A strong faith is an antidote against stress fear sickness and failure Faith is the mother of all achievements Living a fulfilled life would be almost impossible without a well developed faith ability And you cannot overcome any of your fears whether it is the fear of failure death poverty sickness criticisms personal insecurities etc until you begin to apply the principles and powers of your faith With the added advantage of a vibrant faith ability you stand taller in the spirit than those who only rely on the five senses You will discover the amazing power of your faith after reading this book Your faith will rise to action oriented and problem solving levels You will also receive a faith that potentially destroys fears generates miracles and changes situations This is because faith is a developed ability and a conditioned state of mind to trust and not doubt It is a life support and life sustainer in times of adversity You could do more for yourself through the power of your faith than a million dollars would You are richer than you think through faith and poorer than you imagined without it Faith your 7th Sense ability **Fides**

and Secularity Emilio Di Somma,2018-11-15 This book wishes to talk about two main topics the Canadian political philosopher Charles Taylor and faith Taylor in his philosophical arguments on religion and secularity has adopted what I call the great prejudice on religion and secularity the two belong to utterly different spheres of human mind and sociality In this prejudice faith is used as a synonym of religion or belief and is understood as something that does not belong to the sphere of secularity My argument contradicts precisely this common belief Is faith more of an anthropological attitude towards reality than a religious one Can we criticize Taylor's philosophy on these grounds To develop my argument I will attempt to develop a dialogue between continental and Anglo American philosophers and theologians in the hope of convincing the readers that

we should change radically the way we discuss faith religion and secularism **Making Our Way to Shore** Eileen O'Farrell, 2004 Since 1991 members of the Jewish Catholic Couples Dialogue Group in Chicago have celebrated a combination Hebrew Baby Naming and Baptism ceremony as they welcome their children into the world with the support and participation of a Catholic Priest and Reform Rabbi These ceremonies are spiritual moments created in the spirit of finding new pathways for interfaith families to share in their religious traditions For some couples their ceremony makes a statement about the religious identity of their child either in one tradition or another For others it is an expression of thanks to God for new life and the wish to ask for God's blessing on their family In either case the celebration is an authentic manifestation of a Divine presence in their new family In addition to the ceremony this text includes an overview of the current literature regarding Catholic Jewish families a review of Hebrew Rites of Initiation as well as a short course on Catholic sacramentality and Baptism commonly asked questions and answers facing Catholic Jewish couples a lively conversation between a Rabbi and a Priest regarding rites of initiation a resource section of books and websites and a closing chapter on topics of family faith formation **How to Make Your Faith Work!** Chris Oyakhilome, 2007 Faith Generation Nick Shepherd, 2016-08-18 The recent Church Growth Research see www.churchgrowthresearch.org.uk identifies that the successful transmission of faith to children and young people is a key factor in stemming decline and promoting growth This book explores the cultural and theological reasons as to why this is the case and makes research based recommendations for the faith formation of children and young people The central argument is that church communities need to engage in deliberate strategies that help foster intentional Christian Communities within which children and young people can form and sustain Christian identity *Virtual Theology, Faith and Adult Education* Ros Stuart-Buttle, 2013-07-29 Online learning is a key feature of the contemporary educational landscape and has entered mainstream policy provision and practice But if online education is to reach mature development and evaluation it must be open to critical appraisal This book considers the implementation of online learning within adult theological education This can be an area of challenge or contention especially when established academic practices and cherished values are seen as threatened when handed over to online delivery This opens questions about theology pedagogy and online education Does online teaching and learning bring or demand a new or transformed disruptive pedagogy or does it result in maintenance or replication sustaining of traditional values and existing practices What might the opportunities and benefits be Who stands to gain Who stands to lose And what evidence is there to evaluate the quality of doing theology online This book examines a long standing programme of continuing professional development delivered fully online to adult practitioners working across Christian education and ministry settings It builds upon the author's international experience as an online educator for over a decade Key themes relate adult learning to theological pedagogy authority and online community The concept of interruptive pedagogy is presented as an interpretative model to critically appraise an approach to online education that draws on the best theological

tradition yet also looks to the future **Faith No More** Phil Zuckerman,2015 Faith No More seeks to understand how and why people lose their faith sever their ties with religious organizations and experience a secularizing transformation in their own personal lives Based on in depth interviews with 75 individuals from a variety of backgrounds and religious traditions this book offers a rich and colorful exploration of the human journey from religiosity to secularity *Making Money Moves* Bishop Kevin Foreman, **Windings of the River of the Water of Life** George Barrell Cheever,1819 *40 DAYS OF FAITH!* Bernard Smalls,2012-07-02 Contrary to popular belief you can have strong faith Faith is like a muscle and we all know that muscles are developed and become strong over time You don t go to the gym just one time and come out with strong lean muscles Physical development takes time and so does spiritual development It takes time to develop habits In 40 Days if Faith I share with you practical ways to build faith Through practice and application you can and will strengthen your faith and enjoy limitless possibilities Sexual Ethics Todd A. Salzman,Michael G. Lawler,2012-05-18 Two principles capture the essence of the Catholic tradition on sexual ethics that each and every marriage act must remain open to the transmission of life and that any human genital act must occur within the framework of marriage In the Catholic tradition moral sexual activity is institutionalized within the confines of marriage and procreation and sexual morality is marital morality But theologians Todd Salzman and Michael Lawler contend that there is a disconnect between many of the Church s absolute sexual norms and other theological and intellectual developments explicitly recognized and endorsed in the Catholic tradition especially since the Second Vatican Council These developments include the shift from a primary static worldview to a historically conscious worldview one that recognizes reality as dynamic evolving changing and particular By employing such a historically conscious worldview alternative claims about the moral legitimacy of controversial topics such as contraception artificial reproduction and homosexual marriage can faithfully emerge within a Catholic context Convinced of the central role that love desire and fertility play in a human life and also in the life of Christian discipleship the authors propose an understanding of sexuality that leads to the enhancement of human sexual relationships and flourishing This comprehensive introduction to Catholic sexual ethics complete with thought provoking study questions at the end of each chapter will be sure to stimulate dialogue about sexual morality between Catholic laity theologians and the hierarchy Anyone seeking a credible and informed Catholic sexual ethic will welcome this potentially revolutionary book *How Long the Night* Anthony McMaryion,2022-11-03 It was years later and they were still grieving mourning crying and weeping over the loss of their loved ones The hurt pain brokenness sorrow heartache and heartbreak they felt in the beginning never subsided and it never ended Unknowingly they had stepped into the process but never entered into the journey **Marriage** Charles E. Curran,Julie Hanlon Rubio,2009 A collection of the best contemporary essays on the theology and ethics of marriage **Life After Grief** Rebecca Hayford Bauer,2014-02-13 When you experience a loss that changes everything grief is only the beginning Mourning for the life you once knew is a long and important process but where do you go from there Rebecca

Hayford Bauer's loss was the death of her husband in 2003 but we all face loss of one kind or another In *Life After Grief* she shares her personal story of loss grief and healing and invites you to walk with her into the hope and uncertainty of new life Each chapter asks one important question every grieving person faces on the road to healing such as How do I view God Will I still trust Who am I now Who are my friends Will I dream again Your life will never be the same but there is still life to be lived You can learn to live your new normal grasping God's hand for dear life and trusting Him to guide you into the future

Faith Can Move Mountains Tina Pitamber, 2025-08-31 Faith It's a word we hear in conversations read about in books and sing about in songs But what does faith really mean and can it change the trajectory of your life Everybody has faith Some people have a little faith and others have great faith But the question is Who or what is your faith in This book will challenge you to place your faith in God and when you do watch and see the amazing things He will do in your life Drawing on Bible stories and personal experience Tina Pitamber presents a refreshing and exciting view of faith From financial provision to physical healing to supernatural peace when the answers to prayer don't seem to be coming fast enough she describes the practice of faith and the ultimate rewards of trusting in our great God Come and exercise your faith in God and get ready to see big changes and blessings in your life

The Sexual Person Todd A. Salzman, Michael G. Lawler, 2008-05-21 Two principles capture the essence of the official Catholic position on the morality of sexuality first that any human genital act must occur within the framework of heterosexual marriage second each and every marriage act must remain open to the transmission of life In this comprehensive overview of Catholicism and sexuality theologians Todd A Salzman and Michael G Lawler examine and challenge these principles Remaining firmly within the Catholic tradition they contend that the church is being inconsistent in its teaching by adopting a dynamic historically conscious anthropology and worldview on social ethics and the interpretation of scripture while adopting a static classicist anthropology and worldview on sexual ethics While some documents from Vatican II like *Gaudium et spes* the marital act promotes self giving by which spouses enrich each other gave hope for a renewed understanding of sexuality the church has not carried out the full implications of this approach In short say Salzman and Lawler emphasize relationships not acts and recognize Christianity's historically and culturally conditioned understanding of human sexuality *The Sexual Person* draws historically methodologically and anthropologically from the best of Catholic tradition and provides a context for current theological debates between traditionalists and revisionists regarding marriage cohabitation homosexuality reproductive technologies and what it means to be human This daring and potentially revolutionary book will be sure to provoke constructive dialogue among theologians and between theologians and the Magisterium
