Making Hate A Crime From Social Movement To Law Enforcement:

Making Hate A Crime Valerie Jenness, Ryken Grattet, 2004-04-22 Violence motivated by racism anti-Semitism misogyny and homophobia weaves a tragic pattern throughout American history Fueled by recent high profile cases hate crimes have achieved an unprecedented visibility Only in the past twenty years however has this kind of violence itself as old as humankind been specifically categorized and labeled as hate crime Making Hate a Crime is the first book to trace the emergence and development of hate crime as a concept illustrating how it has become institutionalized as a social fact and analyzing its policy implications In Making Hate a Crime Valerie Jenness and Ryken Grattet show how the concept of hate crime emerged and evolved over time as it traversed the arenas of American politics legislatures courts and law enforcement In the process violence against people of color immigrants Jews gays and lesbians women and persons with disabilities has come to be understood as hate crime while violence against other vulnerable victims octogenarians union members the elderly and police officers for example has not The authors reveal the crucial role social movements played in the early formulation of hate crime policy as well as the way state and federal politicians defined the content of hate crime statutes how judges determined the constitutional validity of those statutes and how law enforcement has begun to distinguish between hate crime and other crime Hate crime took on different meanings as it moved from social movement concept to law enforcement practice As a result it not only acquired a deeper jurisprudential foundation but its scope of application has been restricted in some ways and broadened in others Making Hate a Crime reveals how our current understanding of hate crime is a mix of political and legal interpretations at work in the American policymaking process Jenness and Grattet provide an insightful examination of the birth of a new category in criminal justice hate crime Their findings have implications for emerging social problems such as school violence television induced violence elder abuse as well as older ones like drunk driving stalking and sexual harassment Making Hate a Crime presents a fresh perspective on how social problems and the policies devised in response develop over time A Volume in the American Sociological Association's Rose Series in Sociology

Social Movements and the Transformation of American Health Care Jane C. Banaszak-Holl, Sandra R.

Levitsky, Mayer N. Zald, 2010-06-24 Few contemporary social problems in the U S affect more people daily than those within the American health care system Social Movements and the Transformation of American Health Care is the first collection of essays to examine dynamics of change in health care institutions through the lens of contemporary theory and research on collective action Gathering scholars from medicine health policy history sociology and political science the book considers health related social movements from four distinct levels concentrating on movements seeking changes in the regulation financing and distribution of health resources changes in institutions in public health bio ethics and other fields interactions between social movements and professions and the cultural dominance of the medical model and the difficulties for framing and legitimizing new issues in health care it poses At a time when American health care is long overdue for major changes

this book takes an essential look at movements policies and institutions to identify the common constraints and opportunities for reform within the health care system **The Oxford Handbook of Crime and Public Policy** Michael H. Tonry, 2011 This handbook offers a comprehensive examination of crimes as public policy subjects to provide an authoritative overview of current knowledge about the nature scale and effects of diverse forms of criminal behaviour and of efforts to prevent and control them **Handbook on Crime and Deviance** Marvin D. Policing Hate Crime Gail Mason,JaneMaree Maher,Jude McCulloch,Sharon Pickering,Rebecca Wickes,Carolyn McKay,2017-03-16 In a contemporary setting of increasing social division and marginalisation Policing Hate Crime interrogates the complexities of prejudice motivated crime and effective policing practices Hate crime has become a barometer for contemporary police relations with vulnerable and marginalised communities But how do police effectively lead conversations with such communities about problems arising from prejudice Contemporary police are expected to be active agents in the pursuit of social justice and human rights by stamping out prejudice and group based animosity At the same time police have been criticised in over policing targeted communities as potential perpetrators as well as under policing these same communities as victims of crime Despite this history the demand for impartial law enforcement requires police to change their engagement with targeted communities and kindle trust as priorities in strengthening their response to hate crime Drawing upon a research partnership between police and academics this book entwines current law enforcement responses with key debates on the meaning of hate crime to explore the potential for misunderstandings of hate crime between police and communities and illuminates ways to overcome communication difficulties This book will be important reading for students taking courses in hate crime as well as victimology policing and crime and community

Stirring Up Hatred Jen Neller,2022-12-03 This book critically examines the development of the stirring up hatred offences which are currently found within the UK s Public Order Act 1986 Through a critical discourse analysis of key excerpts of parliamentary Hansard the book constructs a detailed genealogy of the offences from the perspectives that shaped them A novel application of theory on myth is used to navigate the complex arguments and to trace ideas about identity and order across parliamentary debates from fears of Fascism in the 1930s to condemnations of homophobia in the early 21st century The story of the stirring up hatred offences told in this book therefore extends far beyond the traditional frame of a dilemma between regulating hate speech and safeguarding free speech it is inextricably entwined with myths about law race and national identity and speaks to wider themes of coloniality neoliberalism white entitlement British Christian exceptionalism and the innocence of law Written in an accessible and engaging style this book challenges a wide range of assumptions about hate speech law and raises a series of considerations for developing forms of accountability that are less complicit in the harms that they are supposed to redress

The Wiley Handbook on the Psychology of Violence Carlos A. Cuevas,Callie Marie Rennison,2016-01-20 The Wiley Handbook on the Psychology of Violence features a collection of original readings from an international cast of experts that explore all major issues relating to the psychology of violence and aggressive behaviors Features original contributions from an interdisciplinary cast of scholars leading experts in their fields of study Includes the latest violence research and its

The Perils of Federalism Lisa Lynn Miller,2008-09-29 In the past dozen years a number of American cities plagued by gun violence have tried to enact local laws to stem gun related crime Yet policymakers at the state and federal levels have very frequently stymied their efforts This is not an atypical phenomenon In fact for a whole range of pressing social problems state and federal policymakers ignore the demands of local communities that suffer from such ills the most Lisa L Miller asks how does America s multi tiered political system shape crime policy in ways that empower the higher levels of government yet demobilize and disempower local communities After all crime has a disproportionate impact on poor and minority communities which typically connect crime and violence to broader social and economic inequities at the local level As *The Perils of Federalism* powerfully demonstrates though the real control to set policy lies with the state and federal governments and at these levels single issue advocates gun rights groups as well as prison prosecutorial and law enforcement agencies are able to shape policy over the heads of the people most affected by the issue There is a tragic irony in this The conventional wisdom that emerged from the Civil Rights era was that the higher levels of government and the federal level in particular best served the disadvantaged while localities were most likely to ignore the social problems resulting from racial and economic inequality Crime policy Miller argues teaches us an opposite lesson as policy control migrates to higher levels the priorities of low income minority communities are ignored the realities of racial and economic inequality are marginalized and citizens lose their voices Taking readers from the streets of Philadelphia to the halls of Congress she details how and why our system operates in the way that it does Ultimately the book not only challenges what we think about the advantages of relying of federal power for sensible and fair solutions to longstanding social problems It also highlights the deep disconnect between the structure of the American political system and the ideals of democratic accountability

Misogyny as Hate Crime Irene Zempi,Jo Smith,2021-08-26 Misogyny as Hate Crime explores the background nature and consequences of misogyny as well as the legal framework and UK policy responses associated with misogyny as a form of hate crime Taking an intersectional approach the book looks at how experiences of misogyny may intersect with other forms of hate crime such as disablism Islamophobia antisemitism and transphobia From the sexist and derogatory comments about women by former US President Donald Trump to legislative changes in Chile and Peru making street harassment illegal misogyny presents a challenge to scholars practitioners policy makers and women globally The increasing importance of the internet has seen misogyny move into these digital spaces but has also provided a platform for movements such as MeToo and TimesUp highlighting the scale of sexual harassment and abuse In 2016 Nottinghamshire Police in partnership with Nottingham Women s Centre became the first force in England and Wales to record misogyny as a hate crime Since then other police forces have introduced similar schemes to tackle

misogyny More recently the Law Commission of England and Wales has undertaken a review of the legislation on hate crime and in their consultation paper of proposals for reform have suggested adding sex or gender to the protected characteristics In March 2021 the Government announced that police forces in England and Wales will be required to record crimes motivated by hostility based on sex or gender from this autumn The murder of Sarah Everard has been a watershed moment in the Government's response to violence against women Sarah Everard's kidnap and murder who went missing while walking home from a friend's flat in South London on 3 March 2021 ignited a national conversation about violence against women Against this background the book speaks both to the proposed reforms of the hate crime legislation around misogyny and the broader issues around experiences of and legal responses to misogyny It showcases the work of leading scholars in this area alongside that of activists and practitioners whose work has been invaluable in opening up public discussion on misogynistic hate crime and encouraging wider social change In recognising the intersections of different forms of prejudice the book provides an innovative contribution to these hate debates highlighting the complexities of creating separate strands of hate crime Providing a comprehensive understanding of the debates around inclusion of misogyny as a form of hate crime this ground breaking book will be of great interest to students scholars and activists interested in gender hate crime
