Stjerna, 2016-11-14 With great detail Kirsi I Stjerna introduces and annotates Luthers Large Catechism which the reformer offered as a radical reorientation in the matters of theology and spirituality After diagnosing what appeared to him as his church's failures to provide proper spiritual care Luther set out to offer a new compass for religious life The sweeping reforms he proposed took root primarily through preaching and education as people embraced the new vision and transmitted it to their children He believed all Christian people laity and clergy needed a guide to comprehend the basic biblical creedal and sacramental teachings The order with which Luther proceeds in the Large Catechism is deliberate with a distinct theological rationale the Commandments express God's expectations the Creed proclaims God's promise the Lords Prayer translates law and gospel into a personal discourse with God and the sacraments offer tangible expressions of God's grace and signs to lean on in faith This volume is excerpted from The Annotated Luther series Volume 2 Each volume in the series contains extensive annotations illustrations and notes to help shed light on Luthers context and to interpret his writings for today **A New Abridgement of Ainsworth's Dictionary** Robert Ainsworth, 1844 **A complete Body of practical Divinity; being a new improvement of the Assembly's Catechism ...
