Carroll, Jesper B. Sørensen, 2021-01-26 Making strategy requires undertaking major often irreversible decisions aimed at long term success in an uncertain future All leaders must formulate a clear course of action yet many lack confidence in their ability to think systematically about their strategy They struggle to apply the abstract lessons offered by conventional approaches to strategic analysis to their unique contexts Making Great Strategy resolves these challenges with a straightforward readily applicable framework Jesper B S rensen and Glenn R Carroll show

that one factor underlies all sustainably successful strategies a logically coherent argument that connects resources capabilities and environmental conditions to desired outcomes They introduce a system for formulating and managing strategy through a set of three core activities visualization formalization and logic and constructive argumentation These activities can be implemented in any organization and are illustrated through examples and case studies from well known companies such as Apple Walmart and The Economist This book shows that while great strategic thinking is hard it is not a mystery Widely applicable and relevant for managers and leaders at all levels especially executive teams charged with setting the course of their organizations it is essential reading for anyone faced with practical problems of strategic management SPIN® -Selling Neil Rackham,2020-04-28 True or false In selling high value products or services closing

increases your chance of success it is essential to describe the benefits of your product or service to the customer objection handling is an important skill open questions are more effective than closed questions All false says this provocative book Neil Rackham and his team studied more than 35 000 sales calls made by 10 000 sales people in 23 countries over 12 years Their findings revealed that many of the methods developed for selling low value goods just don t work for major sales Rackham went on to introduce his SPIN Selling method SPIN describes the whole selling process Situation questions Problem questions Implication questions Need payoff questions SPIN Selling provides you with a set of simple and practical techniques which have been tried in many of today s leading companies with dramatic improvements to their sales performance *Secrets for Making Big Profits from Your Business with Export Guidelines* NIIR Board,2003-01-01 Hundreds of thousands of people start their own businesses every year and untold more dream about the possibility of becoming their own bosses While entrepreneurship has its many potential rewards it also carries unique challenges Entrepreneurship is an act not a born tact you need to understand the environment to set up an enterprise of you own Setting up a business requires many things like understanding yourself understanding market and availing funds are certain basic things that one must mandatorily know before making a business decision To start a business of your own you need to understand the environment to set up an enterprise of you own Starting a business involves planning making key financial decisions and completing a series of legal activities To run a successful business you need to learn all about your existing and potential customers your competitors and the economic conditions of your market place Entrepreneurship helps in the development of nation A successful entrepreneur not only creates employment for himself but for hundreds Deciding on a right project can lead you to the road to success The purpose of this book is to enrich the people with an understanding of the entrepreneurial process There is no presumption however that entrepreneurship can be taught because entrepreneurs have their own peculiar way of doing things Yet it is possible to help them be better prepared for transforming dreams in realities This book majorly deals with the advent of quality management its impact on marketing total quality management measuring customer satisfaction pitfalls of the traditional approach customer value management marketing research for new ventures
