Shumway, 1994 The making of American civilization, by C.A. Beard and M.R. Beard Charles Austin Beard, Mary Ritter Beard, The Making of American Civilization (Classic Reprint) Charles Austin Beard, 2018-10-08 Excerpt from *The Making of American Civilization* The growing demand for social studies that will give boys and girls in the schools a realistic knowledge Of the society in which they live and are to take part as Citizens seems to us an encouraging sign of the times But we cling to the belief that this realistic knowledge can best be acquired by what is called the historical approach About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **American History in the Making** Mike Henry, 2023-05-12 History is full of examples where there are important stories that took place which coincided with a landmark event There is no shortage of items worth mentioning that have been overshadowed by other aspects of history This book is about those events with one dedicated to each day of the year that it took place The United States doesn't have a prolonged period of history like some other countries although for a nation that has been around for fewer years the events are interesting exciting and can often bring a smile Making History Matter Robert Dawidoff, 2000 This collection of Robert Dawidoff's essays and journalism is peopled by the likes of the Founding Fathers Fred Astaire Henry and William James Sophie Tucker Trent Lott and Cole Porter Drawing together this unlikely cast of characters Dawidoff probes into the role of outsider groups as well as intellectual and political elites in the formation of American culture As a scholar of intellectual and cultural history Dawidoff takes the stance that historians ought to take an active role in our democratic culture informing and participating in public discourse He argues for a broad reach when it comes to cultural expression resisting the polarization of formal intellectual history and folk or commercial popular culture In his view and in his book Ralph Waldo Emerson and Katharine Hepburn are equally worthy topics for a historian's consideration providing that they are treated with equal seriousness of purpose and analytic rigor In The Gay Nineties section that closes the book he traces key events in the continual struggle for gay and lesbian civil rights and takes on such unresolved issues as safer sex needle exchange programs to control HIV transmission and the public controversy around the portrayal of gay and lesbian television characters Divided into sections that deal with the patriarchs of American political and intellectual culture expressive culture and a historian's public voice this book is a model of engaged

and engaging writing Accessible and witty Making History Matter will appeal to general and academic readers interested in American history as well as gay and lesbian political and cultural issues Author note Robert Dawidoff is John D and Lillian Maguire Distinguished Chair and Professor of History at Claremont Graduate University He is most recently the author with Michael Nava of Created Equal Why Gay Rights Matter to America and The Genteel Tradition and the Sacred Rage High Culture V Democracy in Adams James and Santayana *Supplement to The Making of American Civilization* Charles Austin Beard, Mary Ritter Beard, 1943 *American Civilization* David Mauk, John Oakland, 2005 This introduction to contemporary American life examines the key institutions of American society including state and local government geography education law media and culture with the emphasis placed on the people of America **Smithsonian Institution** United States. Smithsonian Institution United States. Congress. House. House Administration, 1971 **The Making of a Great Race** Edward Alfred Steiner, 1929 **Teaching White Supremacy** Donald Yacovone, 2023-10-24 A powerful exploration of the past and present arc of America's white supremacy from the country's inception and Revolutionary years to its 19th century

flashpoint of civil war to the Civil Rights movement of the 1960s and today's Black Lives Matter The most profoundly original cultural history in recent memory Henry Louis Gates Jr Harvard University Stunning timely an achievement in writing public history Teaching White Supremacy should be read widely in our roiling debate over how to teach about race and slavery in classrooms David W Blight Sterling Professor of American History Yale University author of the Pulitzer Prize winning Frederick Douglass Prophet of Freedom Donald Yacovone shows us the clear and damning evidence of white supremacy's deep seated roots in our nation's educational system through a fascinating in depth examination of America's wide assortment of texts from primary readers to college textbooks from popular histories to the most influential academic scholarship Sifting through a wealth of materials from the colonial era to today Yacovone reveals the systematic ways in which this ideology has infiltrated all aspects of American culture and how it has been at the heart of our collective national identity Yacovone lays out the arc of America's white supremacy from the country's inception and Revolutionary War years to its nineteenth century flashpoint of civil war to the civil rights movement of the 1960s and today's Black Lives Matter In a stunning reappraisal the author argues that it is the North not the South that bears the greater responsibility for creating the dominant strain of race theory which has been inculcated throughout the culture and in school textbooks that restricted and repressed African Americans and other minorities even as Northerners blamed the South for its legacy of slavery segregation and racial injustice A major assessment of how we got to where we are today of how white supremacy has suffused every area of American learning from literature and science to religion medicine and law and why this kind of thinking has so insidiously endured for more than three centuries Hearings, Reports and Prints of the House Committee on House

A Jewish Feminine Mystique? Hasia Diner, Shira Kohn, Rachel Kranson, 2010-09-10 In *The Feminine Mystique* Jewish raised Betty Friedan struck out against a postwar American culture that pressured women to play the role of subservient housewives However Friedan never acknowledged that many American women refused to retreat from public life during these years Now *A Jewish Feminine Mystique* examines how Jewish women sought opportunities and created images that

defied the stereotypes and prescriptive ideology of the feminine mystique As workers with or without pay social justice activists community builders entertainers and businesswomen most Jewish women championed responsibilities outside their homes Jewishness played a role in shaping their choices shattering Friedan s assumptions about how middle class women lived in the postwar years Focusing on ordinary Jewish women as well as prominent figures such as Judy Holliday Jennie Grossinger and Herman Wouk s fictional Marjorie Morningstar leading scholars explore the wide canvas upon which American Jewish women made their mark after the Second World War
