hard to imagine him anywhere else Born in south London Jason Statham has always been an action man As a boy Jason chose not to follow in the footsteps of his parents and instead cultivated his thirst for adrenaline in athletics and diving a skill that took him to the World Championships in 1992 But it was on the athletics track that he was first discovered by a modelling scout for Tommy Hilfiger and French Connection which eventually led Jason to the then fledgling director Guy Ritchie A string of Hollywood blockbusters Lock Stock Revolver Snatch followed But perhaps his best known role came in 2002 when Jason was cast as Frank Martin in The Transporter Statham's background in martial arts defies the norm of the action hero as he performs his own scenes and stunts in some of Hollywood's most death defying action scenes A huge box office hit The Transporter spawned two sequels and has earned the reputation of a cult classic Len Brown's biography is an insightful comprehensive and gripping account of Britain's all action hero **It's All Sun and Games** Portia MacIntosh,2024-07-11 The laugh out loud love triangle summer romantic comedy from MILLION COPY BESTSELLER Portia MacIntosh When Robin finds out she's going on a work trip to Italy she can't wait for a week away in the sunshine away from the daily grind So what if there's a client pitch to do while they're there The thing Robin is most excited about is the chance to show her work crush James what she's really like outside of work and divert his attention from Liz her work rival To make things even better Robin realises that the town they're going to in Italy is the same place that her childhood penpal Andrea is from So it's the perfect time to re connect and finally meet her old friend over some delicious Italian food and wine between work obviously But when Andrea doesn't turn out to be the person Robin thought things get a little complicated So it's set to be a week of all sun and games Until someone falls in love of course A friends to lovers only one bed fake dating romance from million copy bestseller Portia MacIntosh Praise for Portia MacIntosh Smart funny and always brilliantly entertaining every book from Portia becomes my new favourite rom com Shari Low I laughed I cried I loved it Holly Martin The queen of rom com Rebecca Raisin This book made me laugh and kept me turning the pages Mandy Baggot A fun fabulous 5 star rom com Sandy Barker on Your Place or Mine Loved the book it's everything you expect from the force that is Portia A must read Rachel Dove on Your Place or Mine Fun and witty Pure escapism Laura Carter on Fake It Or Leave It A hilarious roaringly fun feel good sexy read I LOVED it Holly Martin on Honeymoon For One A heartwarming fun story perfect for several hours of pure escapism Jessica Redland on Honeymoon for One A feel good funny and well written book I read it in 2 days and enjoyed every second A L Michael on Honeymoon for One Super romantic and full of festive spirit I loved it Mandy Baggot on Stuck On You *The Making of a European Economist* David Colander,2009-01-01 The book is fascinating to read not only by someone like me who is not really an economist but has been close to the field and has been teaching students of economics for a long time but mainly by policymakers both in the field of higher education and in other fields like business where the larger aspects of societal changes are more and more apparent The book is even more worth reading to an audience of economics professors researchers students and particularly policymakers who are waiting for input from economic higher education Mariana

Nicolae Journal of Philosophical Economics In this captivating volume David Colander scrutinizes economics in Europe which is currently undergoing a radical process of convergence standardization and metrication While he acknowledges that the USA is the world leader in terms of journal publications in economics he also suggests that the scholarly breadth and practical orientation of much economics research in Europe is worth preserving and enhancing No one who wishes to make economics more relevant should ignore Colander s painstaking study Geoffrey M Hodgson University of Hertfordshire UK David Colander s highly original and thought provoking book considers ongoing changes in graduate European economics education Following up on his earlier classic studies of US graduate economic education he studies the economist production function in which universities take student raw material and transform it into economists In doing so he provides insight into economists and economics He argues that until recently Europe had a different economist production function than did the US thus European economists were different from their US counterparts However this is now changing and Colander suggests that the changes are not necessarily for the best Specifically he suggests that in their attempt to catch up with US programs European economics is undermining some of their strengths strengths that could allow them to leapfrog US economics in the future and be the center of 21st century economics Student views on the ongoing changes and ensuing difficulties are reported via surveys of and interviews with students in global European graduate programs The conclusion draws broad policy implications from the study and suggests a radically different market approach to funding economic research that Colander argues will help avoid the pitfalls into which European economics is now falling This unique and path breaking book will prove essential reading for economists as well as academics students and researchers with a special interest in economics education the methodology of economics or the history of economic thought **Historical Dictionary**
