Making Of The President 1960 Kennedy

Theodore H. White

Making Of The President 1960 Kennedy:

The Making of the President, 1960 Theodore Harold White, 1961 Analyses the 1960 election when John F Kennedy was elected President of the United States *The Making of the President 1960* Theodore H. White, 2009-11-03 The greatest political story ever told the epic clash between John F Kennedy and Richard M Nixon as captured in Theodore White s dramatic and groundbreaking chronicle The Making of the President 1960 is the book that revolutionized even created modern political journalism Granted intimate access to all parties involved Theodore White crafted an almost mythic story of the battle that pitted Senator John F Kennedy against Vice President Richard M Nixon from the decisive primary battles to the history making televised debates the first of their kind Magnificently detailed and exquisitely paced The Making of the President 1960 imbues the nation s presidential election process with both grittiness and grandeur and established a benchmark against which all new campaign reporters would measure their work The winner of the Pulitzer Prize for general nonfiction and the first entry in White s influential four volume narrative history of American politics in action this classic account remains the keystone of American political journalism *The Real Making of the President* W. J. Rorabaugh, 2009 When John Kennedy won the presidency in 1960 he also won the right to put his own spin on the victory Rorabaugh cuts through the mythology of this election to explain the operations of the campaign and offer a corrective to Theodore White s flawed classic The Making of the President The Making of the President 1960 Theodore H. White, 1961 *The Real Making of the President* W. J. Rorabaugh, 2009-03-05 When John Kennedy won the presidency in 1960 he also won the right to put his own spin on the victory whether as an underdog s heroic triumph or a liberal crusader s overcoming special interests Now W J Rorabaugh cuts through the mythology of this famous election to explain the nuts and bolts operations of the campaign and offer a corrective to Theodore White s flawed classic The Making of the President War hero champion of labor and Pulitzer Prize winning author JFK was long on charisma Despite a less than liberal record he assumed the image of liberal hero thanks to White and other journalists who were shamelessly manipulated by the Kennedy campaign Rorabaugh instead paints JFK as the ideological twin of Nixon and his equal as a bare knuckled politician showing that Kennedy s hard won razor thin victory was attributable less to charisma than to an enormous amount of money an effective campaign organization and television image making The 1960 election Rorabaugh argues reflects the transition from the dominance of old style boss and convention politics to the growing significance of primaries race and especially TV without which Kennedy would have been neither nominated nor elected He recounts how JFK cultivated delegates to the 1960 Democratic convention quietly wooed the still important party bosses and used a large personal organization polls and TV advertising to win primaries JFK s master stroke however was choosing as a running mate Lyndon Johnson whose campaigning in the South carried enough southern states to win the election On the other side Rorabaugh draws on Nixon s often ignored files to take a close look at his dysfunctional campaign which reflected the oddities of a dark and brooding candidate trapped into

defending the Eisenhower administration Yet the widely detested Nixon won almost as many votes as the charismatic Kennedy even though Democrats outnumbered Republicans by three to two This leads Rorabaugh to reexamine the darker side of the election the Republicans charges of vote fraud in Illinois and Texas the use of money to prod or intimidate manipulation of the media and the bulldozing of opponents White and others helped shape persisting impressions of both candidates influencing the way Nixon conducted subsequent campaigns and the Democrats nurtured the Kennedy legacy The Real Making of the President gives us a more sobering look at all of that fundamentally reshaping our understanding of one of the nation s most memorable elections **Kennedy** Mark White,2013-11-07 An exploration of the creation and development of John F Kennedy s image one of the most powerful and enduring in modern history The Making of the President, 1968 Theodore H. White,2010-10-05 White unites a novelist s knack of dramatization and a historian s sense of significance with a synthesizing skill that grasps the reader by the lapels Newsweek The third book in Theodore H White s landmark series The Making of the President 1968 is the compelling account of the turbulent 1968 presidential campaign the assassinations of Robert F Kennedy and Martin Luther King Jr and election of Richard Nixon White made history with his groundbreaking The Making of the President 1960 a narrative that won the Pulitzer Prize for revolutionizing the way that presidential campaigns were reported Now The Making of the President 1968 back in print freshly repackaged and with a new foreword by Chris Matthews joins Theodore Sorensen s Kennedy White s The Making of the President 1960 1964 and 1972 and other classics in the burgeoning Harper Perennial Political Classics series **John F. Kennedy, Barack Obama, and the Politics of Ethnic Incorporation and Avoidance** Robert C. Smith,2013-03-01 Fascinating look at the challenges faced by John F Kennedy and Barack Obama in their quests to win the presidency **The Final Chapter on the Assassination of John F. Kennedy Collectors Edition** Craig I. Zirbel,The Final Chapter LLC,2010-11-30 **Notable Speeches in Contemporary Presidential Campaigns** Robert V. Friedenberg,2002-03-30 Though many studies of contemporary campaigns focus on brief political advertisements and the growing impact of technology on contemporary campaigns the definitive statements of most candidates are still made in public addresses Friedenberg examines the first public address made by an American presidential candidate on his own behalf The circumstances giving rise to William Henry Harrison s 1840 address and the themes that he developed in that address are strikingly contemporary serving as an appropriate prelude to the examinations of contemporary political speaking that follow Those examinations focus on notable campaign speeches by John F Kennedy Barry Goldwater Richard Nixon Ronald Reagan Bill and Hillary Clinton and George W Bush Each study examines a key event that foreshadowed the speech studied Each study presents a rhetorical biography of the speaker including a discussion of the speechwriting team and preparation techniques utilized by the speaker Each study presents a thorough study of the campaign context in which the speeches were presented Each also presents a close reading and rhetorical analysis of the speech itself and observations on the impact of the speech Cumulatively Friedenberg s studies

help to illustrate how even in today's high tech political environment of 30 second ads and candidate Web sites public speeches continue to play a crucial role in political campaigning Of particular interest to scholars and students involved with political communication and political American campaigning *Kennedy v. Nixon* Edmund F. Kallina Jr.,2010-09-26

Kennedy v Nixon is a book for everyone who thinks they know what happened in the pivotal election year of 1960 For fifty years we've accepted Theodore White's premise from *The Making of the President 1960* that Kennedy ran a brilliant campaign while Nixon committed blunder after blunder But White the journalist was a Kennedy partisan and helped establish the myth of Camelot Now five decades later Edmund Kallina offers a fresh overview of the election's most critical and controversial events Based upon research conducted at four presidential libraries those of Eisenhower Kennedy Johnson and Nixon Kallina is able to make observations and share insights unavailable in the immediate aftermath of one of the closest races in American presidential history He describes the strengths and mistakes of both camps and examines the impact of civil rights Cold War tensions and the televised presidential debates on an election that still looms large in both the political history and the popular imagination of the United States *The Kennedy Half-Century* Larry J. Sabato,2014-10-14

An original and illuminating narrative revealing John F Kennedy's lasting influence on America by the acclaimed political analyst Larry J Sabato **JFK in the Senate: Pathway to the Presidency** John T. Shaw,2013-10-15

Before John F Kennedy became a legendary young president he was the junior senator from Massachusetts The Senate was where JFK's presidential ambitions were born and first realized In the first book to deal exclusively with JFK's Senate years author John T Shaw looks at how the young Senator was able to catapult himself on the national stage Tip O'Neill once quipped that Kennedy received more publicity for less accomplishment than anyone in Congress But O'Neill didn't understand that Kennedy saw a different path to congressional influence and ultimately the presidency Unlike Lyndon Johnson the Democratic leader in the Senate JFK never aspired to be The Master of the Senate who made deals and kept the institution under his control Instead he envisioned himself as a Historian Scholar Statesman in the mold of his hero Winston Churchill which he realized with the 1957 publication of *Profiles of Courage* that earned JFK a Pulitzer Prize and public limelight Smart dashing irreverent and literary the press could not get enough of him Yet largely overlooked has been Kennedy's tenure on a special Senate committee to identify the five greatest senators in American history JFK's work on this special panel coalesced his relationships in Congress and helped catapult him toward the presidency Based on primary documents from JFK's Senate years as well as memoirs oral histories and interviews with his top aides JFK in the Senate provides new insight into an underappreciated aspect of his political career **Theodore H. White and Journalism as Illusion** Joyce Hoffmann,1995

Over the years friends and advisers to Kennedy declared that they had never heard the president speak of Camelot But White's article which ran in *Life* magazine created a myth that still endures in the popular consciousness **The Other American**

The Life Of Michael Harrington Maurice Isserman,2001-03-08

Most Americans first heard of Michael Harrington with the

publication of *The Other America* his seminal book on American poverty Isserman expertly tracks Harrington's beginnings in the Catholic Worker **Arthur J. Goldberg** David Stebenne, 1996-05-30 This book is the first biography ever written of Arthur J. Goldberg the former labor lawyer Secretary of Labor under Kennedy and Supreme Court justice which post he resigned at the request of Lyndon Johnson to become U.S. Ambassador to the United Nations who played a leading role in American political life from World War II until the end of the 1960s Goldberg who never wrote memoirs himself shared his thoughts about his life and work with Stebenne in a series of conversations which took place occasionally from the fall of 1981 through to Goldberg's death in 1990 He also allowed Stebenne access to his papers including those held under seal in presidential libraries and at the Library of Congress Based upon these unique sources and written to be accessible to a wide audience Arthur J. Goldberg is both the story of a leading American liberal and a history of modern American liberalism

As Long as They Don't Move Next Door Stephen Grant Meyer, 2001 The first full length national history of American race relations examined through the lens of housing discrimination Jacket The Kennedys Thomas Maier, 2003-10-15 A meticulously researched chronicle of five generations of the Kennedy dynasty explains how their Irish Catholic roots informed their lives and political beliefs and reveals how the immigrant experience shaped both their remarkable success and many tragedies 100,000 first printing **Presidential Upsets** Douglas J. Cloutre, 2013-01-09 This unique book examines election upsets in American presidential campaigns offers in depth analysis of several surprising election results and explains why the front running candidate lost Controversial and unexpected presidential election results have occurred throughout American history Presidential Upsets Dark Horses Underdogs and Corrupt Bargains carefully examines eleven presidential upsets spread across two centuries of American history ranking these election upsets by order of magnitude and allowing readers to compare the issues and processes of American elections After an introductory chapter that establishes the factors that contribute to a presidential upset such as the comparative advantages of candidates the issues facing the candidates and electorate and the political environment during the election the book offers in depth analysis of notable surprise election results and explains why the front running candidate lost Each major period of American history such as the Jacksonian period the Antebellum era Reconstruction World War I the Cold War era and the post Cold War era is covered The author utilizes primary and secondary sources of material to provide contemporary and historical analysis of these elections and bases his analysis upon criteria used by political scientists to predict presidential election results **Chasing Automation** Jerry Prout, 2022-07-15 Chasing Automation tells the story of how a group of reform minded politicians during the heyday of America's industrial prowess 1921-1966 sought to plan for the technological future Beginning with Warren G. Harding and the Conference he convened in 1921 Jerry Prout looks at how the US political system confronted the unemployment caused by automation Both liberals and conservatives spoke to the crucial role of technology in economic growth and the need to find work for the unemployed and Prout shows how their disputes turned on the means of achieving these shared goals and

the barriers that stood in the way This political history highlights the trajectories of two premier scientists of the period Norbert Wiener and Vannevar Bush who walked very different paths Wiener began quietly developing his language of cybernetics in the 1920s though its effect would not be realized until the late 1940s The more pragmatic Bush was tapped by FDR to organize the scientific community and his ultimate success the Manhattan Project is emblematic of the technological hubris of the era Chasing Automation shows that as American industrial productivity dramatically increased the political system was at the mercy of the steady advance of job replacing technology It was the sheer unpredictability of technological progress that ultimately posed the most formidable challenge Reformers did not succeed in creating a federal planning agency but they did create a enduring safety net of laws that workers continue to benefit from today as we face a new wave of automation and artificial intelligence

Immerse yourself in the artistry of words with Crafted by is expressive creation, **Making Of The President 1960 Kennedy** . This ebook, presented in a PDF format (Download in PDF: *), is a masterpiece that goes beyond conventional storytelling. Indulge your senses in prose, poetry, and knowledge.
