Kashatus, 1995 *The Making of New World Slavery* Robin Blackburn, 2010-08-02 *The Making of New World Slavery* argues that independent commerce geared to burgeoning consumer markets was the driving force behind the rise of plantation slavery The baroque state sought successfully to feed upon this commerce and with markedly less success to regulate slavery and racial relations To illustrate this thesis Blackburn examines the deployment of slaves in the colonial possessions of the Portuguese the Spanish the Dutch the English and the French Plantation slavery is shown to have emerged from the impulses of civil society not from the strategies of individual states Robin Blackburn argues that the organization of slave plantations placed the West on a destructive path to modernity and that greatly preferable alternatives were both proposed and rejected Finally he shows that the surge of Atlantic trade predicated on the murderous toil of the plantations made a decisive contribution to both the Industrial Revolution and the rise of the West **Making Thirteen Colonies** Joy Hakim, 2003

Grenda, 2015-03-19 Three hundred and fifty years ago Roger Williams launched one of the world's first great experiments in religious toleration. Insisting that religion be separated from civil power, he founded Rhode Island, a colony that welcomed people of many faiths. Though stark forms of intolerance persisted, Williams' commitments to faith and liberty of conscience came to define the nation and its conception of itself. Through crisp essays that show how Americans demolished old prejudices while inventing new ones, *The Lively Experiment* offers a comprehensive account of America's boisterous history of interreligious relations. **Widener Library Shelflist: American history** Harvard University.

Library, 1967 *Betsy Ross and the Making of America* Marla R. Miller, 2010-04-22 A first-rate biography of the seamstress and patriot and a vivid portrait of life in Revolutionary-era Philadelphia. Authoritative and engrossing. Publishers Weekly starred review. Finalist Cundill Prize in History. *Betsy Ross and the Making of America* is the first comprehensively researched and elegantly written biography of one of America's most captivating figures of the Revolutionary War. Drawing on new sources and bringing a fresh, keen eye to the fabled creation of the first flag, Marla R. Miller thoroughly reconstructs the life behind the legend. This authoritative work provides a close look at the famous seamstress while shedding new light on the lives of the artisan families who peopled the young nation and crafted its tools, ships, and homes. Betsy Ross occupies a sacred place in the American consciousness, and Miller's winning narrative finally does her justice. This history of the ordinary craftspeople of the Revolutionary War and their most famous representative reinvigorates a timeworn American icon by placing her firmly into historical and social context and illuminates the significant role that ordinary citizens, especially women, played in the birth of the new nation. Booklist. An engaging biography. The New York Times Book Review. Fascinating. Cokie Roberts. New York Times bestselling author of *Founding Mothers*. A stupendous literary achievement. It's not easy to accurately write about a real folk legend. Miller does so with historical accuracy, vivid descriptive language, and an encyclopedic knowledge of her subject. Douglas Brinkley. New York Times bestselling author of *The Wilderness Warrior*.

**Female Friends and the Making of Transatlantic Quakerism, 1650-1750** Naomi Pullin, 2018-05-24 Quaker women were unusually active participants in seventeenth and eighteenth-century cultural and religious exchange as ministers, missionaries, authors, and spiritual leaders. Drawing upon documentary evidence with a focus on women's personal writings and correspondence, Naomi Pullin explores the lives and social interactions of Quaker women in the British Atlantic between 1650 and 1750. Through a comparative methodology focused on Britain and the North American colonies, Pullin examines the experiences of both those women who travelled and preached and those who stayed at home. The book approaches the study of gender and religion from a new perspective by placing women's roles, relationships, and identities at the centre of the analysis. It shows how the movement's transition from sect to church enhanced the authority and influence of women within the movement and uncovers the multifaceted ways in which female Friends at all levels were active participants in making
