**Catholic Theology in Shakespeare's Plays** David N. Beauregard, 2008 Explores and reexamines Shakespeare's theology from the standpoint of revisionist history of the English Reformation Making a Match Ann Jennalie Cook, 2014-07-14 Making a Match examines the various options posed at every stage of English wooing together with the presentation of these protocols in the plays of Shakespeare Across the canon wooing may command either a casual reference or a central position in the action but no play escapes a connection of some kind Instead of taking a fixed position on an institution intended to stabilize the commonwealth Shakespeare constantly shifts position in a kaleidoscope of caricature criticism acceptance subversion or indifference For general readers and specialists alike this work supplies a rich understanding of the codes so familiar to the playwright and his audience an understanding essential for an appreciation of the subtleties of his art Delving into primary sources social history demography and literary criticism the author offers the widest possible range of both Renaissance and modern views on the most crucial experience of Elizabethan culture Besides correcting or illuminating the interpretations of Shakespeareans this book offers valuable material for any area of research on the English Renaissance that touches on courtship Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**Courtships, Marriage Customs, and Shakespeare's Comedies** L. Giese, 2016-04-30 Loreen L Giese's study of over 5000 important folios of court depositions contemporary with Shakespeare's plays demonstrates the complex ways those plays participate in and comment upon their culture rather than stand apart from it Both the court records and the plays present women as agents who are capable of challenging their traditional roles Secret Shakespeare Richard Wilson, 2024-06-04 Shakespeare's Catholic context was the most important literary discovery of the last century No biography of the Bard is now complete without chapters on the paranoia and persecution in which he was educated or the treason which engulfed his family Whether to suffer outrageous fortune or take up arms in suicidal resistance was as Hamlet says the question that fired Shakespeare's stage In Secret Shakespeare Richard Wilson asks why the dramatist remained so enigmatic about his own beliefs and so silent on the atrocities he survived Shakespeare constructed a drama not of discovery like his rivals but of darkness deferral evasion and disguise where for all his hopes of a golden time of future toleration What's to come is always unsure Whether or not He died a papist it is because we can never pluck out the heart of his mystery that Shakespeare's plays retain their unique potential to resist This is a fascinating work which will be essential reading for all scholars of Shakespeare and Renaissance studies **Renaissance Shakespeare: Shakespeare Renaissances** Martin
