Hawley,2015-01-08 Many educational professionals agree that the time has come to expand their circle of inclusion and broaden their definition of diversity by increasing LGBTQ studies but the question of how to do so is still debated Although some colleges and universities have been incorporating LGBTQ studies for decades courses and programs continue to be pockets of innovation rather than models of inclusion for all of higher education Colleges and universities need to encourage faculty members to teach and research a wide range of LGBTQ topics as well as support student life professionals in building inclusive campus communities This book includes testimonies that alert educators to possible pitfalls and successes of their policies through an analysis of changing student attitudes Based on these case studies the contributors offer practical suggestions for the classroom and the provost s office demonstrating not only the gains that have been made by LGBTQ students and the institutions that serve them but also the tensions that remain

**Education Feminism** Barbara J. Thayer-Bacon,Lynda Stone,Katharine M. Sprecher,2013-11-18 Winner of the 2015 Critics Choice Book Award presented by the American Educational Studies Association Winner of the 2015 Critics Choice Book Award presented by the American Educational Studies Association Education Feminism is a revised and updated version of Lynda Stone s out of print anthology The Education Feminism Reader The text is intended as a course text and provides students a foundational base in feminist theories in education The classics section is comprised of the readings that students have most responded to in classes The contemporary readings section demonstrates how the third wave feminist criticism of the 1990s has an impact on today s feminist work Both of these sections address critical multicultural educational issues and have an inclusive diverse selection of feminist scholars who bring race class sexual orientation religious practices and colonial postcolonial perspectives to bear on their work The individual essays are concise and well written and arranged in such a way that it is easy for instructors to assign them around themes of their own choosing     *Chicana/Latina Testimonios as Pedagogical, Methodological, and Activist Approaches to Social Justice* Dolores Delgado Bernal,Rebeca Burciaga,Judith Flores Carmona,2017-10-02 While the genre of testimonio has deep roots in oral cultures and in Latin American human rights struggles the publication and subsequent adoption of This Bridge Called My Back Moraga Anzald a 1983 and more recently Telling to Live Latina Feminist Testimonios Latina Feminist Group 2001 have demonstrated the power of testimonio as a genre that exposes brutality disrupts silencing and builds solidarity among women of colour Within the field of education scholars are increasingly taking up testimonio as a pedagogical methodological and activist approach to social justice which transgresses traditional paradigms in academia Unlike the more usual approach of researchers producing unbiased knowledge the testimonio challenges objectivity by situating the individual in communion with a collective experience marked by marginalization oppression or resistance This approach has resulted in new understandings

about how marginalized communities build solidarity and respond to and resist dominant culture laws and policies that perpetuate inequity This book contributes to our understanding of testimonio as it relates to methodology pedagogy research and reflection in pursuit of social justice A common thread among the chapters is a sense of political urgency to address inequities within Chicana o and Latina o communities This book was originally published as a special issue of *Equity Excellence in Education*

May, 2012-08-21 Vivian M May explores the theoretical and political contributions of Anna Julia Cooper a renowned Black feminist scholar educator and activist whose ideas deserve far more attention than they have received Drawing on Africana and feminist theory May places Cooper s theorizing in its historical contexts and offers new ways to interpret the evolution of Cooper s visionary politics subversive methodology and defiant philosophical outlook Rejecting notions that Cooper was an elitist duped by dominant ideologies May contends that Cooper s ambiguity code switching and irony should be understood as strategies of a radical methodology of dissent May shows how across six decades of work Cooper traced history s silences and delineated the workings of power and inequality in an array of contexts from science to literature economics to popular culture religion to the law education to social work and from the political to the personal May emphasizes that Cooper eschewed all forms of mastery and called for critical consciousness and collective action on the part of marginalized people at home and abroad She concludes that in using a border crossing intersectional approach Cooper successfully argues for theorizing from experience develops inclusive methods of liberation and crafts a vision of a fundamentally egalitarian social imaginary

**Crisis in American Higher Education** William A. Smith,Philip G. Altbach,Kofi Lomotey,2012-02-01 Why is it that as we enter the twenty first century the nation s predominantly white colleges and universities continue to be settings where people of color feel unwelcome and marginalized The contributors to this volume dissect a variety of structural and attitudinal factors that are prevalent in the higher education community organizational constructs and value orientations which seem to hark more to the past than to the future They comment on the political social and economic factors that have shaped academic culture and buttressed its quietly efficient maintenance of racially discriminatory practices The American system of higher education is often regarded as the best in the world Smith Altbach and Lomotey have edited a volume that implicitly asks how much better still it could be if it embraced people of color and provided them with a supportive and nurturing environment one which encouraged them to reach their fullest creative and intellectual potential Indeed this will probably be the most significant challenge that the academy faces in the twenty first century William B Harvey Vice President and Director Office of Minorities in Higher Education American Council on Education Washington D C
