Making Music Together Family Songbook:

The Ingalls Wilder Family Songbook Dale Cockrell, 2011-01-01 URL <https://www.areditions.com/rrrra/a071.html> The eight Little House books by Laura Ingalls Wilder 1867-1957 anchored in her family's history and filled with memories of frontier life are cornerstone classics in American children's literature. Embedded in them are citations to 127 pieces of music from parlor songs, stage songs, minstrel show songs, patriotic songs, Scottish and Irish songs, hymns and spirituals to fiddle tunes, singing school songs, play party songs, folk songs, broadside ballads, catches and rounds. No books in American literature of comparable standing and popularity feature America's vernacular music so centrally, assign it such a major narrative role and index it in such rich abundance. This edition is a reconstruction of the family songbook based on the music referenced in Wilder's books. Although no such object ever existed, her representations of music making have likely informed the imaginations of more Americans than many a paper and bindings anthology for what millions of readers have come to know about America's musical heritage is what they learned from the Little House books: the titles and lyrics to songs, how songs and tunes functioned where they were heard, what they meant, the importance of music to individuals, families and communities. Wilder's references and her evocative images of music making thus form the basis of understanding about American music to many readers. The Ingalls Wilder Family Songbook is an effort to give fresh voice and sound to the music inscribed in these great books and new appreciation about how music functioned during a place and time important in American history and mythology.

Making Music Together James Freeman, 2022-01-14 This book is the result of our love for music for our families, our musical colleagues and even our dogs. The story is by no means chronological, though after a Prelude it does follow very loosely accounts of our youth, our education, our musical experiences and adventures. Those experiences have included playing with the Pittsburgh Symphony, the Boston Pops, Peter Nero's Philly Pops, our concerts in Moscow in the midst of a revolution, St. Petersburg, Carnegie Hall, the Salzburg Festival, Havana, Puerto Rico, Mexico, Japan, Taiwan, Slovenia, Denmark, Norway, Italy, England, Germany, Peru and the Library of Congress. It is also a history of Orchestra 2001, the Swarthmore College and Philadelphia-based contemporary music ensemble I founded and directed from 1988 to 2015. It includes in the appendices a complete list of Orchestra 2001's concerts, repertoire and recordings, as well as highlights and critical commentary about many of those performances and CDs.

The Metronome Method Hugh MacDonald, 2013-08. If you want your family enterprise to prosper and carry on your legacy after you're gone, then you need to learn *The Metronome Method*, a metaphor for the creation of a Family Agreement. Hugh MacDonald, owner and founder of the Canadian Succession Protection Company, provides a fun approach to succession and estate planning with this guidebook. There are simple steps you can take to get your house in order before you, the conductor, leave the stage. You can learn how to prepare family members for the responsibility of ownership, provide a framework for your enterprise to survive for centuries, create a plan that establishes a shared vision for future generations, and build consensus among family members in and outside the business. How to Make Music in an Epidemic Matthew Jones, 2024-06-07 This volume examines responses to the epidemic of HIV/AIDS in Anglophone popular musicians and music video during the AIDS crisis, 1981-1996. Through close reading of song lyrics, musical texts, and music videos, this book demonstrates how music played an integral part in the artistic activist response to the AIDS epidemic, demonstrating music as a way to raise money for HIV/AIDS services, to articulate affective responses to the epidemic, to disseminate public health messages, to talk back to power, and to bear witness to the losses of AIDS. Drawing methodologies from musicology, queer theory, critical race studies, public health, and critical theory, the book will be of interest to a wide readership, including artists, activists, musicians, historians, and other scholars across the humanities, as well as to people who lived through the AIDS crisis.
