Making Of An Un American

Donald E. Collins

Making Of An Un American:

The Making of an Un-American Paul Cowan,1970 The Poverty of the World Sheyda F. A. Jahanbani,2023 Bringing together foreign and domestic policy The Poverty of the World aims to offer a new answer to the question of why Americans became obsessed with poverty in the 1960s A history of how American liberals made sense of US power during a period of unprecedented affluence at home it uses intellectual and political biographies of major figures in postwar US social thought and politics to tell the story of how Americans invented the problem of global poverty and executed a war against it

Harris,Kimberly R. Moffitt,Catherine R. Squires,2010-09-20 November 4 2008 ushered in a historic moment Illinois Senator Barack Obama was elected the forty fourth President of the United States of America In The Obama Effect editors Heather E Harris Kimberly R Moffitt and Catherine R Squires bring together works that place Barack Obama s candidacy and victory in the context of the American experience with race and the media Following Obama s victory optimists claimed that the campaign signaled the arrival of an era of postracism and postfeminism in the United States This collection of essays all presented at a national conference to discuss the meaning and impact of the nomination of the first presidential candidate of African descent remind the reader that reaching a point in U S history where a biracial man could be deemed electable is part of a still ongoing struggle It resists the temptation to dismiss the uncertainty hope and fear that characterized the events and discourse of the two year primary and general election cycle and brings together multidisciplinary approaches to assessing the Obama effect on public discourse and participation This volume provides readers with a means for recalling and mapping out the enduring issues that erupted during the campaign issues that will continue to shape how our society views itself and President Obama in the coming years **An Enemy We Created** Alex Strick van Linschoten,Felix Kuehn,2012 To this day the belief is widespread

that the Taliban and al Qaeda are in many respects synonymous that their ideology and objectives are closely intertwined and that they have made common cause against the West for decades Yet this view have hardly ever been scrutinized or tested empirically This is all the more surprising given that the West s present entanglement in Afghanistan is commonly predicated on the need to defeat the Taliban in order to forestall further terrorist attacks worldwide There is thus an urgent need to re examine the known facts of the Taliban al Qaeda relationship and to tell the story of the Taliban s encounter with internationalist militant Islamism In *An Enemy We Created* Alex Strick van Linschoten and Felix Kuehn focus on the complexity of the relationship between the two groups and the individuals who established them The book which has already been cited prominently in *The New Yorker* is the first to examine in detail the relationship from the Taliban s perspective based on Arabic Dari and Pashtu sources drawing on the authors many years of experience in southern Afghanistan the Taliban s heartland They also interviewed Taliban decision makers field commanders and ordinary fighters while immersing themselves in Kandahar s society The story of those individuals who were to become the key decision makers and the relationships among all those involved from the mid 1990s onward reveal how frequently the Taliban and al Qaeda diverged rather than converged *An Enemy We Created* concludes that there is room to engage the Taliban on two fundamental issues renouncing al Qaeda and guaranteeing that Afghanistan will not be a sanctuary for international terrorists Yet the insurgency is changing and it could soon be too late to find a political solution The authors contend that certain aspects of the campaign in Afghanistan especially night raids and attempts to fragment and decapitate the Taliban are transforming the resistance creating more opportunities for al Qaeda and helping it to attain its objectives [The Swedish American Trade Journal](#)

,1921 *Native American Aliens* Donald E. Collins,1985-08-22 Collins addresses a subject that has been the object of much research and controversy in the past decade the internment of tens of thousands of Japanese Americans during WW II More specifically he focuses on the mass renunciation of citizenship by these persons of Japanese ancestry The author contends that the renunciations were based on misinformation rather than on disloyalty The book is well written presenting some new data rather than merely relying on existing documents The bibliography is comprehensive for those who may have an interest in the general subject of the treatment of Japanese Americans during the war Readers in the fields of American and ethnic history diplomacy and Asian studies will find this book of use College university and public library collections Choice

Perimeters of Democracy Heather Fryer,2010-06-01 During times of conflict Americans have worried that enemies within would twist freedom of speech into a weapon of propaganda and use freedom of assembly to unleash violent internal chaos As a result the government isolated and confined within federal communities groups that they deemed dangerous Within these so called cultural structures of realistic democracy the government awkwardly attempted to protect citizens while curbing their rights and freedoms It is no accident that the government s enclosed worlds were most numerous in the American West where abundant open space has long symbolized the glory of American freedom and progress Heather Fryer

looks at four of these inverse utopias in the American West the Klamath Indian reservation the community of nuclear scientists in Los Alamos the Japanese internment camp in Topaz Utah and the wartime company town of Vanport Oregon Each community stripped freedoms from Americans based on beliefs about the treacherous tendencies of minorities workers and radicals Although the differences of experience among the four populations were considerable they shared the marginalization repression displacement and disillusionment with the federal government that flourished within the confined spaces of America s inverse utopias Nor was their experience theirs alone it is instead part of a patterned national wartime dynamic that makes enemies of citizens while fighting to extend American freedom to every corner of the globe Air Force journal of logistics: vol23_no2 , *Catalog of Copyright Entries.
