Gregory, Niall A. Cunningham, C. D. Lloyd, Ian G. Shuttleworth, Paul S. Ell, 2013-12-27 Tap s the power of new geospatial technologies explore s the intersection of geography religion politics and identity in Irish history International Social Science Review Ireland s landscape is marked by fault lines of religious ethnic and political identity that have shaped its troubled history Troubled Geographies maps this history by detailing the patterns of change in Ireland from 16th century attempts to plant areas of Ireland with loyal English Protestants to defend against threats posed by indigenous Catholics through the violence of the latter part of the 20th century and the rise of the Celtic Tiger The book is concerned with how a geography laid down in the 16th and 17th centuries led to an amalgam based on religious belief ethnic national identity and political conviction that continues to shape the geographies of modern Ireland Troubled Geographies shows how changes in religious affiliation identity and territoriality have impacted Irish society during this period It explores the response of society in general and religion in particular to major cultural shocks such as the Famine and to long term processes such as urbanization Makes a strong case for a greater consideration of spatial information in historical analysis a message that is obviously appealing for geographers Journal of Interdisciplinary History A book like this is useful as a reminder of the struggles and the sacrifices of generations of unrest and conflict albeit that on a global scale the Irish troubles are just one of a myriad of disputes each with their own history and localized geography Journal of Historical Geography      *Toleration and State Institutions* Karen Stanbridge, 2003-01-01 Toleration and State Institutions explores the rise of more charitable British policy toward Catholics in Ireland and in Quebec beginning in the latter half of the eighteenth century Karen Stanbridge carefully demonstrates that Catholic relief arose more gradually and encountered less opposition than is generally maintained This work sheds new light on the official treatment

and mistreatment of minorities at home during the height of British expansion abroad offering a fascinating example of the divisions and rapprochements that characterize the relationship between state and society      **Ireland Since 1939** Henry Patterson, 2008-02-26 A compelling narrative of contemporary Ireland from one of its most highly respected historians The Ireland of today is a place poised between the divisiveness of deep seated conflict and the modernizing pull of material prosperity Though each state s history is strikingly divergent the mirroring ideologies that fuel them are remarkably symbiotic With Ireland Since 1939 one of the most distinguished Irish historians working today casts a fresh and unpredictable eye to Ireland s history from World War II up through the present to show how by putting aside its North South conflict Ireland can look forward to a prosperous economic future      **The Making of Modern Ireland, 19603-1923** [by] **J.C.
