**The Making of the Filipino Nation and Republic** Jose Veloso Abueva,1998    The Philippine Republic ,1923    **The Filipino People** ,1914    Filipino Nation ,1929    Chasing Archipelagic Dreams David R. Saunders,2024-12-15 In Chasing Archipelagic Dreams David R Saunders demonstrates that the withdrawal of the British imperial state from Sabah did not result in the decolonization of the territory From the late 1940s to the 1960s international anti colonialism interacted with regional competition over Sabah to result in a paradoxical increase of British power and influence on the ground Meanwhile ethnic social and political heterogeneity in Sabah contributed to fragmentation and disunity undermining the development of a local anti colonial movement Instead a class of influential local elites seized power as competing attempts by the Philippines Indonesia and Malaya to incorporate the territory into their respective archipelagic spheres grew in strength Due to these local and international rivalries Saunders argues Sabah s eventual merger with the Federation of Malaysia in 1963 prompted an extension of colonial style rule resource extraction the suppression of local autonomy and the imposition of an externally configured national identity Chasing Archipelagic Dreams underscores the significance of regional rivalries in the South China Sea and highlights the fate of subaltern communities bisected by post colonial borders    STEWARDS OF INNOVATION Leadership Practices in Philippine Public Higher Education ANANG FATMA T. Hazel McFerson,2001-12-30 Invidious distinctions on the basis of race and overt racism were central features in American colonial policy in the Philippines from 1898 to 1947 as America transported its domestic racial policy to the island colony This collection by young Filipino scholars analyzes American colonialism and its impact on administration and attitudes in the Philippines through the prism of American racial tradition a structural concept which refers to beliefs attitudes images classifications laws and social customs that shape race relations and racial formation in multiracial and colonial societies The dominance of this tradition was manifested in the wanton prerogatives of the U S Congress and others who helped to carry out colonial policy in the region The Spanish flexible racial tradition had resulted in a system based on ethnicity and class as determinants of social and economic structure while the rigid U S racial tradition assigned race the more dominant role The cultural affinity between the early individual American administrators and the Filipino elite however meant that class based distinctions in the islands were not broken up Thus the extreme elitist character of the Philippines economy and society persisted and became impervious to the influences which in other Asian countries led to a progressive weakening of elite structures as the 20th century advanced **Modern Philippines** Patricio N. Abinales,2022-07-08 Choice Outstanding Academic Title 2023 This comprehensive thematic encyclopedia focuses on the Philippines exploring this important island nation from a variety of perspectives The Philippines is a nation that has experience being ruled by two separate colonial powers is home to a people who have had strong attachments to democratic politics and possesses a culture that is a rich mix of Chinese Spanish and American influences What are some important characteristics of contemporary daily life and culture in the Philippines Thematic chapters examine topics such as government and politics history food etiquette education gender marriage and sexuality media and popular culture music art and more Each chapter opens with a general overview of the topic and is followed by alphabetically arranged entries that home in even closer on the topic Sidebars and illustrations appear throughout the text and appendixes cover a glossary facts and figures holidays chart and vignettes that paint a picture of a typical Day in the Life **Asian Place, Filipino Nation** Nicole CuUnjieng Aboitiz,2020-07-14 The Philippine Revolution of 1896 1905 which began against Spain and continued against the United States took place in the context of imperial subjugation and local resistance across Southeast Asia Yet scholarship on the revolution and the turn of the

twentieth century in Asia more broadly has largely approached this pivotal moment in terms of relations with the West at the expense of understanding the East East and Global South connections that knit together the region's experience Asian Place Filipino Nation reconnects the Philippine Revolution to the histories of Southeast and East Asia through an innovative consideration of its transnational political setting and regional intellectual foundations Nicole CuUnjieng Aboitiz charts turn of the twentieth century Filipino thinkers and revolutionaries Asianist political organizing and proto national thought scrutinizing how their constructions of the place of Asia connected them to their regional neighbors She details their material and affective engagement with Pan Asianism tracing how colonized peoples in the periphery of this imagined Asia focusing on Filipinos but with comparison to the Vietnamese reformulated a political and intellectual project that envisioned anticolonial Asian solidarity with the Asian center of Japan CuUnjieng Aboitiz argues that the revolutionary First Philippine Republic's harnessing of transnational networks of support activism and association represents the crucial first instance of Pan Asianists lending material aid toward anticolonial revolution against a Western power Uncovering the Pan Asianism of the periphery and its critical role in shaping modern Asia Asian Place Filipino Nation offers a vital new perspective on the Philippine Revolution's global context and content

**Philippine Studies** Priscelina Patajo-Legasto, 2008 These essays by Philippine and U S based scholars illustrate the dynamism and complexities of the discursive field of Philippine studies as a critique of vestiges of universalist Western hegemonic paradigms as an affirmation of traditional and emergent cultural practices as a site for new readings of old texts and new popular forms brought into the ambit of serious scholarship and as a liberative space for new art and literary genres

**State and Society in the Philippines** Patricio N. Abinales, Donna J. Amoroso, 2017-07-06 This clear and nuanced introduction explores the Philippines ongoing and deeply charged dilemma of state society relations through a historical treatment of state formation and the corresponding conflicts and collaboration between government leaders and social forces Patricio N Abinales and Donna J Amoroso examine the long history of institutional weakness in the Philippines and the varied strategies the state has employed to overcome its structural fragility and strengthen its bond with society The authors argue that this process reflects the country's recurring dilemma on the one hand is the state's persistent inability to provide essential services guarantee peace and order and foster economic development on the other is the Filipinos equally enduring suspicions of a strong state To many citizens this powerfully evokes the repression of the 1970s and the 1980s that polarized society and cost thousands of lives in repression and resistance and billions of dollars in corruption setting the nation back years in economic development and profoundly undermining trust in government The book's historical sweep starts with the politics of the pre colonial era and continues through the first year of Rodrigo Duterte's controversial presidency

Butterfly* Lois Ann Yamanaka s *Blue s Hanging* and Jessica Hagedorn s *Dog eaters* this study considers the ways in which bodies challenge the categories asserted in nation building The book proposes that underwritten by the vast histories of American imperial migrations there are texts and bodies which challenge and reconstitute the ever vexed definition of American In re membering such bodies Maria C Zamora proclaims our
