The Learning Game Jonathan Smith, 2012-07-26 We are all caught up in our children s lives We all remember our own schooldays and as parents we watch anxiously as our children go through it As we look at the world of teaching from the outside we wonder not only what is going on but what we can do to help Jonathan Smith a born teacher and writer takes us on his personal journey from his first days as a pupil through to the challenges of his professional and private life on the other side of the desk He makes us feels what it is like to be a teacher facing the joys and the battles of a class How do you influence a child He describes how you catch and stretch their minds What difference can a teacher make or how much damage can he do Should clever pupils teach themselves What works in the classroom world and what does not And while influencing the young how do you develop yourself how do you teach yourself to keep another life and find that elusive balance This is a compelling and combative story warmly anecdotal in approach yet as sharp in its views of the current debates as it is sensitive in its psychological understanding From the first page to the last and without a hint of jargon this inspiring book rings true

Chinese Civil Law Yuanshi Bu, 2013-07-30 China is a major civil law jurisdiction Since the end of the 1990s great efforts have been made in China to codify the entire civil law With the major statutes governing contracts property torts and conflict of laws promulgated in 1999 2007 2009 and 2010 respectively the most crucial steps have been taken towards the creation of a Chinese Civil code This book attempts to shed light on both the theoretical and the practical aspects of Chinese civil law while extensive footnotes and a detailed bibliography and index allow for further study of specific areas and facilitate systematic research The book addresses the following topics Part I General Part II Contracts Part III Tort Law Part IV Property Law Part V Conflict of Laws Main features Combination of an overall picture of the specific field of law at issue and thorough analysis of fundamental issues Combination of black letter law and law in action Selected bibliography of publications in English information on English translations of Chinese regulations available in the public domain lists of the relevant statutes and judicial interpretations as well as cases **The Encyclopedia Americana**, 1922 *The Americana*, 1923 **Political Parties and Democratic Linkage** Russell J. Dalton, David M. Farrell, Ian McAllister, 2011-09-30 Is the party over Parties are the central institutions of representative democracy but critics increasingly claim that parties are failing to perform their democratic functions This book assembles unprecedented cross national evidence to assess how parties link the individual citizen to the formation of governments and then to government policies Using the Comparative Study of Electoral Systems and other recent cross national data the authors examine the workings of this party linkage process across established and new democracies Political parties still dominate the electoral process in shaping the discourse of campaigns the selection of candidates and mobilizing citizens to vote Equally striking parties link citizen preferences to the choice of representatives with strong congruence between voter and party Left Right positions These preferences are then translated in the formation of coalition governments and their policies The authors argue that the critics of parties have overlooked the ability of political parties to adapt to changing conditions in order to perform their crucial linkage functions

As the context of politics and societies have changed so too have political parties Political Parties and Democratic Linkage argues that the process of party government is alive and well in most contemporary democracies Musical News and Herald ,1923 The Digest of Judgments of the Supreme Court of Nigeria Bamgbose, Olatokunbo John,2017-08-16 The Digest of Judgments of the Supreme Court of Nigeria DJSCN is a legal practice book which is a comprehensive compendium of Nigerian case law at the apex level of the Nigerian Judiciary The DJSCN is produced in four volumes which comprise the judgments of the Supreme Court of Nigeria for over a period of forty three years The first and second volumes cover the judgments of the Supreme Court on Practice and Procedure Courts Criminal Law and Procedure and Evidence The last two volumes cover contemporary issues in different branches of law *TPT The Book of Song of Songs* Brian Simmons,2025-01-07 The book of Song of Songs is a breathtaking divine allegory of love rich with symbolic and poetic depths It unfolds the Shulamite s journey revealing the path every lover of Jesus takes This melody of our Savior s love unlocks our hearts drawing us closer to our Bridegroom King This 12 lesson study guide on the book of Song of Songs designed for both individual and group study provides a unique and welcoming opportunity to immerse yourself in God s precious Word as expressed in The Passion Translation Begin your journey with a thorough introduction that details the authorship of Song of Songs date of composition first recipients setting purpose central message and key themes The lessons then walk you through every portion from the book and include features such as notable verses historical and cultural background information definitions of words and language cross references to other books of the Bible and character portraits of figures from the Bible and church history Enrich your biblical understanding of the book of Song of Songs experience God s love for you and share his heart with others Critical Theory for Library and Information Science Gloria J. Leckie,Lisa M. Given,John E. Buschman,2010-07-26 This text provides an overview of major critical theorists from across disciplines including the humanities social sciences and education that discusses the importance of these critical perspectives for the advancement of LIS research and scholarship The practical application of library and information science is based upon 75 years of critical theory and thought Therefore it is essential for students and faculty in LIS to be familiar with the work of a wide range of critical theorists The aim of Critical Theory for Library and Information Science Exploring the Social from Across the Disciplines is to provide a comprehensive introduction to the critical theorists important to the LIS audience and to give insights into how such theory can be incorporated into actual LIS research and practice This book consists of chapters on individual critical theorists ranging from Aglietta to Habermas to Spivak written by an international group of library and information science scholars Each chapter provides an overview of the theoretical stance and contributions of the theorist as well as relevant critical commentary This book will be particularly valuable as a reference text of core readings for those pursuing doctoral or masters level degrees in LIS *Seeing History: Public History in China* LI Na,2023-11-06 When public history was imported from the United States to China around the turn of the twenty first century it was introduced as a sub

field within history and has developed along that path ever since Professional historians in China even some forward looking ones see public history as merely presenting a change in the patterns of participation in history making This book offers a sharply different view It contends essentially that public history represents more than a research domain within history or within any existing discipline nor does it fit into any established narratives but rather a fundamental change of the entire process of history making in China In this process the public is prosuming history Public history makes obsolete the old structure for building and acquiring historical knowledge it challenges the old assumptions supersedes the rigid academic hierarchy and stirs the imaginations of the multitudes With an assemblage of case studies this work makes a case for a system view of public history making or public history ing and launches a concept complex public history i e public history ing as complex adaptive systems
