Matthew Was Adopted Child Of Destiny:

The Position of the Adopted Child of God Chibuzo N. A. Uruakpa, 2023-04-12 The declaration by Paul the Apostle that if any one be in Christ he is a new creature old things have passed away behold all things are become new encapsulates the restorative transformation of the believer Yet many don t have a clear understanding of the status this transformation confers on the believer in Christ In *The Position of the Adopted Child of God* Dr Uruakpa presents in a readable and compelling language the transcendent newness of the adopted child of God detailing the necessity of the adoption the cost method and consequences of the adoption and the benefits of the newness accruing to the believer in the form of their secure inheritance The author sounds a note of warning to twenty first century believers to beware of all the forces that threaten to sabotage this privileged position as God s adopted child This position in spite of all odds the author underscores is unassailable in the life of the child of God who is seated with Christ astounding

Boff,2005-12-20 Liberating Grace is an important book on God s presence to human life that relates the new liberationist
perspective to the best of the great theological tradition The author unfolds the meaning of Christian grace in the light of the
Latin American experience of dependency and exploitation He shows that the turn to political involvement does not produce
a detachment from the religious roots Gregory BaumMcGill UniversityLeonardo Boff s Liberating Grace is a remarkable work
Against the background of traditional interpretations which may have fit the medieval or ancient world Boff insists that grace
must be understood within history and in terms of the kinds of experience we have today Grace is no longer thought of as a
substance but is discovered in the experience of relationships God s liberating presence in the world permeates both
personal and social relations and this points to the political and economic arenas as keys to understanding God s free gift of
love for humanity Theology from Brazil has the aroma flavor and stimulation of something genuine a grace which permeates
all aspects of personal and social experience within the natural world Boff works this view into various aspects of doctrine
including views of the Incarnation Holy Spirit and the Trinity Chiefly however he makes grace into a relevant doctrine for
