outdoors She allowed only the most privileged guests to enter her spotless house Hilarious and touching Grandma Tonia and her regulations come richly to life in a narrative that circles around the arrival into the family's dusty agricultural midst of the big shiny American sweeper sent as a gift by Great uncle Yeshayahu he who had shockingly emigrated to the sinful capitalist heaven of Los Angeles America to little Meir and to his forebears was a land of hedonism and enchanting progress of tempting luxuries dangerous music and degenerate gum chewing and of women with painted fingernails The sweeper a stealth weapon from Grandpa Aharon's American brother meant to beguile the hardworking socialist household with a bit of American ease was symbolic of the conflicts and visions of the family in every respect The fate of Tonia's ~~svieeperrr~~ hidden away for decades in a spotless closed off bathroom after its initial use is a family mystery that Shalev determines to solve The result in this cheerful translation by Evan Fallenberg is pure delight as Shalev brings to life the obsessive but loving Tonia the pioneers who gave his childhood its spirit of wonder and the grit and humor of people building ever new lives The Dry Goods Reporter, 1912 *Codes and Contradictions* Jeanne Drysdale Weiler, 2012-02-01 This book examines the variations in the constitution of female gender in a group of young working class women of African American Latina U S Puerto Rican and white European backgrounds who are enrolled in an alternative high school for students at risk of academic failure It then analyzes the school processes that impact on the shaping of the young women's gender identities and provides evidence that female gender identity among various racial or ethnic backgrounds can be very dissimilar It also illustrates the enormous power of schools to re-orient young women who have previous experiences of academic failure to view education as crucial to attaining their future goals **Becoming a Grandmother** Sheila Kitzinger, 1997-12-05 Explores ways in which grandmothers can find satisfaction in their new roles have better understanding of family tensions communicate more effectively with their daughters and daughters in law and provide emotional support 1977 My First Year of Epilepsy Glyn Marston, 2021-04-21 1977 was for one fourteen year old boy the year that changed his life the year he was diagnosed with epilepsy Glyn Marston woke up in the middle of the road early one August morning and had no recollection of how he got there he didn't realise that this was the beginning of the end of life as he knew it Glyn was eventually witnessed in an epileptic seizure and was forced to accept that his life would never be the same again accepting that he had an illness that killed his mum's sister in 1961 was to be a terrifying experience for she died 18 months before Glyn was born and at the age of fourteen Glyn Marston tells of his struggle to accept a change of life whereas he would be confined to his house for his own safety a time when the family were advised not to speak about the condition because folk didn't really understand epilepsy and ignorance would be evident because of the stigma attached to the illness Glyn Marston recalls a painful time of his life the year that was stolen from him because of epilepsy 1977 was Glyn's first year of an illness that he had to try to understand his first year of epilepsy *Ladybug* S.W.
