Delgado,2007 A young man s transformation from Army Reserve volunteer to Buddhist conscientious objector and critic of the war in Iraq The Sutras of Abu Ghraib is the story of a soldier who refused to succumb to violence In chronicling the struggles of military life and the dehumanizing effects of war Aidan Delgado examines the attitudes that make prisoner abuse possible and explores his own developing Buddhist beliefs against a brutal backdrop It is a tale of physical bravery moral courage and the cost of holding on to your identity while everyone around you is losing theirs The son of a diplomat Delgado grew up in various countries including Thailand where he was introduced to Buddhism and Egypt where he learned Arabic In 2001 after his first year of college he enlisted in the U S Army Reserve and in 2003 he was deployed as a specialist in Nasiriyah and at Abu Ghraib When his colleagues learned that he spoke some Arabic and enjoyed meeting Iraqis they made

use of him but also began to mistrust him As Delgado witnessed more and more American racism arrogance and abuse of unarmed Iraqis his opposition mounted Concluding that war ran counter to his Buddhist principles he sought conscientious objector status and after finishing his tour of duty was honorably discharged The following year Bob Herbert wrote in the New York Times The public at large and especially the many soldiers who have behaved honorably in Iraq deserve an honest answer Mr Delgado s complaints and the entire conduct of this wretched war should be thoroughly investigated **Into**

The Sermon Sucking Black Hole David R. Mains, 2015-05-12 Very little communication takes place between most pastors priests and their congregants regarding the weekly sermon homily This lack of constructive dialogue has resulted in Sunday messages that are not only out of touch with where parishioners are living but for the most part what s said isn t remembered much beyond the church parking lot Dr Mains contends that people in the pew can best judge when a sermon is helpful to them and when it isn t So why not include them in the process of both preparing and evaluating sermons Not preaching the sermons but again preparing and evaluating them He makes these changes sound so simple and practical that you can t help but wonder Why weren t these ideas implemented years ago Most people in the pew don t realize how integral they are to finding a solution to this problem But the pulpit pew combination can be an incredibly powerful team so let s begin to work together to help solve this mystery of what s happening to sermons This is not a negative book or one that only points out problems Instead it s a positive practical and encouraging read that should fill you with hope for not only your local congregation but churches everywhere
