Medievalism David Matthews, 2015

An accessibly written survey of the origins and growth of the discipline of medievalism studies The field known as medievalism studies concerns the life of the Middle Ages after the Middle Ages Originating some thirty years ago it examines reinventions and reworkings of the medieval from the Reformation to postmodernity from Bale and Leland to HBO s *Game of Thrones* But what exactly is it An offshoot of medieval studies A version of reception studies Or a new form of cultural studies Can such a diverse field claim coherence Should it be housed in departments of English or History or should it always be interdisciplinary In responding to such questions the author traces the history of medievalism from its earliest appearances in the sixteenth century to the present day across a range of examples drawn from the spheres of literature art architecture

music and more He identifies two major modes the grotesque and the romantic and focuses on key phases of the development of medievalism in Europe the Reformation the late eighteenth century and above all the period between 1815 and 1850 which he argues represents the zenith of medievalist cultural production He also contends that the 1840s were medievalism's one moment of canonicity in several European cultures at once After that medievalism became a minority form rarely marked with cultural prestige though always pervasive and influential Medievalism a Critical History scrutinises several key categories space time and selfhood and traces the impact of medievalism on each It will be the essential guide to a complex and still evolving field of inquiry David Matthews is Professor of Medieval and Medievalism Studies at the University of Manchester

[A Cultural Dictionary of Punk](#) Nicholas Rombes, 2010-06-01 Neither a dry as dust reference volume recycling the same dull facts nor a gushy gossipy puff piece A Cultural Dictionary of Punk 1974 1982 is a bold book that examines punk as a movement that is best understood by placing it in its cultural field It contains myriad critical listening descriptions of the sounds of the time but also places those sounds in the context of history Drawing on hundreds of fanzines magazines and newspapers the book is in the spirit of punk an obsessive exhaustively researched and sometimes deeply personal portrait of the many ways in which punk was an artistic cultural and political expression of defiance A Cultural Dictionary of Punk is organized around scores of distinct entries on everything from Lester Bangs to The Slits from Jimmy Carter to Minimalism from Dot Dash to Bad Brains Both highly informative and thrillingly idiosyncratic the book takes a fresh look at how the malaise of the 1970s offered fertile ground for punk as well as the new wave post punk and hardcore to emerge as a rejection of the easy platitudes of the dying counter culture The organization is accessible and entertaining short bursts of meaning in tune with the beat of punk itself Rombes upends notions that the story of punk can be told in a chronological linear fashion Meant to be read straight through or opened up and experienced at random A Cultural Dictionary of Punk covers not only many of the well known now legendary punk bands but the obscure forgotten ones as well Along the way punk's secret codes are unraveled and a critical time in history is framed and exclaimed Visit the Cultural Dictionary of Punk blog here

The Barbarians Are Here Michael Youssef, 2025-04-08 For decades Americans were vaguely aware that Islamist barbarians were in the deserts of the Middle East and in the mountains of Afghanistan and Pakistan executing infidels and raiding villages with unrecognizable names But the Muslim world seemed far away remote and irrelevant to our daily lives Then came the terrorist attacks of 9 11 followed by attacks at Fort Hood the Boston Marathon San Bernardino and more Now terrorists seem to be emerging everywhere unleashing senseless death and destruction on our nation They are here and their goal is nothing less than global conquest Motivated by ancient prophecies they are flooding into Western countries determined to conquer our countries and establish a global Muslim caliphate In The

Barbarians Are Here Dr Michael Youssef provides clear insight into the motives and mission of the Islamic extremists He offers practical steps we can take right now to begin a New Reformation that will restore the hope of Western civilization It is not too late We are not doomed to destruction even though the barbarians are already here But we haven't a moment to lose Let this book shape how you think pray and take the Gospel to the ends of the earth R Albert Mohler Jr President of The Southern Baptist Theological Seminary I want every American every citizen and every member of my family to read this book It is foolhardy not to Pat Boone Entertainer Pat Boone Enterprises *Virtue Ethics and Moral Knowledge* R. Scott Smith, 2017-10-24 We live in a time of moral confusion many believe there are no overarching moral norms and we have lost an accepted body of moral knowledge Alasdair MacIntyre addresses this problem in his much heralded restatement of Aristotelian and Thomistic virtue ethics Stanley Hauerwas does so through his highly influential work in Christian ethics Both recast virtue ethics in light of their interpretations of the later Wittgenstein's views of language This book systematically assesses the underlying presuppositions of MacIntyre and Hauerwas finding that their attempts to secure moral knowledge and restate virtue ethics both philosophical and theological fail Scott Smith proposes alternative indications as to how we can secure moral knowledge and how we should proceed in virtue ethics *Yes, I Am A Vampire* Stephen Kozeniewski, 2024-07-27 The Collected Short Fiction and Autobiography of Stephen Kozeniewski 2013 2016 Despite all the evidence to the contrary I swear I am not a vampire Cross my heart and eh nevermind Just trust me there are no vampires within these pages Plenty of zombies though One of the short stories in this book features a zombie caveman for instance And another is called Exploding Shit Zombies You can probably guess what that one's about Not every story is zombie themed of course I've also got a monster under the bed piece that's pretty fucking scary And in another a bunch of little alien goblins take over a farmstead This isn't just a short story collection either Half of it's my autobiography I guarantee you've never seen those two styles mashed together before I also guarantee you've never seen any fucking vampires before Not here Not anywhere So let's just drop it What do you mean bloodstains all over the book Don't worry about those Just wipe the gore off your fingers and dive in to *Yes I Am A Vampire* **Usurpers of Freedom in Conspiracy** Gyeorgos Ceres Hatonn, 1994
