

A low-angle, perspective shot of a line of chocolate figures, possibly on a conveyor belt or a display stand. The figures are dark brown and have a glossy, slightly textured surface. They are arranged in a single file, receding into the distance. The background is a bright, overexposed white, creating a strong contrast with the dark chocolate. The figures appear to be of various shapes, some resembling human figures in different poses, others more abstract. The perspective draws the viewer's eye down the line of figures.
