

ROBERT MULLER

NEW GENESIS

Shaping a Global Spirituality

I dedicate this book to the innumerable good people of this planet who want to live in peace, friendship, freedom and justice, and to enjoy the miracle of life under the generous rays of our sun and the good guidance of the God of the universe.

It is dedicated to all peacemakers who try to heal the antiquated quarrels, divisions and insanity of those who refuse to recognize the oneness of our planetary home and of the human family.

It is dedicated to all my comrades from Alsace-Lorraine who died in the flower of their age during World War II while God granted me the privilege of survival.

It is dedicated to the United Nations, the first universal organization of this planet, from which I have learned so much.

It is dedicated to Dag Hammarskjöld and U Thant, my spiritual masters.

It is dedicated to all those who have given me peace, happiness, love and knowledge during my sojourn on earth.

May the kind divine providence help us start a new history and prepare the advent of a new age, a new world, a new philosophy and new human relationships, as we approach the bimillennium.

Let us all coalesce with all our strength, mind, heart and soul around a New Genesis, a true global, God-abiding political, moral and spiritual renaissance to make this planet at long last what it was always meant to be: the Planet of God.
