David E Hayes-Bautista

New Hispanics The New Image For New Leaders:

New Hispanics Edward Valdez, Kim Valdez, 1994

Ethnic Ironies Rodolfo O. de la Garza, Louis Desipio, 2018-02-12

Ethnic Ironies describes the role of Latino electorates in national and state level politics during the 1992 elections. The book examines Latino politics from the top down looking at the efforts of candidates and campaigns to speak to Latino concerns and to mobilize Latino voters and from the bottom up reviewing the efforts of Latinos to win electoral office and to influence electoral outcomes. Chronicling the campaigns and uncovering patterns of Latino influence, the core of the book consists of eight state level analyses by experts who have observed firsthand the states with the most sizable Latino electorates. An overview chapter synthesizes and integrates the findings of these case studies placing them in national perspective. **Ethnic Ironies** is the third in a series of studies on Latino electoral behavior published by Westview Press including *From Rhetoric to Reality: Latino Politics in the 1988 Elections* and *Barrio Ballots: Latino Politics in the 1990 Elections*. This latest study also serves as a companion volume to *Latino Voices: Mexican, Puerto Rican, and Cuban Perspectives on American Politics* and *New Americans by Choice: Political Perspectives of Latino Immigrants*. **Hispanic Engineer & IT**, 1995. **Hispanic Engineer** Information Technology is a publication devoted to science and technology and to promoting opportunities in those fields for Hispanic Americans.

Latinas in American Politics Samantha L. Hernandez, Leslie A. Navarro, Sharon A.

Navarro, 2016-05-12. The challenges that women face as political candidates can be compounded by race. In the case of Latinas, stereotypes as well as national media coverage and labeling of Latino issues potentially creates an electoral burden for Latina candidates at the local, state, and national level. The intersection of race and gender is complicated and often creates more questions than it answers. How are Latinas elected? Are they served by this complex identity or hindered by it? **Latinas in American Politics: Embracing and Changing Political Tradition** begins addressing the issues by examining the stereotypes Latinas face while running for political office. More specifically, the perception of voters on ideological standings of Latinas provides insight as to what party Latinas are identified with and how they can use this to their advantage. In addition to establishing the role stereotypes play in the electability of Latinas, the way they use and diffuse these stereotypes via campaigns is examined. The images that Latinas present and how they interact with voters via social media establishes a new dynamic in campaigning and allows for theory building in the area of race, gender, and campaigns. Aside from campaigning, party identification for a Latina creates a different barrier. How do Latinas bridge this? Case studies of prominent Latina officials are examined to understand within which contexts and under what conditions Latinas as candidates and as elected officials will experience intersectionality as advantage and disadvantage. Finally, the examination of Latina congressional members shows whether and how the intersection of gender and ethnicity in descriptive representation contributes uniquely to patterns of substantive representation. Ultimately, this volume demonstrates how the intersection of race and gender creates unique situations for representation and electability of candidates.

La Nueva California David E

Hayes-Bautista,2004-11 Since late 2001 more than fifty percent of the babies born in California have been Latino When these babies reach adulthood they will by sheer force of numbers influence the course of the Golden State This essential study based on decades of data paints a vivid and energetic portrait of Latino society in California by providing a wealth of details about work ethic family strengths business establishments and the surprisingly robust health profile that yields an average life expectancy for Latinos five years longer than that of the general population Spanning one hundred years this complex fascinating analysis suggests that the future of Latinos in California will be neither complete assimilation nor unyielding separatism Instead the development of a distinctive regional identity will be based on Latino definitions of what it means to be American

Latinos in a Changing Society Edwin Meléndez,Martha Montero-Sieburth,2007-02-28 Given the importance of Latino issues in the current social and economic times the publication of Latinos in a Changing Society is both timely and prescient in its contributions to the current discourse of how Latinos are being influenced by U S norms and culture and how Latinos are also affecting U S society This volume contributes to our need for comprehensive analysis of how Latin communities compare and contrast with other underserved groups It also examines how changes are taking place within specific Latino groups particularly between first and second generation Cubans returning Puerto Ricans Dominican poverty and emergent Mexican leaders in the New England area The opportunities that Latinos and dominant mainstream interests share are identified in this volume but so are the many areas in need of change In this current atmosphere of anger and suspicion toward immigrants this volume presents an analytical perspective that is too often absent from politically motivated debates about Latinos and their role in a changing society Undocumented immigrants are often portrayed as people who come to this country to take advantage of a generous welfare system contributing little to the economic and social development of the country This volume critically examines issues such as the Latino commitment to labor participation the ways that Latino parents engage in schools and in their communities health access and social programs the policing concerns within the Latino community the academic adjustments made by Latino college students as well as the educational opportunities that exist for Latinos across the country Unlike publications that seek to summarize knowledge about the Latino population in the United States Latinos in a Changing Society provides a broader range of insights into the types of policy analysis research and public consciousness needed to advance the educational social cultural and political participation and incorporation of Latinos in the new century This volume critically examines such issues as the disparity in poverty among Latino groups the lack of access to health services the Latino commitment to labor participation the ways that Latino parents engage in schools and in their communities and the educational dropout rates of Latinos across the country and the underlying causes of those rates Unlike publications that seek to summarize knowledge about the Latino population in the United States Latinos in a Changing Society provides a broader range of insights into the types of policy analysis research and public consciousness needed to advance the educational social cultural and political participation and

incorporation of Latinos in the new century **Gender and Women's Leadership** Karen O'Connor, 2010-08-18 This work within The SAGE Reference Series on Leadership provides undergraduate students with an authoritative reference resource on leadership issues specific to women and gender Although covering historical and contemporary barriers to women's leadership and issues of gender bias and discrimination this two volume set focuses as well on positive aspects and opportunities for leadership in various domains and is centered on the 101 most important topics issues questions and debates specific to women and gender Entries provide students with more detailed information and depth of discussion than typically found in an encyclopedia entry but lack the jargon detail and density of a journal article Key Features Includes contributions from a variety of renowned experts Focuses on women and public leadership in the American context women's global leadership women as leaders in the business sector the nonprofit and social service sector religion academia public policy advocacy the media sports and the arts Addresses both the history of leadership within the realm of women and gender with examples from the lives of pivotal figures and the institutional settings and processes that lead to both opportunities and constraints unique to that realm Offers an approachable clear writing style directed at student researchers Features more depth than encyclopedia entries with most chapters ranging between 6 000 and 8 000 words while avoiding the jargon and density often found in journal articles or research handbooks Provides a list of further readings and references after each entry as well as a detailed index and an online version of the work to maximize accessibility for today's student audience *Transforming the Parish* Thomas P. Sweetser, Patricia M. Forster, 2011-07-19 *Transforming the Parish Models for the Future* is the result of twenty years of work with parishes across the United States through the Parish Evaluation Project It offers models for the future in the areas of spirituality small faith communities liturgy faith development volunteers and freeing structures It provides ideas and suggestions about what parish life could be while at the same time paying close attention to what is *Transforming the Parish* is a practical guide for pastors staffs parish leaders pastoral ministers diocesan personnel and those studying the future of parish life and operation Parish Evaluation Project is a resource to Catholic parishes dioceses religious communities and pastoral ministries throughout the United States In March of 1993 it celebrated twenty years of service It is based in Des Plaines Illinois a suburb of Chicago and is listed in the Official Catholic Directory as an organization affiliated with the United States Catholic Conference **Culture Wars** Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most

timely and critical issues facing America today *Constructing Social Research* Charles C. Ragin, Lisa M. Amoroso, 2018-03-30 *Constructing Social Research* answers the question What is social science Updated throughout with new references and examples the Third Edition of this innovative text by Charles C Ragin and Lisa M Amoroso shows the unity within the diversity of activities called social research to help students understand how all social researchers construct representations of social life using theories systematic data collection and careful examination of that data
