Patricia Hersch,2013-02-06 For three fascinating disturbing years writer Patricia Hersch journeyed inside a world that is as familiar as our own children and yet as alien as some exotic culture the world of adolescence As a silent attentive partner she followed eight teenagers in the typically American town of Reston Virginia listening to their stories observing their rituals watching them fulfill their dreams and enact their tragedies What she found was that America s teens have fashioned a fully defined culture that adults neither see nor imagine a culture of unprecedented freedom and baffling complexity a culture with rules but no structure values but no clear morality codes but no consistency Is it society itself that has created this separate teen community Resigned to the attitude that adolescents simply live in a tribe apart adults have pulled away relinquishing responsibility and supervision allowing the unhealthy behaviors of teens to flourish Ultimately this rift between adults and teenagers robs both generations of meaningful connections For everyone s world is made richer and more challenging by having adolescents in it **Book Review Digest** ,1929 Excerpts from and citations to reviews of more than 8 000 books each year drawn from coverage of 109 publications Book Review Digest provides citations to and excerpts of reviews of current juvenile and adult fiction and nonfiction in the English language Reviews of the following types of books are excluded government publications textbooks and technical books in the sciences and law Reviews of books on science for the general reader however are included The reviews originate in a group of selected periodicals in the humanities social sciences and general science published in the United States Canada and Great Britain Publisher **Chosen by Random**

Richard Green,2017-08-16 Richard Green has a knack of taking an event or an idea and reframing it to hilarious effect throwing us off balance into a world of absurd and compelling storytelling The three wise men desperately try to keep the nativity story straight a leopard has a job as an overzealous police officer and time travelling poets critique each other s work in a Gentlemen s Club But Green s stories are not merely clever comedy As characters are exaggerated and history reimagined a keen intelligence satirises self importance ambition and stupidity Painful puns and cartoonish characters live side
