What Happened from the Cross to the Throne E. W. Kenyon, 2025-07-15 Believe it or not as they stood at the foot of the cross the original disciples who walked in close companionship with Jesus knew nothing of the real mission of the man they followed They did not realize who Christ was why He came why He had to suffer and what was to be gained by His suffering They did not know what happened on the cross or during the three days and nights in the tomb before His resurrection They did not know why the incarnation was important or that it even was an incarnation All they could see was the undeserved suffering of their friend and rabbi Now legendary Bible teacher E W Kenyon reveals hidden truths that were not fully understood until the Pauline Revelation of the Epistles Until God revealed these truths to the apostle Paul no one understood why Christ came why His death on the cross was necessary or what exactly occurred in the tomb They did not comprehend the good news that because of these events we now become the righteousness of God people who can stand in God's presence without a sense of guilt shame or inferiority This is the miracle of redemption and the miracle of New Creation It is the confidence to overcome the devil to heal disease and to call Lazarus out of the tomb To this day far too many believers share the disciple's view of Jesus a biographical account of the things He did the words He spoke and the suffering He endured Because of this limited revelation their Christian faith will experience the same fears and doubts the disciples were

left with the day Jesus was crucified Like the apostles at Pentecost we must move beyond sense knowledge and into the Spirit realm We must move beyond religion and into a living and active truth if we are to truly walk in a powerful and overcoming faith

Administrative Reform in Post-Mao China Stephen K. Ma,1996 This book analyzes China's bureaucratic behavior since the inauguration of administrative reform in the late 1970s Although bureaucratic behavior in China in the past decade was increasingly corrupted this aspect of China's post Mao reform has not been subjected to a rigorous scrutiny This book explores the gulf between desired and the actual bureaucratic behavior among China's public administrators The author argues that this behavioral gap in China's modernization stems from several factors including the nation's cultural heritage the ruling party's approach to government and the absence of trusted full fledged academic groups assigned to advise on administrative reform The book then probes one of the gravest consequences of the behavioral gap reform corruption a phenomenon which seems to be a mixed blessing of modernization

The Love of God Christopher W. Morgan,2016-09-30 Our understanding of the love of God has been tragically distorted The comfortable sentimentalized version we commonly encounter today is far from the biblical depiction of God's love Featuring contributions from well known evangelical scholars this multi disciplinary study presents the biblical view of the love of God from the perspectives of systematic theology biblical theology apologetics pastoral theology and ethics The contributors including D A Carson Andreas J K stenberger Raymond C Ortlund Jr Robert L Plummer and many others address a variety of issues related to how God's love is expressed in the Old and New Testaments the Trinity apologetics Christian living social justice and more This addition to the Theology in Community series will promote clear sound thinking about what Scripture means when it declares that God is love Part of the Theology in Community series

Implementation of Law in the People's Republic of China Jianfu Chen,Yuwen Li,Jan Michiel Otto,2021-08-04 China after some twenty years of reform is no longer a country without law Indeed one may legitimately complain that there are too many laws that are changing too rapidly However law acquires no life nor performs its intended social functions without proper implementation and enforcement Here few people Chinese or foreign are content with the general situation of implementation of law in China The problems and difficulties in implementing and enforcing laws and regulations are reported and discussed in the various forums of the Chinese media almost on a daily basis and often reported in Western media also Academics in China are filling the pages of various legal journals with their diagnoses and analyses of the causes of and solutions to the lack of proper implementation of law and legal regulations and policy measures are being issued to deal with these problems and to overcome the difficulties The future of the rule of law in China as we are so often reminded by scholars of Chinese politics and law largely depends on the proper implementation and enforcement of law This is a book about law in action in China that is it focuses on the administration of the law as a process through which law in the books is put into action and hence is made to perform its intended social functions It deals with the process the institutional settings the players and the political economic social and cultural settings the factors involved in the

administration of law in China Throughout the book we will see a variety of problems and difficulties involved in implementing and enforcing laws and regulations that are identified and analyzed by the contributors We will also see analyses on legal regulations and policy measures that have been issued to rectify the many identified problems to raise the standard of actual implementation of law and to improve the functioning of the various law implementing enforcing authorities Additionally the book provides various case studies on implementation of law in China The present book we believe is among the first collective efforts at a systematic and comprehensive study of the implementation of law in China and we hope that it will stimulate many more such studies studies on the actual operation and impact of law on society and on individuals
