A New Design for Family Ministry Dennis B. Guernsey, 1982 A Family Perspective in Church and Society , 1998

This central document in family ministry includes techniques for implementing a family perspective into all policies programs and services of the Church **Partnering with Parents in Youth Ministry** Jim Burns, Mike DeVries, 2003-10-07 The most

powerful force in a young person's life is his or her family The importance of this is pointed out in the writing of the Torah in Deuteronomy 6:4-9 where believers are mandated to pass their family legacies to the next generations The newest trend in youth ministry today is a very healthy move toward family based ministry a mindset that helps the Church act as a support system while placing discipleship and training back into the hands of family Partnering with Parents in Youth Ministry will help youth workers understand their unique role in helping families succeed and will give an overview strategy of family based youth ministry as well as practical ideas on implementing this awesome ministry in your church **The**

Family-Powered Church Pamela J. Erwin, 2008-12-01 Effective churches understand the need for effective families We know you're concerned with the state of family today What if you could turn your church into a powerful family of families Now you can This comprehensive guide recognizes that each church and its families are unique So it provides you a variety of clear and practical tips on Building strong family foundations Enriching family ministries Connecting families to other families both inside and outside the church Building a happier healthier and more effective church **Christian Marriage and Family** Michael G. Lawler, William P. Roberts, 1996 A definite shift in the Catholic Church's understanding of marriage took place at Vatican Council II Rather than perceiving marriage as a contract whose primary purpose was the procreation of children the council spoke of marriage as an intimate partnership of life and love Then recapturing an earlier tradition it went on to describe the family as a domestic church In this book seven theologians who have lectured and written extensively on marriage probe the rich theology of marriage and family that emerged from Vatican II and explore some of the implications that flow from this theology Part One reflects on the sacramentality of marriage and on the family as a church of the home Part Two examines the pastoral implications this has for marital and family ministry and spirituality BOOK JACKET
