Police Race And Ethnicity A Guide For Police Services:

Police, Race and Ethnicity Brian K. Cryderman, Augie Fleras, Christopher N. O'Toole, Ontario Committee for the Standardization of Police Education in Race and Ethnic Relations, 1998 This guide for law enforcement officers in Ontario is intended to provide some understanding of the multicultural reality of policing in Canada and to lessen mistakes through cultural ignorance Section one deals with key sociological terms theories terminology and concepts relating to race and ethnic issues Section two discusses the pros and cons of the multicultural nature of Canadian society and the trend towards a community policing model of enforcement Part three gives a profile of seven minority groups providing a history language family religion and heritage background for each to give police a better understanding of the community

Race, Ethnicity, and Policing Stephen K Rice, Michael D White, 2010-03-01 From Rodney King and driving while black to claims of targeting of undocumented Latino immigrants relationships surrounding race ethnicity and the police have faced great challenge Race Ethnicity and Policing includes both classic pieces and original essays that provide the reader with a comprehensive even handed sense of the theoretical underpinnings methodological challenges and existing research necessary to understand the problems associated with racial and ethnic profiling and police bias This path breaking volume affords a holistic approach to the topic guiding readers through the complexity of these issues making clear the ecological and political contexts that surround them and laying the groundwork for future discussions The seminal and forward thinking twenty two essays clearly illustrate that equitable treatment of citizens across racial and ethnic groups by police is one of the most critical components of a successful democracy and that it is only when agents of social control are viewed as efficient effective and legitimate that citizens will comply with the laws that govern their society The book includes an introduction by Robin S Engel and contributions from leading scholars including Jeffrey A Fagan James J Fyfe Bernard E Harcourt Delores Jones Brown Ramiro Martinez Jr Karen F Parker Alex R Piquero Tom R Tyler Jerome H Skolnick Ronald Weitzer and many others

Latinos in a Changing Society Edwin Meléndez, Martha Montero-Sieburth, 2007-02-28 Given the importance of Latino issues in the current social and economic times the publication of Latinos in a Changing Society is both timely and prescient in its contributions to the current discourse of how Latinos are being influenced by U S norms and culture and how Latinos are also affecting U S society This volume contributes to our need for comprehensive analysis of how Latin communities compare and contrast with other underserved groups It also examines how changes are taking place within specific Latino groups particularly between first and second generation Cubans returning Puerto Ricans Dominican poverty and emergent Mexican leaders in the New England area The opportunities that Latinos and dominant mainstream interests share are identified in this volume but so are the many areas in need of change In this current atmosphere of anger and suspicion toward immigrants this volume presents an analytical perspective that is too often absent from politically motivated debates about Latinos and their role in a changing society Undocumented immigrants are often portrayed as people who

come to this country to take advantage of a generous welfare system contributing little to the economic and social development of the country This volume critically examines issues such as the Latino commitment to labor participation the ways that Latino parents engage in schools and in their communities health access and social programs the policing concerns within the Latino community the academic adjustments made by Latino college students as well as the educational opportunities that exist for Latinos across the country Unlike publications that seek to summarize knowledge about the Latino population in the United States *Latinos in a Changing Society* provides a broader range of insights into the types of policy analysis research and public consciousness needed to advance the educational social cultural and political participation and incorporation of Latinos in the new century This volume critically examines such issues as the disparity in poverty among Latino groups the lack of access to health services the Latino commitment to labor participation the ways that Latino parents engage in schools and in their communities and the educational dropout rates of Latinos across the country and the underlying causes of those rates Unlike publications that seek to summarize knowledge about the Latino population in the United States *Latinos in a Changing Society* provides a broader range of insights into the types of policy analysis research and public consciousness needed to advance the educational social cultural and political participation and incorporation of Latinos in the new century

Policing Citizens Guy Ben-Porat, Fany Yuval, 2019-08-01 What does police violence against minorities or violent clashes between minorities and the police tell us about citizenship and its internal hierarchies Indicative of deep seated tensions and negative perceptions incidents such as these suggest how minorities are vulnerable suffer from or are subject to police abuse and neglect in Israel Marked by skin colour negatively stigmatized or rendered security threats their encounters with police provide a daily reminder of their defunct citizenship Taking as case studies the experiences and perceptions of four minority groups within Israel including Palestinian Arab citizens ultra Orthodox Jews and Ethiopian and Russian immigrants Ben Porat and Yuval are able to explore different paths of citizenship and the stratification of the citizenship regime through relations with and perceptions of the police in Israel Touching on issues such as racial profiling police brutality and neighbourhood neglect their study questions the notions of citizenship and belonging shedding light on minority relationships with the state and its institutions
