## **Political Development In Pacific Asia:**

**Political Development in Pacific Asia** David Martin Jones, 1997-11-13 This book provides a clear and accessible account of political and economic development in Pacific Asia. Adopting a comparative and historical approach, it examines the factors behind the East Asian Miracle, which has transformed the economies and societies of South Korea, Taiwan, Hong Kong, Singapore, Indonesia, Thailand, and Malaysia. Political Development in Pacific Asia begins by examining the traditional forms of political culture which prevailed in Pacific Asia and which affected in various ways post-colonial political development in the region. Subsequent chapters examine the growth strategies pursued by high performing economies of East Asia and the implications of rapid growth for democratization and civil society. The final chapter explores the place of these economies in a rapidly changing regional and international order. While Jones gives due attention to the remarkable achievements of the high performing economies of East Asia, he also addresses the social and political costs of this rapid state managed growth. The result is a balanced and nuanced account of political and economic development in Pacific Asia which will be invaluable for students and scholars alike.

**Pacific Asia** Yumei Zhang, 2003-09-02 Pacific Asia has witnessed arguably the most dynamic economic growth and social transformation in the world since 1945. Exploring this extraordinary pace of development, this book explains the various factors that lie behind it.

**Politics in Pacific Asia** Xiaoming Huang, Jason Young, 2017-09-16 This lively and accessible new edition provides a uniquely broad ranging introduction to the governance and politics of Pacific Asia. Thematically structured around the key institutions and issues, it is genuinely comparative in its approach to the whole region. A range of representative countries—China, Japan, Korea, Taiwan, Singapore, Malaysia, Thailand, Indonesia, Vietnam, and the Philippines—are used as key case examples throughout, and each of them is subject to a detailed full page country profile. This diverse region is a fascinating area for study. Politics in Pacific Asia provides a framework to form a coherent understanding of the region's politics; it balances persistent patterns with the latest developments and general characteristics with the differing cultures, histories, and institutions of individual countries.

**Governance in Pacific Asia** Peter Ferdinand, 2012-02-02 This book examines the political economy of the states of Pacific Asia, stretching from Japan to Burma, since the end of WWII. Governance in Pacific Asia offers a comprehensive account of the diverse experiences of the states in Pacific Asia. Organized thematically around government and business relations in the main sectors of the economy, chapters cover the historical, social, and cultural contexts for such policies as well as the social and political consequences of rapid economic development. They also discuss the increasing economic integration of the region as well as its impact on global affairs and the reverse effect of globalization upon particular political systems. Each chapter contains case studies and examples from anywhere in the region, with some countries appearing more regularly, such as China, Japan, newly industrialized economies, Thailand, the Philippines, Malaysia, Indonesia, and Vietnam. Governance in Pacific Asia provides an in-depth comparative survey of a key region in world politics and political economy. An

essential text that includes sources from the region in at least three languages Chinese Japanese and Indonesian Malay it will be of interest to students and faculty in international relations developmental politics Asian politics and political economy

First published in 1992, Pacific Asia in the 1990s explores the main economic and political trends among the Pacific Asian countries in the second half of the 1980s. It suggests where the potential problems lie and where the opportunities are. This book is an unusual collaborative venture in that it combines the complementary viewpoints of a Japanese author, a Malaysian author and someone from outside the region. The authors examine the broad patterns of economic interdependence and security linkages both within the region and with external partners, then analyse in detail the political economy of the newly industrializing economies, the patterns of complementarity and competition in Southeast Asia, the dilemma of reform or retrenchment facing China and the smaller regional socialist states and the paradoxes of Japan's attempts to define its role in the region and the world. *Millennium Development Goals*

*and Community Initiatives in the Asia Pacific* Amita Singh, Eduardo T. Gonzalez, Stanley Bruce Thomson, 2012-12-18 The book brings together implementation studies from the Asia Pacific countries in the context of the deadline of 2015 for achieving the Millennium Development Goals The contributors to this volume are scholars belonging to the Network of Asia Pacific Schools and Institutes of Public Administration and Governance NAPSIPAG NAPSIPAG is the only non West governance research network presently located at Jawaharlal Nehru University New Delhi after having shifted from its original location at INTAN Government of Malaysia at Kuala Lumpur in 2009 Implementation is a less understood but a much debated area of governance research It requires micro level analysis of government agencies service delivery departments and stakeholders on one hand and its national and global policy level connections on the other Implementation studies are above disciplinary divides and subsequent disjunctions which inhibit explorations on policy downsides or failures The studies relate to the new initiatives which governments across the region have undertaken to reach out to the MDG targets agreed upon in 2000 The focus of analysis is the policy framework local capacities of both the government agencies and people in drawing partnerships with relevant expert groups ability to bring transparency and accountability measures in transactions for cost effective results leadership and sustainability dimensions which influence the functioning of local agencies The book is especially important in the background of 15 voluminous Administrative Reforms Commission Reports accumulating dust in India and similar efforts lying unattended in many other countries of this region as well Countries like Malaysia which has focused upon implementation strategies combined with timely evaluation and supervision of administrative agencies has almost achieved most of their committed MDGs A special report of Malaysian efforts initiates the debate of moving beyond the best practice research in implementation arena The central idea of this book is to demonstrate the role of communities in making governance effective and government responsive to the needs of people
