Public Places Exploring Their History:

Encyclopedia of Local History Carol Kammen, Amy H. Wilson, 2012-10-12 The Encyclopedia of Local History addresses nearly every aspect of local history including everyday issues theoretical approaches and trends in the field The second edition highlights local history practice in each U S state and Canadian province **History in Public Space** Joanna Wojdon, Dorota Wiśniewska, 2024-08-05 This book focuses on various manifestations of history in public spaces in the physical ones of various historical times and geographical places as well as in the virtual world It discusses how the spaces have been shaped and re shaped by whom and for what not always laudable purposes and raises pragmatical and ethical questions for both research and practical activities in the field By combining both micro and global perspectives the universal role that history plays in spaces created by and for as well as the factors determining its usages is revealed The authors are rooted in specific national contexts Canadian or American Ukrainian or Polish British or Irish German or Luxembourgish Korean or Brazilian and the case studies are varied including large cities and small towns city centers and godforsaken cemeteries but the narratives built on these cases go beyond when they deal with issues such as decoding history and its meanings in public spaces doing history in public spaces and observing changes in manifestations of history in public spaces This volume is an essential resource for anyone interested in the relationship between history and public space in a global perspective

Encyclopedia of Local History Amy H. Wilson, 2017-02-06 The Encyclopedia of Local History addresses nearly every aspect of local history including everyday issues theoretical approaches and trends in the field This encyclopedia provides both the casual browser and the dedicated historian with adept commentary by bringing the voices of over one hundred experts together in one place Entries include Terms specifically related to the everyday practice of interpreting local history in the United States such as African American History City Directories and Latter Day Saints Historical and documentary terms applied to local history such as Abstract Culinary History and Diaries Detailed entries for major associations and institutions that specifically focus on their usage in local history projects such as Library of Congress and Society of American Archivists Entries for every state and Canadian province covering major informational sources critical to understanding local history in that region Entries for every major immigrant group and ethnicity Brand new to this edition are critical topics covering both the practice of and major current areas of research in local history such as Digitization LGBT History museum theater and STEM education Also new to this edition are graphics including 48 photographs Overseen by a blue ribbon Editorial Advisory Board Anne W Ackerson James D Folts Tim Grove Carol Kammen and Max A van Balgooy this essential reference will be frequently consulted in academic libraries with American and Canadian history programs public libraries supporting local history museums historic sites and houses and local archives in the U S and Canada This third edition is the first to include photographs Public Places Gerald A. Danzer, 1987 This book s purpose is to consider the public dimension of the local environment to see that environment as a product of historical forces and finally to contemplate

the relationship of individual members of a community to the places where they encounter each other Pref **Private Spaces in Public Places** Laura Walikainen Rouleau, 2024-07-16 This work takes a unique slant on the concept of privacy not in terms of threats or law but as it manifested in physical spaces **The Public Artscape of New Haven** Laura A. Macaluso, 2018-04-30 There are nearly 500 public works of art throughout New Haven Connecticut a city of 17 square miles with 130 000 residents While other historic East Coast cities Philadelphia Providence Boston have been the subjects of book length studies on the function and meaning of public art New Haven founded 1638 has largely been ignored This comprehensive analysis provides an overview of the city s public art policy programs and preservation and explores its two centuries of public art installations monuments and memorials in a range of contexts Places of Worship James P. Wind, 1997 Places of Worship provides an easily accessible guide to researching and writing the history of a synagogue church temple or mosque Wind s emphasis on connecting the individual congregation with the larger community and the larger political and social forces of the time make Places of Worship useful for both the professional and amateur historian Appendices provide guidance on important works in American religion and a directory of helpful archives and historical agencies *The Oxford Handbook of Public History*, 2017-09-20 The Oxford Handbook of Public History introduces the major debates within public history the methods and sources that comprise a public historian s tool kit and exemplary examples of practice It views public history as a dynamic process combining historical research and a wide range of work with and for the public informed by a conceptual context The editors acknowledge the imprecision bedeviling attempts to define public history and use this book as an opportunity to shape the field by taking a deliberately broad view They include professional historians who work outside the academy in a range of institutions and sites and those who are politically committed to communicating history to the wide range of audiences This volume provides the information and inspiration needed by a practitioner to succeed in the wide range of workplaces that characterizes public history today for university teachers of public history to assist their students and for working public historians to keep up to date with recent research This handbook locates public history as a professional practice within an intellectual framework that is increasingly transnational technological and democratic While the nation state remains the primary means of identification increased mobility and the digital revolution have occasioned a much broader outlook and awareness of the world beyond national borders It addresses squarely the tech savvy media literate citizens of the world the digital natives of the twenty first century in a way that recognizes the revolution in shared authority that has swept museum work oral history and much of public history practice This volume also provides both currently practicing historians and those entering the field a map for understanding the historical landscape of the future not just to the historiographical debates of the academy but also the boom in commemoration and history outside the academy evident in many countries since the 1990s which now constitutes the historical culture in each country Public historians need to understand both contexts and to negotiate their implications

for questions of historical authority and the public historian's work The boom in popular history is characterized by a significant increase in both making and consuming history in a range of historical activities such as genealogy family history and popular collecting cultural tourism historic sites and memorial museums increased memorialization both formal and informal from roadside memorials to state funded shrines and memorial Internet sites increased publication of historical novels biographies and movies and TV series set in the past Much of this as well as a vast array of new community cultural projects has been facilitated by the digital technologies that have increased the accessibility of historical information the democratization of practice and the demand for sharing authority **Publications of the American Folklife Center**, 1977
