## Public Testimony Poems:

The Testimonies of Russian and American Postmodern Poetry Albena Lutzkanova-Vassileva, 2016-06-30 This book challenges the belief in the purely linguistic nature of contemporary poetry and offers an interpretation of late twentieth century Russian poetry as a testimony to the unforeseen annulment of communist reality and its overnight displacement by a completely unfathomable post totalitarian order Albena Lutzkanova Vassileva argues that because of the sudden invalidation of a reality that had been largely seen as unattained and everlasting this shift remained secluded from the mind and totally resistant to cognition thus causing a collectively traumatic psychological experience The book proceeds by inquiring into a school of contemporary American poetry that has been likewise read as cut off from reality Executing a comparative analysis Vassileva advances a new understanding of this poetry as a testimony to the overwhelming and traumatic impact of contemporary media which have assailed the mind with far more signals than it can register digest and furnish with semantic weight

**The Palgrave Handbook of Testimony and Culture** Sara Jones, Roger Woods, 2023-04-19 This Palgrave Handbook examines the ways in which researchers and practitioners theorise analyse produce and make use of testimony It explores the full range of testimony in the public sphere including perpetrator testimony testimony presented through social media and virtual reality A growing body of research shows how complex and multi layered testimony can be how much this complexity adds to our understanding of our past and how creators and users of testimony have their own complex purposes These advances indicate that many of our existing assumptions about testimony and models for working with it need to be revisited The purpose of this Palgrave Handbook is to do just that by bringing together a wide range of disciplinary theoretical methodological and practice based perspectives

**Situating Poetry** Joshua Logan Wall, 2022-10-11 A retelling of

American modernism through the lines of solidarity and division within and among ethnic and religious identities found in poetry What happens if we approach the reading and writing of poetry not as an individual act but as a public one Answering this question challenges common assumptions about modern poetry and requires that we explore the important questions that define genre Where is this poem situated and how did it get there Joshua Logan Wall's *Situating Poetry* studies five poets of the New York literary scene rarely considered together James Weldon Johnson Charles Reznikoff Lola Ridge Louis Zukofsky and Robert Hayden Charting their works and careers from 1910-1940 Wall illustrates how these politically marginalized writers from drastically different religious backgrounds wrestled with their status as American outsiders These poets produced a secularized version of America in which poetry rather than God governed individual obligations to one another across multiethnic barriers Adopting a multiethnic and pluralist approach Wall argues that each of these poets two Black two Jewish and one Irish American anarchist shares a desire to create more truly democratic communities through art and through the covenantal publics created by their poems despite otherwise sitting uncomfortably at best within a more standard literary history In this unique account of American modernist poetics religious pluralism creates a lens through which to consider the bounds of solidarity and division within and among ethnic identities and their corresponding literatures

*Poets in the Public Sphere* Paula Bennett, 2003-04-06 Based entirely on archival research *Poets in the Public Sphere* traces the emergence of the New Woman by examining poetry published by American women in newspapers and magazines between 1800 and 1900 Using sources like the Kentucky Reporter the Cherokee Phoenix the Cincinnati Israelite and the Atlantic Monthly Bennett is able to track how U.S. women from every race class caste region and religion exploited the freedom offered by the nation's periodical press especially the poetry columns to engage in heated debate with each other and with men over matters of mutual concern Far from restricting their poems to the domestic and personal these women addressed a significant array of political issues abolition Indian removals economic and racial injustice the Civil War and not least their own changing status as civil subjects Overflowing with a wealth of heretofore untapped information their poems demonstrate conclusively that ordinary nineteenth century women were far more influenced by the women's rights movement than historians have allowed In showing how these women turned the sentimental and ideologically saturated conventions of the period's verse to their own ends Bennett argues passionately and persuasively for poetry's power as cultural and political discourse As much women's history as literary history this book invites readers to rethink not only the role that nineteenth century women played in their own

emancipation but the role that poetry plays in cultural life      *Poems* Hannah More,1816      *Conversion: a poem, etc*
