Public Voices Literature And Politics:

Public Voices: Literature and Politics with Special Reference to the Seventeenth Century Lionel Charles Knights, 1972 Public Voices Karin Baumgartner, 2009 This series focuses on literature and other cultural artifacts produced during the long nineteenth century in German speaking lands It includes studies in criticism and literary history as well as analyses of the social and political dimensions of literature and culture It offers contributions by scholars who have rediscovered once significant authors genres or modes of production and consumption reevaluated canonical texts or explored other forms of expression such as journalism or diaries **American Political Culture** Michael Shally-Jensen, Mark J. Rozell, Ted G. Jelen, 2015-04-28 This all encompassing encyclopedia provides a broad perspective on U S politics culture and society but also goes beyond the facts to consider the myths ideals and values that help shape and define the nation Demonstrating that political culture is equally rooted in public events internal debates and historical experiences this unique three volume encyclopedia examines an exceptionally broad range of factors shaping modern American politics including popular belief political action and the institutions of power and authority Readers will see how political culture is shaped by the attitudes opinions and behaviors of Americans and how it affects those things in return The set also addresses the issue of American exceptionalism and examines the nation s place in the world both historically and in the 21st century Essays cover pressing matters like congressional gridlock energy policy abortion politics campaign finance Supreme Court rulings immigration crime and punishment and globalization Social and cultural issues such as religion war inequality and privacy rights are discussed as well Perhaps most intriguingly the encyclopedia surveys the fierce ongoing debate between different political camps over the nation s historical development its present identity and its future course By exploring both fact and mythology the work will enable students to form a broad yet nuanced understanding of the full range of forces and issues affecting and affected by the political process **Literature and Politics in the 1620s** P. Salzman, 2014-07-31 Literature and Politics in the 1620s argues that literature during this decade was inextricably linked to politics whether oppositional or authoritarian A wide range of texts are analyzed from Shakespeare s First Folio to Middleton s A Game At Chess from romances and poetry to sermons tracts and newsbooks *Literary Politics* D. Philips, K. Shaw, 2013-10-17 Literary Politics identifies and debates competing definitions of English Studies as an academic subject celebrates the diversity of contemporary literary studies and demonstrates the ways in which a range of literary texts can be understood as politically engaged sometimes in unexpected ways French Cultural Politics and Music Jane F. Fulcher, 1999-01-14 This book draws upon both musicology and cultural history to argue that French musical meanings and values from 1898 to 1914 are best explained not in terms of contemporary artistic movements but of the political culture During these years France was undergoing many subtle yet profound political changes Nationalist leagues forged new modes of political activity as Jane F Fulcher details in this important study and thus the whole playing field of political action was

enlarged Investigating this transitional period in light of several recent insights in the areas of French history sociology political anthropology and literary theory Fulcher shows how the new departures in cultural politics affected not only literature and the visual arts but also music Having lost the battle of the Dreyfus affair legally at least the nationalists set their sights on the art world for they considered France's artistic achievements the ideal means for furthering their conception of French identity French Cultural Politics and Music From the Dreyfus Affair to the First World War illustrates the ways in which the nationalists effectively targeted the music world for this purpose employing critics educational institutions concert series and lectures to disseminate their values by way of public and private discourses on French music Fulcher then demonstrates how both the Republic and far Left responded to this challenge using programs and institutions of their own to launch counterdiscourses on contemporary musical values Perhaps most importantly this book fully explores the widespread influence of this politicized musical culture on such composers as d'Indy Charpentier Magnard Debussy and Satie By viewing this fertile cultural milieu of clashing sociopolitical convictions against the broader background of aesthetic rivalry and opposition this work addresses the changing notions of tradition in music and of modernism itself As Fulcher points out it was the traditionalist faction not the Impressionist one that eventually triumphed in the French musical realm as witnessed by their defeat of Stravinsky's Rite of Spring

Ideological Messaging and the Role of Political Literature

Çakırtaş, Önder, 2017-03-20 There are many avenues for displaying political agendas with a prominent one being literature Through literature the voices of political parties and ideals can enlighten those in the present and can even be preserved for centuries to come Ideological Messaging and the Role of Political Literature provides a detailed study of how contemporary political messages are portrayed and interpreted via the written word Featuring relevant coverage on topics such as literary production women in politics identity and travel politics this publication is an in depth analysis that is suitable for academicians students professionals and researchers that are interested in discovering more about political messages and their effects on society

Public Access Michael Berube, 1994-06-17 In the years of the Reagan Bush era the controversy over political correctness erupted on American campuses spreading to the mainstream media as right wing pundits like Dinesh D Souza and Roger Kimball prosecuted their publicity campaign against progressive academics Michael Berube's brilliant new book explains how and why the political correctness furor emerged and how the right's apparent stranglehold on popular opinion about the academy can be loosened Traversing the terrain of contemporary cultural criticism Berube examines the state of cultural studies the significance of postmodernism the continuing debate over multicultural curricula and the recent revisions of literary history in American studies Also included is Berube's witty and self-deprecating autobiographical reflection on why interpretive theory has emerged as an indispensable part of education in the humanities over the past decade Public Access insists that academics must exercise more responsibility towards the publics who underwrite but often misunderstand their work and its significance Taken seriously as a potential audience Berube argues

such publics can be weaned from their present inclination to believe the distortions and half truths peddled by the right s ideologues The goal of such public access criticism is not just a better environment for teachers and scholars but a world in which education itself achieves its proper place in a society committed to equality of opportunity and true critical thinking

Poetry and Politics in the English Renaissance David Norbrook,2002 This title establishes the radical currents of thought shaping Renaissance poetry civic humanism and apocalyptic Protestantism The author shows how Elizabethan poets like Sidney and Spenser often seen as conservative monarchists responded powerfully if sometimes ambivalently to radical ideas Literature, Politics and National Identity Andrew Hadfield,1994-06-23 A challenging reinterpretation of the

sixteenth century through the work of major writers of the time **Writings...political, Judicial and Literary L.**

Woodbury,Charles Levi Woodbury,1852

Female Performers in British and American Fiction Barbara

Straumann,2018-05-22 The female performer with a public voice constitutes a remarkably vibrant theme in British and American narratives of the long nineteenth century The tension between fictional female performers and other textual voices can be seen to refigure the cultural debate over the voice of women in aesthetically complex ways By focusing on singers actresses preachers and speakers this book traces and explores an important tradition of feminine articulation Drawing on critical approaches in literary studies gender studies and philosophy the book conceptualizes voice for the discussion of narrative texts Examining voice both as a thematic concern and as an aesthetic effect the individual chapters analyse how the actual articulation by female performers correlates with their cultural visibility and agency What this study foregrounds is how women characters succeed in making themselves heard even if their voices are silenced in the end **Encyclopedia of**

Latin American and Caribbean Literature, 1900-2003 Daniel Balderston,Mike Gonzalez,2004 The Encyclopedia of Twentieth Century Latin American and Caribbean Literature 1900 2003 draws together entries on all aspects of literature including authors critics major works magazines genres schools and movements in these regions from the beginning of the twentieth century to the present day With more than 200 entries written by a team of international contributors this Encyclopedia successfully covers the popular to the esoteric The Encyclopedia is an invaluable reference resource for those studying Latin American and or Caribbean literature as well as being of huge interest to those folowing Spanish or Portuguese language courses The Emergence and Scope of the Voice of Government Mordecai Lee,2023-03-21 Nowadays

we all tend to be annoyed by bureaucracy and by propaganda if only because both touch our daily lives This book examines the intersection of those two subjects external communications emanating from government agencies When bureaucracies communicate with us directly or via the news media are we being bombarded with self serving propaganda or with helpful information to improve our lives Perhaps it is a mash up of both purposes This book examines the scope uses and history of government communications Topics of discussion include digital government disaster communication relations between the media and government agency spokespersons democratic reporting to the citizenry wartime public relations PR and how US

presidents and the US Congress treated bureaucratic PR. Several chapters are historical case studies such as about an astronaut who became US Assistant Secretary of State for Public Affairs. In addition, two chapters examine President Nixon's record while in a more light-hearted vein, another presents the pop culture image of government spokespersons in movies. The book concludes with the origins of the academic study of external communications in public administration.

Women, Politics, and the Irish Public Sphere in the Age of Revolution Catriona Kennedy, 2025-04-28

The late eighteenth century age of revolutions has long been identified as a key moment in the gendering of modern democratic politics, one which opened up new debates on the rights of women while often reaffirming the masculinity of the political citizen. In Ireland, the revolutionary era saw the rise of the radical United Irish movement, mass popular mobilisation, and reached a violent denouement in the 1798 rebellion. But what did Ireland's age of revolution mean for women? Was radical republicanism able to imagine women as political actors? How did Irish women experience and navigate the intense ideological conflicts of the 1790s? Addressing these and related questions, this is the first book-length study of women and Irish politics in the late eighteenth century. Revising a stubborn tendency to present women's political engagements in this period as largely mediated through men, it stresses instead women's concerns, initiatives, and networks. It reconstructs the distinctively gendered political cultures of Ireland's principal communities: the dynastic politics of the Protestant elite, the dynamic oppositional culture of Belfast Presbyterianism, the urban and agrarian radicalism of unpropertied Catholics, and asks how these shaped the meanings of the 1790s for women. In looking beyond the homosocial spaces of the club, pub, lodge, and corps, it reveals a complexly gendered public sphere in which women were often active participants. As the subjects of United Irish addresses, religious sermons, state surveillance, and post-rebellion commemoration, women emerge as a clear if overlooked constituency in Ireland's age of revolution. And it suggests how our understanding of revolution might change when viewed from the perspective of women.

Development-Induced Displacement and Resettlement Irge Satiroglu, Narae Choi, 2015-04-10

Every year, millions of people are displaced from their homes, livelihoods, and communities due to land-based development projects. There is no limit to what can be called a development project. They can range from small-scale infrastructure or mining projects to mega hydropower plants, can be public or private, well-planned or rushed into. Knowledge of development-induced displacement and resettlement (DIDR) remains limited even after decades of experience and research. Many questions are yet unanswered: What is success in resettlement? Is development without displacement possible, or can resettlement be developmental? Is there a global safeguard policy, or do we need an international right not to be displaced? This book revisits what we think we know about DIDR. Starting with case studies that challenge some of the most widespread preconceptions, it goes on to discuss the ethical aspects of DIDR. The book assesses the current laws, policies, and rights governing the sector and provides a glimpse of how the displaced people defend themselves in the absence of effective governance and safeguard mechanisms. This book is a valuable resource for students and researchers in development studies.

population and development and migration and development Biographical, Literary, Political V3 John Almon,2009-03 In Three Volumes This scarce antiquarian book is included in our special Legacy Reprint Series In the interest of creating a more extensive selection of rare historical book reprints we have chosen to reproduce this title even though it may possibly have occasional imperfections such as missing and blurred pages missing text poor pictures markings dark backgrounds and other reproduction issues beyond our control Because this work is culturally important we have made it available as a part of our commitment to protecting preserving and promoting the world s literature *A Critical Theory Of Public Life* Ben Agger,2013-10-31 This text collects together Ben Agger s essays on the origins significance and applications of critical theory a perspective associated with the Frankfurt School The essays address a variety of topics including the viability of Marxist theory and new social movements *The Social Imagination of the Romantic Wife in Literature* Linda L. Reesman,2024-11-22 The emergence of social change in the daily lives of English society appeared most noticeably through the Romantic era response of human emotions to a period of reason that has defined the era of Enlightenment scientifically and philosophically Remarkably the dramatic political shift that occurred in 1789 from a French monarchy to a constitutional democracy foreshadowed social changes to the family unit that were more slowly evolving throughout England during the eighteenth century An intellectual movement to educate all members of society strengthened efforts to loosen ecclesiastical control allowing more secular definitions of social roles to emerge The nature of marriage during this period in England is central to understanding how the marriage covenant became a widely accepted civil contract Examining the sentiments of passion and virtue the dynamics of traditional marriage emerge through newly established perspectives The role of the wife as a Romantic era concept tells the story of two women through their married lives and literary identities The social imagination provides a new perspective on domestic concerns to illuminate a feminine aspect of the literary market through an understanding of the ordinary wife among female writers Moreover a specific focus on marriage virtue and friendship as seen through two relationships examines individuals who define both a traditional and a non conforming approach to their domestic lives Two husbands who were political and religious activists with wives who were atypical domestics were chosen to exemplify the effects of social change on their particular lives and marital roles in an expanding literary world

Distance, Theatre, and the Public Voice, 1750-1850 M. Nuss,2012-12-05 As theatres expanded in the eighteenth and nineteenth centuries the distance between actor and audience became a telling metaphor for the distance emerging between writers and readers Nuss explores the ways in which theatre helped authors imagine connecting with a new mass audience
