Church Advertising, Public Relations and Marketing in Twentieth-Century America John C. Hardin,2022-12-14

This book examines the complex relationship between religion and business in twentieth century America. It is the story of how Christianity's most basic institution, the local church, wrestled with the challenges and compromises of competing in the modern marketplace through adopting the advertising, public relations, and marketing methods of business. It follows these sacred promoters and their critics as they navigated between divinely inspired and consumer demanded. Amid an animated and contentious battleground for principles, practices, and parishioners, John C. Hardin explores the landscape of selling religion in America and its evolution over the twentieth century.

The Complete Book of Everyday Christianity, R. Paul Stevens, Robert Banks, 2018-12-01

I am thrilled to know that *The Complete Book of Everyday Christianity* is being relaunched. A well worn first edition of this book sits next to my office desk and I consult it often. There is no better collection of everyday issues examined from a Christian perspective. A wide variety of topics are addressed with a cleverly balanced combination of academic and practical perspectives informed by thoughtful biblical and theological reflection. This is a wonderfully useful tool. I am pleased that it will be available to resource a new generation of Christians who are eager to understand more about what it means to follow Christ in every aspect of life.

Church, Market, and Media

Marcus Moberg, 2017-07-13

Marcus Moberg offers a new model of religion and religious life in the post war era through focusing on the role of markets and media as vectors of contemporary social and cultural change and therefore institutional religious change. While there is wide agreement among sociologists of religion that there this area is transforming on a global scale, there is less agreement about how these changes should best be approached and conceptualized. In a time of accelerating institutional religious decline, institutional Churches have become ever more susceptible to market associated discourse and language and are ever more compelled to adapt to the demands of the present day media environment. Using discourse analysis, Marcus Moberg tracks how new media and marketing language and concepts have entered Christian thinking and discourse.

Church, Market, and Media develops a framework that approaches changes in the contemporary religious field in direct relation to the changing socioeconomic makeup of contemporary societies on the whole. Through focusing on the impact of markets and media within the contemporary religious setting of mainline institutional Christian churches in the Western world, the book outlines new avenues for further theorizing the study of religious change.
