Pulling Our Own Strings Feminist Humor And Satire:

Pulling Our Own Strings Gloria J. Kaufman, Mary Kay Blakely, 1980 Collects political cartoons comic strips humorous essays and songs that satirize male chauvinism and society's stereotypes of women **Pulling Our Own Strings G.** Kaufman, M. Blakeley, 1990 **A Very Serious Thing** Nancy A. Walker, 1988 Defines why women have been blocked from participating in the mainstream of American comedy yet have overcome hurdles to produce a humor that is sustaining and spells survival for women in society *Performing Marginality* Joanne R. Gilbert, 2004 An academic study of stand up comedy performed by females This will aid in the understanding of power structures in our society How to Tell God from the Devil A. Roy Eckardt, 2018-01-16 How to Tell God From the Devil is the first book to depict the relationship among comedy the Devil and God Drawing from Jewish and Christian theories Eckardt describes comedy as a means to distinguish the divine from the diabolic He presents a thorough critique of efforts throughout history to justify God in the presence of radical evil and suffering How to Tell God From the Devil is a sequel to Eckardt's fascinating earlier study *Sitting in the Earth and Laughing* Eckardt offers a theological vision of the comic and shows its practical use in differentiating God from the Devil The viewpoint presupposed is a special application of the incongruity theory of humor which sees humor as an attempt to deal with inexplicable occurrences Eckardt shows how humor can make faulty explanations tolerable for examining evil and suffering particularly the notion that God can somehow be excused for the terrible evils extant in the world Eckardt critiques dualistic views that make the Devil and God independent sovereign beings and monistic views that try to reduce evil to non being Eckardt holds God to be ultimately responsible for evil in such ways that the only final resolution of evil if there is such is a form of divine comedy Eckardt employs a variety of historical psychological sociological philosophical and theological sources He discusses and assesses such diverse figures as Martin Luther Reinhold Niebuhr Zen Buddhists Conrad Hyers Nancy A Walker Jon D Levenson and Harvey Cox How to Tell God From The Devil is an exceptional work and will be significant and enjoyable for sociologists theologians philosophers and specialists concerned with the study of humor Routledge International Encyclopedia of Women Cheris Kramarae, Dale Spender, 2004-04-16 For a full list of entries and contributors sample entries and more visit the Routledge International Encyclopedia of Women website Featuring comprehensive global coverage of women's issues and concerns from violence and sexuality to feminist theory the Routledge International Encyclopedia of Women brings the field into the new millennium In over 900 signed A Z entries from US and Europe Asia the Americas Oceania and the Middle East the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women's studies to create the new standard work for anyone who needs information on women related subjects **Interwar Women's Comic Fiction** Nicola Darwood, Nick Turner, 2020-01-10 This collection of essays examines the work of five intermodernist writers Some were established authors before the First World War and others continued to write after the Second World War but this book focuses particularly on

their writing between 1918 and 1939 Elizabeth von Arnim Stella Benson Bradda Field Ivy Compton Burnett Stella Gibbons and Winifred Watson had much in common they all wrote novels full of comic moments which often challenged the cultural politics of the interwar period Drawing on the literary and critical contexts of each novel the essays here discuss the use of comic structures that enabled the authors to critique the dominant patriarchal structures of their time and offer an alternative sometimes subversive view of the world in which their characters reside This book contributes to the growing scholarly interest in interwar fiction focusing principally on novelists who have fallen out of public view It widens our understanding both of the authors and of the continuing highly topical debate about interwar women novelists [Look Who's Laugh:Stud/Gender/C](#) Finney,2014-07-10 First Published in 1994 Routledge is an imprint of Taylor Francis an informa company **Sex and Humor** Kinsey Institute for Research in Sex, Gender, and Reproduction,2002 Four important essays on humor and sexuality plus humorous art and artifacts from the collections of The Kinsey Institute **Laughing Feminism** Audrey Bilger,1998 An examination of comedy and feminism in the works of early women British novelists *Gender and Humor* Delia Chiaro,Raffaella Baccolini,2014-05-09 In the mid seventies both gender studies and humor studies emerged as new disciplines with scholars from various fields undertaking research in these areas The first publications that emerged in the field of gender studies came out of disciplines such as philosophy history and literature while early works in the area of humor studies initially concentrated on language linguistics and psychology Since then both fields have flourished but largely independently This book draws together and focuses the work of scholars from diverse disciplines on intersections of gender and humor giving voice to approaches in disciplines such as film television literature linguistics translation studies and popular culture **New York Women of Wit in the Twentieth Century** Sabrina Fuchs Abrams,2023-12-05 Seen as too smart too sassy too sexy and too strident female humorists have been resisted and overlooked New York Women of Wit in the Twentieth Century corrects this tendency focusing on the foremothers of women s humor in modern America who used satire irony and wit as indirect forms of social protest This book focuses on the women who stood on the periphery of predominantly male New York intellectual circles in the twentieth century Sabrina Fuchs Abrams argues that the advent of modernism the women s suffrage movement the emergence of the New Woman and the New Negro Woman and the growth of urban centers in the 1920s and 30s gave rise to a new voice of women s humor one that was at once defiant and conflicted in defining female identity and the underlying assumptions about gender roles in American society Her study gives special attention to the contributions of the satirists Edna St Vincent Millay pseudonym Nancy Boyd Tess Slesinger Dorothy Parker Jessie Redmon Fauset Dawn Powell and Mary McCarthy Grounded in theories of humor feminist and critical race theory and urban studies this book will find an audience among scholars and students interested in women writers feminist humor modern American literature and African American studies *Grace Paley* Jacqueline Taylor,2014-02-19 Grace Paley is a writer s writer admired by both scholars and the reading public for her originality and unique voice In this first book length

study of her work Jacqueline Taylor explores the source of Paley's originality locating it in the way Paley transforms language to create strongly woman centered stories Drawing on interviews with the author as well as the stories themselves Taylor emphasizes Paley's awareness that women's voices have been muted and their stories ignored or left untold in our culture's male oriented dominant discourse She watches Paley in the process of reshaping language at both the semantic and narrative levels to make it express women's perceptions and experiences In Paley's stories it becomes possible to ignore traditional heroic and dramatic themes and instead talk about women and children in such everyday settings as the playground the kitchen and the grocery store Some of the specific techniques Paley uses to accomplish this include identifying and repudiating sexist language in the dominant discourse and redefining ordinary words from the perspective of women At the narrative level Taylor reveals how she draws on women's oral traditions to tell open ended stories that resist rigid beginning middle and end structuring This transformed language enables Paley to construct a social world where woman centered meanings can flourish In her nontraditional stories no single narrator or version of events dominates Anyone can be a storyteller and no one has the last word

Breaking Anonymity The Chilly Collective, 2006-01-01 Across North America a growing body of chilly climate research documents the role played by environmental factors in reproducing gender inequality practices that stereotype exclude and devalue women are persistently powerful forces in creating glass ceilings and maintaining pink ghettos Women academics in North American universities and colleges offer an especially striking case for such research Precisely because of their elite status the accounts now emerging of the chilly climate faced by academic women throw into sharp relief the mechanisms that foster gender inequity throughout North American society Collected in this volume are a number of reports and commentaries on climate issues as they affect women faculty in Canadian universities They include Sheila McIntyre's Memo an account of gender harassment in the context of a law school that was first circulated in 1986 two reports by and about women faculty at the University of Western Ontario that were inspired by McIntyre's Memo accounts of the reactions of male colleagues the administration and the media to climate studies and several chapters that critically reframe the discussion of chilly climate

practices in terms of questions of race and sexual identity Taken together these reports and discussions demonstrate the importance of addressing the environmental roots of women s continuing inequity both within and outside contemporary academia They communicate specific experiences which testify to the existence of a chilly climate in our universities and call into question any supposition that women and men have achieved equity to the degree that they could be said to work in the same environment in these institutions

Femininity, Feminism and Gendered Discourse Janet Holmes,Meredith Marra,2010-08-11 The chapters in this book illustrate a range of cutting edge research in language and gender studies with contributions from a number of internationally recognised experts The three themes femininity feminism and gendered discourse are central to research in language and gender and the book thus makes a valuable contribution to a number of current debates Femininity comprises a central aspect of gender performance and the process of gendering individuals is on going and unavoidable For many people the word femininity has associations with frilly pink party dresses with demureness deference and lack of power and influence The first section of this book demonstrates some alternative conceptions of femininity and a range of ways in which femininity is performed in different contexts and cultures The analyses illustrate that we are all continually performing aspects of femininity and masculinity in flexible dynamic ambiguous predictable and unpredictable ways Language and gender research has a long tradition of engagement with the political and specifically with feminism and feminist goals The chapters in the second section of this book demonstrate the value of identifying gendered patterns in order to challenge their potentially repressive effects in social interaction in a range of spheres The researchers analyse contemporary international evidence of sexism in language use including material from Japanese spam emails expressing sexual desire and from media reporting on male and female candidates in the 2007 French elections The final section of this book focuses on the different ways in which we negotiate our gender through discourse Gender is just one of many facets of our intrinsically hybridized social identities Nevertheless it is a very significant facet a salient dimension in everyday life with a pervasive social influence on everything we do and say Interaction is typically viewed through gendered spectacles much of the time The chapters in the third section focus in detail on diverse ways in which gender is constructed through discourse examining the interaction between individual agency and the larger constraining social structures including socio cultural norms within which that agency is enacted Finally the different contributions in this book represent research from a multiplicity of geographic and cultural backgrounds supporting efforts to internationalise language and gender research and to raise awareness of empirical studies undertaken in a wide range of linguistic and cultural contexts
