Pumpkins Of Time A Story For A Field:

The Storytime Handbook Nina Schatzkamer Miller, 2014-01-27 Fresh fun ideas for children's storytime fill this book. The author, a long-time storytime facilitator, has put together 52 weekly themes plus additional plans for holidays, all with detailed instructions for talking about the theme and choosing the books, crafts, songs, poems, games, and snacks. Each storytime idea is illustrated with photographs of a suggested craft and snack for easy reference. Libraries, bookstores, preschools, and parents alike can use this book to offer themed storytimes that include discussion, literature, art, music, movement, and food. Options are provided for each storytime so the ideas can be used year after year. *Transforming Preschool Storytime* Betsy Diamant-Cohen, Melanie A. Hetrick, 2013-06-18 According to recent research, the best way to make new connections in a child's brain is by building on something already known. A child who loves a book will listen to it repeatedly, maintaining interest. Using a selected book in a number of consecutive preschool storytimes but presenting it differently each time can help children learn new skill sets. This book presents a new approach to storytime, one that employs repetition with variety to create an experience which helps children connect and engage with the story on a higher level. Diamant-Cohen recently awarded the 2013 ASCLA Leadership and Professional Achievement Award, and Hetrick offers a year's worth of activities specifically designed to address multiple intelligences through a repetition-based process. Incorporating recent theories on developmental learning, this book includes Scripts for 8 different books with enough activities to repeat each one for six weeks, along with lists of optional alternative books. Planning aids such as outlines of storytime sessions, a fill-in-the-blanks planning sheet, questions for evaluation, and tips for enhanced storytimes using props and crafts. Detailed but straightforward explanations of theory and research that will help readers communicate effectively with parents, caregivers, and other stakeholders. From setup to execution, here's everything you need to create and implement a successful, elevated storytime.
