Punch On Europe:

Europe Without Baedeker Edmund Wilson, 1966 First published in 1947 Edmund Wilson's Europe without Baedeker returns to print with personal notes from the preeminent author critic This volume provides an informative and vivid account of postwar Europe in the countries of Italy Greece and England as well as diary entries from Wilson's many travels The author in measured often seductive prose makes a telling thoughtful profile of the places visited the people seen and leaves in the mind a distressing picture to contemplate Kirkus Reviews **Punch on Europe** Amanda-Jane Doran, 1992

Materializing Gender in Eighteenth-Century Europe Heidi A. Strobel, 2017-07-05 Art history has enriched the study of material culture as a scholarly field This interdisciplinary volume enhances this literature through the contributors' engagement with gender as the conceptual locus of analysis in terms of femininity masculinity and the spaces in between Collectively these essays by art historians and museum professionals argue for a more complex understanding of the relationship between objects and subjects in gendered terms The objects under consideration range from the quotidian to the exotic including beds guns fans needle paintings prints drawings mantillas almanacs reticules silver punch bowls and collage These material goods may have been intended to enforce and affirm gendered norms however as the essays demonstrate their use by subjects frequently put normative formations of gender into question revealing the impossibility of permanently fixing gender in relation to material goods concepts or bodies This book will appeal to art historians museum professionals women's and gender studies specialists students and all those interested in the history of objects in everyday life **Scenes and Sketches in Continental Europe**, 1847 *Imaging and Mapping Eastern Europe* Katarzyna

Murawska-Muthesius, 2021-05-10 *Imaging and Mapping Eastern Europe* puts images centre stage and argues for the agency of the visual in the construction of Europe's east as a socio-political and cultural entity This book probes into the discontinuous processes of mapping the eastern European space and imaging the eastern European body Beginning from the Renaissance maps of Sarmatia Europea it moves onto the images of women in ethnic dress on the pages of travellers' reports from the Balkans to cartoons of children bullied by dictators in the satirical press to Cold War cartography and it ends with photos of protesting crowds on contemporary dust jackets Studying the eastern European iconosphere leads to the engagement with issues central for image studies and visual culture word and image relationship overlaps between the codes of othering and self-fashioning as well as interaction between the diverse modes of production specific to cartography travel illustrations caricature and book cover design This book will be of interest to scholars in art history visual culture and central Asian Russian and Eastern European studies Punch, 1860 *Folk Heroes and Heroines around the World* Graham Seal, Kim Kennedy White, 2016-03-14 This comprehensive collection of folk hero tales builds on the success of the first edition by providing readers with expanded contextual information on story characters from the Americas to Zanzibar Despite the tremendous differences between cultures and ethnicities across the world all of them have folk heroes and heroines real and

imagined that have been represented in tales legends songs and verse These stories persist through time and space over generations even through migrations to new countries and languages This encyclopedia is a one stop source for broad coverage of the world s folk hero tales Geared toward high school and early college readers the book opens with an overview of folk heroes and heroines that provides invaluable context and then presents a chronology The book is divided into two main sections the first provides entries on the major types and themes the second addresses specific folk tale characters organized by continent with folk hero entries organized alphabetically Each entry provides cross references as well as a list of further readings Continent sections include a bibliography for additional research The book concludes with an alphabetical list of heroes and an index of hero types *Asian Punches* Hans Harder, Barbara Mittler, 2013-06-24 This book deals with Punches and Punch like magazines in 19th and 20th century Asia covering an area from Egypt and the Ottoman Empire in the West via British India up to China and Japan in the East It traces an alternative and largely unacknowledged side of the history of this popular British periodical and simultaneously casts a wide reaching comparative glance on the genesis of satirical journalism in various Asian countries Demonstrating the spread of both textual and visual satire it is an apt demonstration of the transcultural trajectory of a format intimately linked to media bound public spheres evolving in the period concerned **Punch** Henry Mayhew, Mark Lemon, Tom Taylor, Shirley Brooks, Francis Cowley Burnand, Owen Seaman, 1899 Mr. Punch's History of Modern England Vol. III—1874-1892 (of 4) (Illustrations) Charles Larcom Graves, 2014-11-25 Example in this ebook PART I THE NATIONAL OUTLOOK HIGH POLITICS The pageant of the Victorian age reached its grand climacteric in the period on which we now enter As a drum and trumpet chronicle the history of the eighteen years from 1874 to 1892 was void of any British military operations on the grand scale Of the names Kandahar Maiwand Isandhlwana Majuba Khartoum and Tel el Kebir only the first and last minister to our complacency Yet the achievements of Lord Roberts in the two Afghan campaigns were splendid examples of bold leadership and British endurance and Lord Wolseley s suppression of the revolt of Arabi was more than efficient In the mid seventies Germany came perilously near forcing a fresh war on France but the influence of the British Crown and Government was largely instrumental in averting the calamity We were twice on the verge of war with Russia in 1878 first in April after the Treaty of San Stefano at the close of the Russo Turkish war and second in July over Russia s intervention in Afghanistan The country was divided for while there had been a revival of the old distrust of Russia Gladstone had thrown the whole weight of his influence into the campaign of protest against the Bulgarian atrocities The Government on the whole steered a middle course between the Jingoism and those who supported Gladstone s bag and baggage policy towards the Turks At the height of the Tory Press campaign against Russia Lord Salisbury in a speech in the City observed It has been generally acknowledged to be madness to go to war for an idea but it is yet more unsatisfactory to go to war against a nightmare Punch who was never pro Russian but at the moment was strongly anti Turk interpreted this saying as a caution against Jingo scaremongering In one of the

earliest of his cartoons on the possibility of war over the Eastern question he represented Disraeli standing on the edge of a precipice with Britannia asking her to move just a leetle nearer Britannia declines to move one inch farther adding I m a good deal nearer than is pleasant already But four months later in May 1878 when he showed Britannia between two advisers Disraeli and Bright the former wearing a sword camouflaged with an olive wreath Punch supported neither but applauded the third Voice that of Neutrality Professorial intervention he resented strongly and severely rebuked Freeman the historian for a violent and unpatriotic speech In fine he was equally down on the blatant bunkum of the music halls and the ill considered agitation of fussy Pacificists on War Donkeys and Peace Donkeys Asses are asses whether bound in Lion or in Calf But if in Europe Great Britain never got beyond the stage of naval demonstrations and the summoning of troops from India these eighteen years were not devoid of great as well as spectacular events They opened with the triumphant return to power of Disraeli admirably symbolized in Tenniel s great cartoon of the chariot driver and his fallen rival and with his efforts to translate into practical politics his grandiose doctrines of Imperialism He made the Queen Empress of India he riveted our hold on the Suez Canal by the opportune purchase of the Khedive s shares in 1875 he claimed to have brought back Peace with Honour from the Berlin Congress of 1878 the year which marked the zenith of his power and the beginning of its decline The twelve years that followed Gladstone s success at the polls in 1880 were crowded with momentous events the rise and ferment of the new nationalities abroad the advent of new champions and gladiators in the political arena at home Parnell and Randolph Churchill and Chamberlain To be continue in this ebook

European Business,

Dictatorship, and Political Risk, 1920-1945 Christopher Kobrak,Per H.
