The Fall of Carthage Adrian Goldsworthy, 2012-08-30 The struggle between Rome and Carthage in the Punic Wars was arguably the greatest and most desperate conflict of antiquity The forces involved and the casualties suffered by both sides were far greater than in any wars fought before the modern era while the eventual outcome had far reaching consequences for the history of the Western World namely the ascendancy of Rome An epic of war and battle this is also the story of famous generals and leaders Hannibal Fabius Maximus Scipio Africanus and his grandson Scipio Aemilianus who would finally bring down the walls of Carthage **Between Rome and Carthage** Michael P. Fronda, 2010-06-10 Hannibal invaded Italy with the hope of raising widespread rebellions among Rome's subordinate allies Yet even after crushing the Roman army at Cannae he was only partially successful Why did some communities decide to side with Carthage and others to side with Rome This is the fundamental question posed in this book and consideration is given to the particular political diplomatic military and economic factors that influenced individual communities decisions Understanding their motivations reveals much not just about the war itself but also about Rome's relations with Italy during the prior two centuries of aggressive expansion The book sheds new light on Roman imperialism in Italy the nature of Roman hegemony and the transformation of Roman Italy in the period leading up to the Social War It is informed throughout by contemporary political science theory and archaeological evidence and will be required reading for all historians of the Roman Republic *Unplanned Wars* B. Charles River,2020-09-21 Includes pictures Includes online resources and a bibliography for further reading Rome and Carthage rarely could maintain peace after the end of the 4th century BCE As the two most powerful civilizations in the western Mediterranean they were destined to clash curse or not Roman historians placed the foundation of Carthage at approximately 814 BCE several decades before Rome The settlers of Carthage were of Phoenician descent tracing their ancestry back to the great city of Tyre on the southern coast of Lebanon but Carthage soon transformed from a minor Phoenician colony into the capital of its own growing civilization The city itself was well positioned for shipping and it soon dominated maritime trade Along with that the Carthaginians built a powerful and well trained navy whose protection combined with its strategic location made the city of Carthage a formidable prospect to attack At its height Carthage housed several hundred thousand inhabitants living under a republican governmental system operated by the Carthaginian Senate As Carthage grew it began to expand conquering by sea and establishing new colonies to improve trade networks One of the Carthaginians key objectives was Sicily Certain foreign policy decisions led to continuing enmity between Carthage and the burgeoning power of Rome and what followed was a series of wars which turned from a battle for Mediterranean hegemony into an all out struggle for survival Although the Romans gained the upper hand in the wake of the First Punic War Hannibal brought the Romans to their knees for over a decade during the Second Punic War While military historians are still amazed that he was able to maintain his army in Italy near Rome for nearly 15 years scholars are still puzzled over some of his decisions including why he never attempted to march on Rome in the first place After the serious threat Hannibal posed during the Second Punic War the Romans didn't wait much longer to take the fight to the Carthaginians in the Third Punic War which ended with Roman legions smashing Carthage to rubble As legend has it the Romans literally salted the ground upon which Carthage stood to ensure its destruction once and for all Despite having a major influence on the Mediterranean for nearly five centuries little evidence of Carthage's past might survives The city itself was reduced to nothing by the Romans who sought to erase all physical evidence of its existence and though its ruins have
