Institute for Scientific Information, 2001 Forthcoming Books Rose Arny, 2002 Puntos de partida: an Invitation to Spanish Knorre, 2001-01-01 Puntos de partida offers the most teacher and student friendly textbook on the market as well as a host of exciting new features most notably a state of the art Instructor Edition This Instructor Edition offers more teaching apparatus than any other introductory Spanish book on the market An enlarged trim size extensive annotations and other special features sets Puntos de partida apart from every book on the market both physically and because of the breadth and quality of the marginal annotations **Punto y aparte: Expanded Edition** Sharon Foerster, Anne Lambright, 2010-08-12 Punto y aparte Expanded Edition moves your students beyond learning about the Spanish language to actually using their Spanish in natural meaningful contexts With Punto y aparte Expanded Edition students develop more confidence for communication and begin to think critically about language and culture This is achieved by focusing on seven communicative functions and the grammar structures that support them These communicative functions appear at the beginning of the text and are recycled throughout providing opportunities for review in different contexts Since this is not the typical linear march through grammar one structure at a time students are able to begin using language in a way that is creative and allows for natural language production As the title suggests Punto y aparte Expanded Edition puts students on a successful path from simple phrases to more extensive paragraph length discourse Built on the successful foundation of Punto y aparte the best selling brief intermediate level text the Expanded Edition offers more grammar practice expanded vocabulary and a greater variety of cultural contexts providing ample material for one year intermediate courses while maintaining the flexibility to be used in shorter courses as well Because students come to Intermediate Spanish with disparate levels of language learning experience and proficiency more challenging grammar receives less focus in the first half of the program allowing instructors to tailor the program to their course depending on student level Metas: Spanish in Review, Moving Toward Fluency Sharon Foerster, Anne Lambright, 2007-03-22 Metas is an exciting new version of the best selling intermediate Spanish textbook Punto y aparte created in response to requests from reviewers for a version of Punto y aparte with enough material to be used over the entire second year Metas achieves this goal by essentially doubling the amount of material in each of the six main chapters of Punto y aparte originally designed as a fourth semester book and then by dividing each of these expanded chapters now called Unidades in Metas into two self contained sections Cap tulo A and Cap tulo B to make the amount of material more manageable Thus Metas offers the same 12 unit structure found in most intermediate Spanish textbooks 6 units x 2 chapters each 12 manageable chapters In terms of grammar Metas focuses on key grammatical structures los puntos clave critical to the seven communicative functions or goals las siete metas comunicativas that are central to intermediate level study The seven communicative functions are Description Descripci n Comparison Comparaci n Reactions and recommendations Reacciones y recomendaciones Narrating in the past Narraci n en el pasado Talking about preferences Hablar de los gustos Hypothesizing Hacer hip tesis Talking about the future Hablar del futuro By organizing the

text around key grammatical structures Metas retains the framework of Punto y aparte resulting in a logical and manageable progression Additionally the continual reinforcement and recycling of all seven communicative functions offer students many opportunities to communicate produce and create with the language rather than to simply review the scope and sequence of Spanish grammar of their first year course *Looseleaf for Punto y aparte: Expanded Edition* Sharon Foerster, Anne Lambright, 2011-04-12 Punto y aparte Expanded Edition moves your students beyond learning about the Spanish language to actually using their Spanish in natural meaningful contexts With Punto y aparte Expanded Edition students develop more confidence for communication and begin to think critically about language and culture This is achieved by focusing on seven communicative functions and the grammar structures that support them These communicative functions appear at the beginning of the text and are recycled throughout providing opportunities for review in different contexts Since this is not the typical linear march through grammar one structure at a time students are able to begin using language in a way that is creative and allows for natural language production As the title suggests Punto y aparte Expanded Edition puts students on a successful path from simple phrases to more extensive paragraph length discourse Built on the successful foundation of Punto y aparte the best selling brief intermediate level text the Expanded Edition offers more grammar practice expanded vocabulary and a greater variety of cultural contexts providing ample material for one year intermediate courses while maintaining the flexibility to be used in shorter courses as well Because students come to Intermediate Spanish with disparate levels of language learning experience and proficiency more challenging grammar receives less focus in the first half of the program allowing instructors to tailor the program to their course depending on student level **Punto y aparte** Sharon Foerster, Anne Lambright, 2010-01-21 Punto y aparte moves your students beyond learning about the Spanish language to actually using their Spanish in natural meaningful contexts With Punto y aparte students develop more confidence for communication and begin to think critically about language and culture This is achieved by focusing on seven communicative functions and the grammar structures that support them These communicative functions appear at the beginning and are recycled throughout providing opportunities for review in different contexts Since this is not the typical linear march through grammar one structure at a time students are able to begin using language in a way that is creative and allows for natural language production Ultimately students will move easily from simple sentence level discourse to paragraph length discourse The title itself makes reference to this progression since it is the Spanish expression for the beginning of a new paragraph punto y aparte *Workbook/Laboratory Manual for Punto y aparte: Expanded Edition* Sharon Foerster, Anne Lambright, 2010-09-14 Punto y aparte Expanded Edition moves your students beyond learning about the Spanish language to actually using their Spanish in natural meaningful contexts With Punto y aparte Expanded Edition students develop more confidence for communication and begin to think critically about language and culture This is achieved by focusing on seven communicative functions and the grammar structures that support them These communicative
