There s also the reality that your puppy won t have sufficient bladder and bowel controls before he s 16 weeks of age Quite simply he s unable to hold it for extensive periods so you have to be extra vigilant in that period But that doesn t indicate that you can t start house training her as soon as he put paws inside your home It simply means that you need to expect your pup to have a handful of accidents But don t fret this Dog Potty Training Log features a tracking system you ll need to deal with these little mishaps and record how puppy is doing Some people think housebreaking is as simple as just keeping the dog on a regular eating drinking and potty outing routine where he is taken out every few hours Or they believe the dog will be fully house trained within a week or two The truth is they may even come inside the house soon after an extensive playtime or exercise and relieve themselves on the costly rug This is because toilet training isn t just about teaching where to go It s also about making it clear that other areas are unacceptable until going potty only in the right spot turns into a habit Dog Potty Training Journal Contents 6X9 inches Fits Easily Into Purse or Backpacks 100 Pages of Prompts Date Time Urinate Bowel Movement Location Accident Notes Makes A Great Gift For New Puppy Owners Adult Dog Owners Pet Lovers Housetraining Puppies Housewarming Gift Dog Lovers of all Kinds
