Fossil Insects of the Purbeck Limestone Group of Southern England Robert A. Coram, James E. Jepson, 2012 This monograph brings together research which spans over 150 years and provides an up to date account of our knowledge of the Purbeck insect fauna The geological setting of the Purbeck Limestone Group is discussed along with the palaeoenvironments in which the insects lived and the factors that affected their preservation A complete annotated and fully referenced systematic list of both described and recorded fossil insects from the Purbeck has been compiled illustrated with numerous photographs and drawings A detailed examination of both the terrestrial and aquatic environments Information on habitat preferences feeding strategies and predator prey relationships have been interpreted from the fossil insects and other organisms found within these rocks Should be of interest to both amateur and professional entomologists and palaeontologists

Conservation of Building and Decorative Stone John Ashurst, Francis G. Dimes, 1998 One of the problems which beset the conservation of stone buildings is the fragmentation of the disciplines involved This book brings these disciplines together by the involvement of contributors with different experiences approaches

Conservation of Building and Decorative Stone F G Dimes, J. Ashurst, 2007-11-02 One of the problems which beset the practical conservation of stone buildings is the fragmentation of the disciplines involved This book with both volumes now available as one invaluable paperback brings these disciplines together by the involvement of contributors with different experiences and approaches to the same material Part one is an introduction to the complexities and background history of stone conservation followed by the most comprehensive description yet produced of the building and decorative stones used in the British Isles In part two practitioners involved in stone conservation describe ways in which

major structural masonry problems secondary building problems and different stone surface conditions may be treated A variety of building types and environments has been used to ensure that the broad scope of common problems is covered This second part of the book will be of practical value to art historians archaeologists architects surveyors and engineers masonry contractors and sculpture conservators in solving problems and in learning to use each other s skills and experience

Screen plays Amanda Wrigley, John Wyver, 2022-04-05 *Screen plays* is a ground breaking collection that chronicles the rich and surprising history of stage plays produced for the small screen between 1930 and the present The volume opens with a substantial historical outline of how plays originally written for the theatre have been presented by the BBC and ITV as well as independent producers and cultural organisations Subsequent chapters utilise a variety of critical methodologies to analyse a wide range of outside broadcasts from theatres screen adaptations of existing stage productions along with original television productions of classic and contemporary drama Making a compelling case for the centrality of the theatre to British television s past and present *Screen plays* opens up new areas of research for all those engaged in theatre media and adaptation studies
