Pure Land Pure Mind The Buddhism Of Masters Chuhung And Tsungpen:

Pure Land, Pure Mind Master Chu-hung and Master Tsung-pen, 1994 In what appears to be a long time ago in the summer of 1990 a friend drew our attention to a manuscript anthologizing the teachings of two eminent Chinese masters of the sixteenth century We recall reading through the text with keen interest hoping that it would soon become widely available The matter then skipped our minds as we busied ourselves in the intervening years with editing and publishing the four volume Pure Land Series of the Sutra Translation Committee One thing leading to another in early 1993 we were reminded of the manuscript still unpublished at the time and opened discussions in earnest with the translator Dr J C Cleary One more year would go by however before the matter was finally settled thanks in large part to the assistance of Master Lok To and Mr Lee Tsu ku Causes and conditions having finally met we believe that the reader will find Dr Cleary's translation a lucid and inspiring text on Pure Land a Buddhist tradition widely followed in Asia but little known in the West The present volume contains Dr Cleary's original manuscript except for the section on Master Chu-hung's Answers to Forty Eight Questions on the Pure Land which is being considered for a separate publication Transcription of names is in the Wade Giles system to conform to other works in this Pure Land Series To those pressed for time and hungry for solace Buddha Sakyamuni left behind a treasure trove of 84 000 Dharma gems All of them are rare exquisite and priceless beyond mankind's deepest and wildest dreams Whatever gem strikes your fancy be it the brilliant Zen diamond or the fiery Esoteric ruby do not forget the translucent green jade of Pure Land bestowed upon Sudhana the quintessential seeker of the Way In the words of the Bodhisattva Samantabhadra Sudhana's fifty third and last teacher in the Avatamsaka Sutra The supreme and endless blessings of Samantabhadra's deeds I now universally transfer May every living being drowning and adrift Soon return to the Land of Limitless Light of Amitabha Buddha

Critical Terms for the Study of Buddhism Donald S. Lopez Jr., 2009-11-15 Over the past century Buddhism has come to be seen as a world religion exceeding Christianity in longevity and according to many philosophical wisdom Buddhism has also increasingly been described as strongly ethical devoted to nonviolence and dedicated to bringing an end to human suffering And because it places such a strong emphasis on rational analysis Buddhism is considered more compatible with science than the other great religions As such Buddhism has been embraced in the West both as an alternative religion and as an alternative to religion This volume provides a unique introduction to Buddhism by examining categories essential for a nuanced understanding of its traditions Each of the fifteen essays here shows students how a fundamental term from art to word illuminates the practice of Buddhism both in traditional Buddhist societies and in the realms of modernity Apart from Buddha the list of terms in this collection deliberately includes none that are intrinsic to the religion Instead the contributors explore terms that are important for many fields and that invite interdisciplinary reflection Through incisive discussions of topics ranging from practice power and pedagogy to ritual history sex and death the authors offer new directions for the understanding of Buddhism taking constructive and sometimes polemical positions in an effort both to demonstrate the shortcomings of assumptions about the religion and the potential power of revisionary approaches Following the tradition of Critical Terms for Religious Studies this volume is not only an invaluable resource for the classroom but one that belongs on the short list of essential books for anyone seriously interested in Buddhism and Asian religions
