Purgatorial Flame Seven British Writers In The Second World War:

British Writers and the Approach of World War II Steve Ellis, 2014-10-27 This book considers the literary construction of what E M Forster calls the 1939 State namely the anticipation of the Second World War between the Munich crisis of 1938 and the end of the Phoney War in the spring of 1940 Steve Ellis investigates not only myriad responses to the imminent war but also various peace aims and plans for post war reconstruction outlined by such writers as T S Eliot H G Wells J B Priestley George Orwell E M Forster and Leonard and Virginia Woolf He argues that the work of these writers is illuminated by the anxious tenor of this period The result is a novel study of the long 1939 which transforms readers understanding of the literary history of the eve of war era [A Purgatorial Flame](#) Sebastian D. G. Knowles, 1990-01-01

British Women Writers of World War II P. Lassner, 1998-03-01 In *British Women Writers of World War II* Phyllis Lassner offers a challenging analysis of politicized literature in which such British women writers as Virginia Woolf Elizabeth Bowen Stevie Smith and Storm Jameson debated the justness of World War II Lassner questions prevailing approaches to women's war writing by exploring the complex range of pacifist and activist literary forms of women who redefined such pieties as patriotism and duty and heroism and victimization *The Cambridge Companion to the Literature of World War II* Marina MacKay, 2009-01-22 The literature of World War II has emerged as an accomplished moving and challenging body of work produced by writers as different as Norman Mailer and Virginia Woolf Primo Levi and Ernest Hemingway Jean Paul Sartre and W H Auden This Companion provides a comprehensive overview of the international literatures of the war both those works that recorded or reflected experiences of the war as it happened and those that tried to make sense of it afterwards It surveys the writing produced in the major combatant nations Britain and the Commonwealth the USA Japan Germany France Italy and the USSR and explores its common themes With its chronology and guide to further reading it will be an invaluable source of information and inspiration for students and scholars of modern literature and war studies **A Companion to the British and Irish Novel, 1945 - 2000** Brian W. Shaffer, 2008-04-15 *A Companion to the British and Irish Novel 1945 - 2000* serves as an extended introduction and reference guide to the British and Irish novel between the close of World War II and the turn of the millennium Covers a wide range of authors from Samuel Beckett to Salman Rushdie Provides readings of key novels including Graham Greene's *Heart of the Matter* Jean Rhys's *Wide Sargasso Sea* and Kazuo Ishiguro's *The Remains of the Day* Considers particular subgenres such as the feminist novel and the postcolonial novel Discusses overarching cultural political and literary trends such as screen adaptations and the literary prize phenomenon Gives readers a sense of the richness and diversity of the novel during this period and of the vitality with which it continues to be discussed **Be a Good Soldier** Jennifer Fraser, 2011-11-12 In the modern era children experiencing grief were encouraged to dry their tears and be good soldiers How was this phenomenon interrogated and deconstructed in the period's literature *Be a Good Soldier* initiates conversation on the figure of the child in modernist novels investigating the demand for emotional suppression as

manifested later in cruelty and aggression in adulthood Jennifer Margaret Fraser provides sophisticated close readings of key works by Joseph Conrad Virginia Woolf and James Joyce among others who share striking concerns about the concept of infancy both as a collection of infants and as foot soldiers of war A phenomenon associated traditionally with Freud Fraser instead uses a unique Derridean theoretical prism to provide new ways of understanding modernist concerns with power dynamics knowledge and meaning *Be a Good Soldier* establishes a pioneering nuanced vocabulary for further historical and cultural inquiries into modernist childhood

Reading London in Wartime William Cederwell, 2017-11-06 *Reading London in Wartime* Blitz the People and Propaganda in 1940s Literature presents an expansive variety of writers and genres including non fiction and film approaches to build a comprehensive social picture of the atmosphere during wartime London From blitz and austerity to the nagging insistency of propaganda this volume examines the representation of London in wartime and early post war literature through each writer s unique perspective on the pressures of 1940s city life Exploring the use of London imagery this book considers how literature redirects attention to individual subjective experience at a time of enforced co operation uniformity and community Unlike government information films and news broadcasts which often used London to prop up prevailing clich s and stereotypes and encouraged patriotic support for the war literature had the freedom to express more recalcitrant truths London writing of the 1940s was not a literature of opposition or dissent but in offering more nuanced depictions of the period it was a counterweight to propaganda and the general war temperament In writing the city becomes a more complex place no longer the easy symbol of defiance and stoicism of the shared sacrifice of ration book and war work

Shakespeare and the Modern Poet Neil Corcoran, 2010-04-01 Shakespeare is a major influence on poets writing in English but the dynamics of that influence in the twentieth century have never been as closely analysed as they are in this important study More than an account of the ways in which Shakespeare is figured in both the poetry and the critical prose of modern poets this book presents a provocative new view of poetic interrelationship Focusing on W B Yeats T S Eliot W H Auden Ted Hughes and Sylvia Plath Neil Corcoran uncovers the relationships combative as well as sympathetic between these poets themselves as they are intertwined in their engagements with Shakespeare Corcoran offers many enlightening close readings fully alert to contemporary theoretical debates This original study of influence and reception beautifully displays the nature of poetic influence both of Shakespeare on the twentieth century and among modern poets as they respond to Shakespeare

The Extinct Scene Thomas S. Davis, 2015-12-08 In 1935 the English writer Stephen Spender wrote that the historical pressures of his era should turn the reader s and writer s attention outwards from himself to the world Combining historical formalist and archival approaches Thomas S Davis examines late modernism s decisive turn toward everyday life locating in the heightened scrutiny of details textures and experiences an intimate attempt to conceptualize geopolitical disorder *The Extinct Scene* reads a range of mid century texts films and phenomena that reflect the decline of the British Empire and seismic shifts in the global political order Davis follows the rise of documentary film

culture and the British Documentary Film Movement especially the work of John Grierson Humphrey Jennings and Basil Wright He then considers the influence of late modernist periodical culture on social attitudes and customs and presents original analyses of novels by Virginia Woolf Christopher Isherwood and Colin MacInnes the interwar travel narratives of W H Auden Christopher Isherwood and George Orwell the wartime gothic fiction of Elizabeth Bowen the poetry of H D the sketches of Henry Moore and the postimperial Anglophone Caribbean works of Vic Reid Sam Selvon and George Lamming By considering this group of writers and artists Davis recasts late modernism as an art of scale by detailing the particulars of everyday life these figures could better project large scale geopolitical events and crises

Mysticism in Postmodernist Long Poems Joe Moffett, 2014-10-28 Written from a literary critic's perspective *Mysticism in Postmodernist Long Poems* borrows insights from Religious Studies and critical theory to examine the role of spirituality in contemporary poetry specifically the genre of the long poem Descending from Whitman's *Song of Myself* the long poem is often considered the American twentieth century equivalent of the epic poem but unlike the epic it carries few generic expectations aside from the fact that it simply must be long This makes the form particularly pliable as a tool for spiritual inquiry The period following World War II is often described as a secular age but spirituality continued as a concern for poets as evidenced by this study These writers look beyond conventional faith systems and instead seek individual paths of understanding they engage in mysticism in other words With chapters on H D and Brenda Hillman Robert Duncan James Merrill Charles Wright and Galway Kinnell and Gary Snyder this study demonstrates how these poets engage the culture of consumption in the postwar years at the same time they search for opportunities for transcendence Not content to throw over the earthly in favor of the otherworldly these poets reject the familiar binary of the worldly and metaphysical to produce distinctive paths of spiritual understanding that fuel what Wright calls a contemplation of the divine

Passage through Hell David L. Pike, 2018-09-05 Taking the culturally resonant motif of the descent to the underworld as his guiding thread David L Pike traces the interplay between myth and history in medieval and modernist literature *Passage through Hell* suggests new approaches to the practice of comparative literature and a possible escape from the current morass of competing critical schools and ideologies Pike's readings of Louis Ferdinand Celine and Walter Benjamin reveal the tensions at work in the modern appropriation of structures derived from ancient and medieval descents His book shows how these structures were redefined in modernism and persist in contemporary critical practice In order to recover the historical corpus of modernism he asserts it is necessary to acknowledge the attraction that medieval forms and motifs held for modernist literature and theory By pairing the writings of the postwar German dramatist and novelist Peter Weiss with Dante's *Commedia* and Christine de Pizan with Virginia Woolf Pike argues for a new level of complexity in the relation between medieval and modern poetics Pike's supple and persuasive reading of the *Commedia* resituates that text within the contradictions of medieval tradition He contends that the Dantean allegory of conversion altered to suit the exigencies of modernism maintains its hold over current literature and theory The

postwar writers Pike treats Weiss Seamus Heaney and Derek Walcott exemplify alternate strategies for negotiating the legacy of modernism The passage through hell emerges as a way of disentangling images of the past from their interpretation in the present Genres of Modernity Dirk Wiemann,2008 Genres of Modernity maps the conjunctures of critical theory and literary production in contemporary India The volume situates a sample of representative novels in the discursive environment of the ongoing critical debate on modernity in India and offers for the first time a rigorous attempt to hold together the stimulating impulses of postcolonial theory subaltern studies and the boom of Indian fiction in English Combining close readings of literary texts from Salman Rushdie to Kiran Nagarkar with a wide range of philosophical sociological and historiographic reflections Genres of Modernity is of interest not only for students of postcolonial literatures but for academics in the fields of Cultural Studies at large **BOOK JACKET Tolkien the Medievalist** Jane Chance,2003-08-27 Interdisciplinary in approach Tolkien the Medievalist provides a fresh perspective on J R R Tolkien s Medievalism In fifteen essays eminent scholars and new voices explore how Professor Tolkien responded to a modern age of crisis historical academic and personal by adapting his scholarship on medieval literature to his own personal voice The four sections reveal the author influenced by his profession religious faith and important issues of the time by his relationships with other medievalists by the medieval sources that he read and taught and by his own medieval mythologizing **I Am in Fact a Hobbit** Perry C. The Wireless Past Emily C. Bloom,2016-11-08 The Oxford Mid Century Studies series publishes monographs in several disciplinary and creative areas in order to create a thick description of culture in the thirty year period around the Second World War With a focus on the 1930s through the 1960s the series concentrates on fiction poetry film photography theatre as well as art architecture design and other media The mid century is an age of shifting groups and movements from existentialism through abstract expressionism to confessional serial electronic and pop art styles The series charts such intellectual movements even as it aids and abets the very best scholarly thinking about the power of art in a world under new techno political compulsions whether nuclear apocalyptic Cold War propagandized transnational neo imperial super powered or postcolonial The Wireless Past chronicles the emergence of the British Broadcasting Corporation BBC as a significant promotional platform and aesthetic influence for Irish modernism from the 1930s to the 1960s This is the first book length study of Irish literary broadcasting on the BBC and situates the works of W B Yeats Elizabeth Bowen Louis MacNeice and Samuel Beckett in the context of the media environments that shaped their works Drawing upon unpublished radio archives this book shows that radio broadcasting rather than prompting a break with literary history and traditional literary forms in fact served as an important means for reinterpreting the legacies of oral and print traditions In the years surrounding World War II radio came to be seen as a catalyst for literary revivals and simultaneously a force for experimentation This double valence of radio the conjoining of revivalism and experimentation create a distinctive radiogenic aesthetics in mid century modernism **Literature of the 1940s** Gill Plain,2013-09-10 This new study rereads the literary response to a decade of trauma and transformation Instead of separating the 1940s into before and after the war it focuses on the entire decade and the themes which emerged from writers involvement in and resistance
